Planning & Zoning Committee Recommendation Summary
Public Hearing Held on June 29, 2016

Recommendation: Approval

Applicant(s): George Ramsden

Site Description: part of S23-T8N-R2E; also affecting tax parcels 006-0268; 0269; 0270; 0271.A; 0275

Petition Summary: This is a request to resolve a nonconforming A-1 Agricultural zoning lot by rezoning the 37.48 acres to C-1 Conservancy.

Comments/Recommendations

1. This property became nonconforming when acreage was sold off leaving less than the minimum 40 acres to remain A-1.
2. The intention of this district is to provide for general agricultural and open-space activities with the prohibition of any structures or buildings. It is intended to be used as a tool to preserve tracts of land that are to remain free from structural development, but can continue to be cropped.
3. The associated certified survey map has been formally submitted for review.
4. The proposal is consistent with the adopted comprehensive plans as the existing agricultural use will continue without potential development. This preserves the agricultural land.

Town Recommendation: The Town of Clyde recommends approval.

Staff Recommendation: Staff recommends approval with the condition that the associated certified survey map is duly recorded within 6 months of zoning approval by the County Board.
