There will be two to three weeks before a replacement will be hired. GWAAR stated they would help in any way they can. The ADRC will also assist when needs arise. Arena Manor hosted a well-attended indoor picnic/Lunch & Learn on June 15. Stacey Terrill, ADRC Benefit Specialist attended as well and distributed Senior Farmers’ Market Vouchers to participants who qualified. Arena Manor is looking for a substitute cook. Cecile met with the Barneveld 55+ Club on Monday, 6/27. They meet twice a month at Summit Apartments. July 29 is the day of the annual Steak Cookout at most sites. Avon Locker from Darlington is supplying the steaks.
   b) I & A: Report provided.
   c) DBS: Report provided.
   d) EBS: Stacey Terrill, Benefit Specialist, presented. A LEEPS (Language Enriched Exercise Plus for people with memory loss) flyer was included in this month’s committee packet. They are looking for volunteers in the Mineral Point area. Stacey distributed a Report called Unduplicated
Consumers 2011 to Present. It was very informative and provided a visual of consumers served over the past five years. 2011 and 2012 numbers included assisting with Homestead Tax Credits. Benefit Specialists can no longer assist with any tax filing claims and the AARP volunteers assist this population. Numbers increase dramatically the last quarter of the year due to Medicare Open Enrollment. Note that 2015 was her busiest year and that was her first year as a single Benefit Specialist. Her reporting data-base is changing to only include SAMS Case Management (Social Assistance Management System) through GWAAR. No longer entering data into a federal program. This new system will change future reports regarding data.

e) Transportation: Report provided. Members had questions about our volunteer drivers. Are we advertising for more drivers? Is there a substitute bus driver yet? Have we contacted Hodan Center for a substitute bus driver list? Do we advertise on the radio? Could we get free advertising on the radio? Rebecca will explore options.

8) ADRC Manager’s Report – Report provided.
   • Jean Slapak has decided not to be on our ADRC Advisory Board. We will continue to advertise the open member positions.

   • Rebecca distributed two Legislative Alerts flyers. Advocacy opportunities to save all funding for SHIP (State Health Insurance assistance Program) and 8% cut in SCSEP (Senior Community Service Employment Program). Contact Senator Johnson and Senator Baldwin to save these programs. We all did such a great job advocating for ADRCs and MCOs that we can do this too.
   • A follow-up meeting was held with the legislators assigned to the Speakers Task Force on Dementia. Their report was reviewed and the next possible action steps were discussed. ADRC managers from the region were asked for input; the legislators remain committed to this initiative.
   • Care Talks is being postponed until a later date.
