MANAGER'S REPORT

4-5-17

1. We have spoken with the Management company for Greenbriar II and have scheduled work to be completed on drainage issues that were approved last year by the Board to be completed in the next several weeks.
2. We received a cost proposal from Chester Water Authority to provide a new 1 inch single water meter service for our municipal complex, which would provide water to all three buildings 4,6 and 8 Township Drive.
3. We are moving forward with work at the Chester County building. We received a price for plumbing the bathroom to include rough and finish plumbing at a cost of $7,875.00 from Castiglio Plumbing and heating. I would recommend the Board approve this expenditure.
4. We purchased the ten (10) rain barrels that were requested for the EAC's storm water seminar to be held on Saturday April 8, 2017. We currently have 5 people signed up for the seminar.
5. We have finalized arrangements with the Golf Course at Glen Mills for the Thornbury Township summer Golf League. Residents will be able to play on Wednesday evenings after 5:00 at a rate of $30.00 for nine holes.
6. We sent a letter to David Cutler regarding the completion of work at the Mill Creek development.
7. We received a complaint from the President of the Thornbury Hunt HOA regarding the speed of traffic within their development. I spoke with the PA State Police and they are making their patrol units aware of the concern.
8. Terry Kennedy of RJ Hall, our Pension Administrator visited on March 21 to ensure that our paperwork was in order for the regular pension audit.
9. We received notification from PA DOT that our Liquid fuels Tax fund payment was to be paid on March 28, 2017. The payment was received in the amount of $236,038.48.
10. We received a request for appeal of several permits that were issued for safety upgrades related to the existing Sunoco Pipeline valve station. Review is being done by legal counsel on this item.
11. We sent our several Right to Know request responses regarding the Sunoco pipeline mariner projects.
