THORNBURY TOWNSHIP

Public Works Department Report – Week Ending August 11, 2017

1. Routine maintenance performed throughout the Township, including mowing all properties.

2. See attached regarding proposed repairs to Tennis Courts at Thornbury Park. Looking to make a Motion to the Board of Supervisors at the first meeting in September.

3. Storm water pipes have been cleaned and cameraed at Tall Trees Development. See attached Report prepared by Catania Engineers.

4. Catania Engineers to provide a proposal for repairing storm water inlet #57 in Tall Trees Development.

5. Storm water inlet at Station Road has been lowered ï water washed out driveway.

6. Stop Bar striping remains ongoing.

7. Maintaining open space and having it surveyed and staked ï corner to corner at Glen Meadow and 90 Station Road.

8. Eagle Scout is proposing a project at Palmer Park to pressure wash and restain the picnic tables and large chair and create a path from the hop scotch court to both. The project has been approved by the Public Works Department and the Park and Rec Board. Looking to have Eagle Scoutôs proposal placed on the Agenda of the Board of Supervisorsô meeting in September.

9. Catania Engineering to conduct a site investigation for the proposed new maintenance building -- structure only. Building to be completed in three phases. Public Works Department to perform rough work. Looking to gain additional space for storage of equipment and salt.

10. Chester County Building:
    - Exit Door has been ordered.
    - HVAC and ceiling contractors to provide a commencement date.
    - Preparing for installation of floor covering in Thornbury Historical Society room.

11. Met with our new PennDOT Representative, James Brown, regarding traffic study and 4-way stop sign at Dilworthtown Road and Westtown Road. We should have a report available for the Board of Supervisors at the next meeting. I advised that the Township is willing to help where possible. Meeting went well.

12. Installing river rock at entrance/apron areas at Thornbury Park. May need to consider adding additional parking spaces and resurfacing parking lot.

13. Salt Bid in for the consortium ï $2.00 less than last year. Eastern Salt Supplier (Oceanport) of Claymont, Delaware. Very good relationship.
