BOARDS AND COMMISSSION

PARKS & RECREATION

Joe Burke reported on the Easter egg hunt and the great use of the comfort station. He thanked the Cheyney and St Josephs University students for their help. He reported that they haven't received any feedback as of yet on the community yard sale which he thought went very well. Upcoming events include the Take 25 event on May 25th at Thornbury Park and the Phillies game on June 15th. Tickets for the game will be available as of June 1st and there are100 tickets for sale with 2 buses providing transportation.
Sheri Perkins asked Joe to explain Take 25. Joe explained it was basically a program about the safety of our children and how to protect them and there will also be food and entertainment.
Chairman Raith asked about communicating these events in the community.

HISTORIC COMMISSION

Ric Miller reported on the historic markers given to the owners of the historic homes on the National Register of Historic Places in the Village of Thornton. They were given out at the THS Annual May Dinner along with the Lukenbach Award which was presented to Mike Payton. Also, they met with members of the Thornbury Township Chester County Historic Commission regarding the Squire Cheyney Farm.

PLANNING COMMISSION

Jim Bulkley reported that they did not meet last session due to lack of quorum. There was a request to require engineers hired for subdivisions to notify surrounding neighbors about land development. The Guilday, Wills, Gricco and and Paaby Subdivisions are ongoing. A Draft Historic Sign Ordinance is in for review.
Vice Chairman Kelly asked why there was a change requested to the Guilday driveway.
Jim Bulkley explained that they thought that the existing drive was to steep.

SEWER COMMITTEE

Ted Jacquet reported that the conceptual study of proposed routings and cost estimates for sewer infrastructure in Fox Lair neighborhood was approved and asked to move forward. Chairman Raith explained the need to seek more info. Ted also reported that the conceptual study of proposed routings and cost estimates for sewer infrastructure in the Gradyville Rd Subdivision was being reviewed and he mentioned a punch list from George Morley.

ENVIRONMENTAL ADVISORY COUNCIL

Al McCann reported their recent trail clearing was a success and their present plans for the next one will be in this Saturday. They also revised their present open space recommendation list.

LIBRARY

Patty Hunsecker was not in attendance

AGENDA ITEMS

Chairman Raith detailed the changes to the plans at 254 Old Gradyville Rd. that the Board had requested. He mentioned the importance of those changes in relation to the riparian buffer and old growth trees. Seeing that the changes had been made, the Board recommended approval of the waivers.

On a motion by James Kelly, seconded by Sheri Perkins, and carried unanimously, the waivers from sections 19-404.1.B, to permit a 40 ft riparian buffer setback from an existing area of wetland, 19-406.1, provisions for an additional 1 ft. of freeboard area for detention facilities, and 22-610 for woodland replacement at 254 Old Gradyville Rd was approved. Chairman Raith called for public comment.
Jim Bulkley asked about the tree replacement waiver. Chairman Raith explained that the waiver was regarding the caliper of tree not the amount.

On a motion by Sheri Perkins, seconded by James Kelly, and carried unanimously, The 2011 Road Program Contract was awarded to A F Damon, Inc. Of Upland, PA, In the amount of $ 87,784.00 for the base bid, and $28,147.00 for alternate #1, for a total of $115,931.00 was approved. Chairman Raith called for public comment. There was no public comment. Chairman Raith added that we are under the liquid fuels allotment for the year.

On a motion by James Kelly, seconded by Sheri Perkins, and carried unanimously, an optional supplemental Health Policy for Thornbury Township employees with Allstate Insurance was approved. Chairman Raith called for public comment.
Jessica Raymond asked if this was in addition to regular health care. Chairman Raith confirmed that it was.

On a motion by Sheri Perkins, seconded by James Kelly, and carried unanimously, a 60 day Extension Request on the "Wills" Subdivision, extending the present action date 60 days, to July 6th, 2011, was approved. Chairman Raith called for public comment. There was no public comment

MANAGER'S REPORT
5-4-11

1. We received a report of a possible sewer main leak at 140 Station road on Thursday April 21, 2011. The leak was confirmed and was repaired by AJ Jurich on Friday morning. The SSO was completed and sent to DEP.
2. I attended Career Day at Bayard Rustin High School on Tuesday April 26, 2011.
3. I attended a COG meeting on April 26th also. The COG is currently in negotiations with a non-profit organization, Dinah's Way, to discuss possible arrangements for boarding of Stray animals.
4. I have a meeting scheduled with Sprint Nextel on Tuesday May 3, to discuss our wireless plan.
5. I received two proposals for the preventative maintenance plan for our generators and I am working on a third before I make any recommendations.
6. I met with representatives of OTM to discuss the proposed development of 254 Old Gradyville Rd.
7. We have received pricing for the movie rights for three of the movies that we are planning to show during our Friday night at the Park events. I would like approval to purchase those at a cost of $550.00 from Swank Motion Pictures.
8. I denied an application for an in-law quarters for a property on Lovalee Lane. The applicant applied for a hearing to the Zoning Hearing board on Monday may2, 2011.
9. I denied an application for an antenna on Andrien Drive. That applicant sent a letter indicating that our zoning was not correct. I forwarded to our solicitor for his review. The applicant will have to take the matter to the Zoning Hearing board.
10. We received notification that Brinton Lake Road will be closed and detoured for two months starting Wednesday, May 11 between Route 1 (Baltimore Pike) and Dilworthtown Road for the rehabilitation of the structurally deficient bridge over Chester Creek in Thornbury Township,

THORNBURY TOWNSHIP
Public Works Department Report – Week Ending April 29, 2011

1. Routine maintenance performed throughout the Township, including mowing and maintenance at all Parks.

2. Replaced the Mini Whirl in Tot Lot at Thornbury Park.

Solicitors Report

May 4, 2011

The Township Solicitor, Robert P. Anderman, Esquire, reports as follows:

I. WEST SIDE SEWER DISTRICT – MORTGAGE RECORDING

The Solicitor has now recorded fifty-four (54) mortgages which represents all of the mortgages given to the Solicitor to record. There are still a number of property owners who have not contacted the Township which will require the filing of a lien against the property when properly authorized by the Board of Supervisors. The Township Staff is presently working with a number of the property owners in order to resolve the matter.

II. CANNON PROPERTY – OPEN SPACE

The Solicitor scheduled settlement on this property for April 12, 2011, however, the seller was unable to clear title on all the objections listed by the Title Company and the settlement had to be postponed until the Title Company receives all of the proper documentation.

III. AQUA WASTERWATER MANAGEMENT LIQUID SLUDGE REMOVAL AND DISPOSAL CONTRACT

The above contract was submitted by Aqua to the Solicitor for review and after reviewing the Contract Documents, Contract Bond and Certificate of Insurance, the Solicitor finds the same to be in proper order and recommends signing by the Chairman.

REPORT OF THE ENGINEER
May Meeting
May 4, 2011

Work completed for the period:

Blantyre - Completing periodic erosion and sedimentation inspections. The Developer has been requested to complete restoration of several disturbed lots.

Mill Creek - All work has been substantially completed. Completing periodic erosion and sedimentation inspections. There is a series of dead trees along the border of the development, in particular at the emergency access. One tree in particular is constricting the access road and needs to be removed. It would appear the tree is not on the Mill Creek property.

Grading and Encroachment Permits - Working with the Township Licenses and Inspections on several permits.

Andover - Completing sedimentation and erosion control inspections. House construction is continuing.

Greenbriar - Dallett V - Orleans is currently completing storm sewer clean out and landscape plantings. There is a conflict of plantings with homeowner installed plantings on Newberry Court. That matter has been resolved.

Cheyney University - The geothermal field work is completed. Topsoil will be spread and sediment basin will be removed upon stabilization. Grading plan revision has been submitted and has been reviewed. No further action.

Joseph Gricco - Received land development plans for a combined driveway for the Locksley Road property. A waiver of the separate driveway requirement is being sought. The applicant has been asked to address this item.

Collins Subdivision - PaDOT comments must be addressed. No further action.

Wills - Plans have been received and reviewed. The Applicant has added a driveway onto Skyline Drive.

Cherry Creek - Met with representatives of the three developers to discuss sidewalk conditions. Developers to prepare a response for the Boards consideration. The Solicitor has forwarded a letter to request resolution of the matter. I am not aware of an resolution.

PaDOT Liquid Fuels - Reviewed PADOT street list for accuracy. A few streets have been added. The Secretary is researching files for deeds of dedication.

Road Program - Bids will be taken May 4, 2011. A motion for the award of that bid will be requested.

Paaby subdivision - Plans for subdivision have been received and reviewed.

Guilday Subdivision - Received revised plan incorporating revisions of the Fire Marshall's review.

Stormwater - Flooding complaint - Widdis - Judith Lane

Glen Mills School - Residences - Purple Martin Drive - completed scope of work and review of revision to the current Land Development. Glen Mills School is proposing to delete 14 homes and associated drive.

Potential Motions:

2011 Road Program

ENGINEER'S REPORT
REGARDING WASTEWATER ISSUES
May 4, 2011

2011 TV SEWER INSPECTIONS
Pipe Services Corporation was notified that they were awarded the TV inspection work for 2011. They are awaiting a significant rain event to schedule the proposed inspections.

2011 SLUDGE HAULING CONTRACT
The Contract Documents have been executed by Aqua Waste Management and were forwarded to the Solicitor on April 26, 2011.

EAST SIDE WWTP
Pennoni is working with DELCORA to develop a list of equipment at the treatment facility that are considered significant electrical users (pumps, blowers, etc.). Once the information has been compiled, it will be forwarded on to the Manager.

EAST SIDE SEWERS
An intermittent sewage leak was reported at 140 Station Road on April 21, 2011. It was determined that the leak was caused by a disconnected cap that was installed on an unconnected lateral. The lateral cap was replaced and a thrust block was installed on April 22, 2011to prevent a future disconnection. Pennoni contacted the DEP and reported the Sanitary Sewer Overflow and prepared/submitted the SSO Report attached.

WEST SIDE SEWERS
Pennoni has prepared feasibility studies for providing sewer service to the residents in the Brinton Lake Colony, along Highpoint Drive, and along Fox Lair Lane. The studies were discussed with the Township Sewer Committee at their meeting on April 28th, 2011. Copies of the proposed alternatives with the associated approximations of costs are attached.

1. Date, Name, Phone # of person completing this report	April 22, 2011 Justin A. Scarth, P.E. 215-222-3000 x7766
2. Your organization name and address ?	Name: Pennoni Associates (Township Sewer Engineer) County: Delaware Address: 6 Township Drive, Cheyney PA 19319-1020 Township/Municipality: Thornbury Township
Sewer system owner and permit number	Thornbury Township
3. Date found and specific location of SSO. Including Municipality/County (if different from #2) ?	Date: 4/21/2011 Municipality: Thornbury Township Location(Street & #): 140 Station Road County: Delaware
4. How was SSO discovered? By whom ?	The soil was wet along the road and was reported to the Township by the Home Owner.
5. Start and end time of SSO (actual or estimate?)	Start: Unknown but estimated April 20, 2011
6. Date, time and name of person who called PADEP originally to notify of SSO ?	Date : April 21, 2011 Time : 5:00 pm Name : Justin A. Scarth, P.E.
7. Description and actual or estimated volume of SSO	Estimated: 100-200 gallons
8. Where, precisely, did SSO go ? (land, roadway, basement, swale, storm sewer, creek, etc) Please include creek name or street location.	The SSO was collected in a swale adjacent to the roadway (140 Station Road). The spilled sewage seeped into the soil.
9. What caused SSO ? How was it stopped ?	A capped lateral connection became disconnected from the low pressure sewer main at a Tee connection. The lateral connection was replaced and a cement block was used as a thrust block to prevent a future disconnection.
10. Describe extent of contamination and how it was cleaned up	The contamination was contained within a swale adjacent to the roadway near the disconnection. The excess sewage was pumped out and hauled away. The remaining and surrounding ground was then stabilized with lime.
11. What actions will be taken to prevent a re-occurrence ? When ?	A cement block was placed against the replacement cap to provide adequate thrust restraint to prevent a future disconnection.
12. Other comments ?	None.
13.Downstream notifications made: (All downstream users such as public water supplies must be notified)	None.

FEASIBILITY REPORT
REGARDING THE WEST SIDE SEWER DISTRICT
April 28, 2011

Feasibility studies were conducted for the Brinton Lake Colony, Highpont Drive and Fox Lair Lane to establish order of magnitude costs to provide sewer service to the residents in each area. The studies focused primarily on the use of low pressure sewers, however gravity sewers were considered for the Brinton Lake Colony area for comparison. Below is a summary of the findings for each respective area.

BRINTON LAKE COLONY

Gravity Sewer Option

- 5,360 LF of 8" PVC
- 21 Manholes
- 400 LF of Low Pressure Sewers
- 42 Gravity Lateral Connections
- Estimated $1,100,000

Low Pressure Sewer Option

- 5,300 LF of HDPE Sewer Main
- 5 Air Release Valves
- 42 Lateral Connections
- Estimated $340,000

HIGHPOINT DRIVE

Low Pressure Sewer Option – Tie-in to the existing low pressure line in Brinton Lake Road.

- 900 LF of HDPE Sewer Main
- 1 Air Release Valve
- 9 Lateral Connections
- Estimated $60,000

FOX LAIR LANE

Low Pressure Sewer Option – Tie-in to the existing gravity sewer in Brinton Lake Road north of Fox Lair Lane.

- 1,550 LF of HDPE Sewer Main
- 1 Air Release Valve
- 9 Lateral Connections
- Estimated $90,000
