- Carolyn Olson noted that the County’s revenue will be impacted through the state furloughs as less state troopers on the road will mean less speeding ticket activity;

Sup. Bill Ehr reviewed the need for the County Board to have better information on the department programs and reviewed the Oneida County budget template that was contained in the Committee packet. It was the Committee’s consensus to request departments to submit their department information by June 15.

Judy Lindholm asked the Committee for specific direction. Randy Terronez commented that the Committee should be focusing on policy and many of the ideas generated were administrative in
nature and can be undertaken this year. Sup. Carol Anderson commented on the need for more department discussion on long term ideas such as the department mergers/consolidation.

Sup. Peter Berg commented that each department operates differently. Cost savings for one department may not result in cost savings in another department.
