MANAGER'S REPORT

3-15-17

1. We received a Right to Know request regarding the Sunoco pipeline after our last meeting. We have forwarded the requested information to the resident that made the request.
2. The newsletter was mailed last week and should have been received by our residents.
3. The construction for the Chlorine Contact Tank was moving along smoothly until the snow storm. We should not experience too much of a delay in the project completion. The project should be completed by early April.
4. I am scheduled to attend a Community Preparedness sub-committee meeting at the 911 center on Tuesday March 28, 2017.
5. We attended a table top exercise at Cheyney University next Thursday March 9, 2017. There was a great deal of discussion around emergency preparedness. Cheyney University is currently working to update all aspects of their plan.
6. We completed cleanup of some trash and debris at Bonner Park at the request of the EAC. The work was done in preparation of their upcoming trail clearing.
7. I met with a Greenbriar HOA official to discuss some concerns they have in their community. Most issues revolve around parking and I forwarded those concerns to our Community Safety Officers.
8. We held our Spring Wreath class on Thursday March 9th. This was the first time we did the class and it was well attended.
9. We have a meeting scheduled with Sunoco Logistics to discuss their proposed work schedule. We plan to make information available to residents regarding the proposed schedule.
10. The Sewer Advisory committee meeting scheduled for 3-23-17 is cancelled.
11. We have quite a few events scheduled for the month of April. Those activities include the following:
