THORNBURY TOWNSHIP

Public Works Department Report – Week Ending January 13, 2016

1. Snow events -- see attached report.

2. Washed all equipment. Removed spreaders from trucks. Adjusted feeder chains on both spreaders.

3. Accepted and put away 6 loads of salt (approximately 150 tons) to replace salt used during recent snow events.

4. Looking to schedule a date for 2017 road inspection with the Board of Supervisors in an effort to obtain road bids early.

5. Seeking approval from Board of Supervisors to obtain pricing on new F-350 pick-up truck with plow and salt spreader and trade in existing F-350 truck with plow and salt spreader.
