   c) The Committee reviewed and discussed the committee agenda request form. Curt Kephart reported that the form was developed after comments from Board members about not having
enough information to make decision at committee meetings and board meetings. The Department Heads have reviewed the form and would like to see the form shortened. Another use for the form could be for members of the public to have an avenue to submit a request for an agenda item on a committee agenda. Based on the consensus of the committee the members will monitor future committee meetings to analyze the need for the form in the future.
