Not “Elderly” any longer. Stacey has taken the Farm Market Vouchers to various senior apartments/meal sites. There are still some Farm Market Vouchers available in the ADRC office, if you know of anyone that would be eligible. Dan Nankee indicated that he and his wife were attending the Computer Sessions at the Dodgeville H.S. and that the instructors were very good. Also, the EBS Function team met on 5/30/2012. This report is available on file in the ADRC Office.

There was one nursing home relocation and there were 4 people taken off of the waitlist and there are 54 people on the waitlist. Of the 54 people on the waitlist 13 have been offered services but have declined for now while still wanting to remain on the waitlist and 14 have been offered services but are currently over assets. Also three people were referred to IRIS. Valerie was working alone in I & A during the month of May and Rebecca wanted to tell everyone what a great job she did. Mary Mezera indicated that as of April 1, 2013 Iowa County will no longer have a waiting list. Nor will Grant County. The monthly report also lists the meetings and trainings attended. Tom Slaney indicated that senior calls are being directed through I & A that might possibly end up in Social Services, but that we are trying to cover all bases and make individuals aware of all services available. This report is available on file in the ADRC Office.

Ron Benish read a letter to the Board that Deb Ehr had sent to him.
Rebecca distributed the DBS Reports for the month of May and also a report to date. Nancy and Stacey will be stepping up to help out during the transition. All new applicants will be directed to Social Security and DBS’s in other counties have offered their assistance. The reports are available on file in the ADRC Office.

**OFFICE/TRANSPORTATION ASSISTANT REPORT:** Laura distributed the Transportation Report for the month of May 2012. The number of units of service provided in May of 2012 was 634 compared to 660 in May of 2011. Donations were $425.75 in 2012 and $512.74 in 2011. We had two cancellations in the month of May – one holiday (Memorial Day) and one trip that did not have the minimum number of riders to schedule a trip. We serviced 184 clients on the Care a Van. Laura informed the Board that the Volunteer Programs are all working very well. She also indicated that she is preparing for a Driver Escort training on July 26th. There will be a trainer through UW Milwaukee that will do the majority of the training. Arrangements were also made to have one of the nurses from the County Health Department give a class on Blood Borne Pathogens and also a Patrolman from the County will talk about traffic safety laws and anything that might be new. Laura also will discuss some of AARP’s suggestions for simple exercises and techniques that will help senior drivers. The bus that was placed on auction with Wisconsin Surplus did sell for $13,500.00 minus fees. That money will be going into the Trust Fund. The Transportation Report for the month of May is on file in the ADRC office.

**MANAGER’S REPORT & TRAININGS:** Rebecca thanked everyone that participated in the survey for the Aging Plan. Copies of the survey results were distributed to the Board members. Copies of this survey are available in the ADRC office. There were 120 surveys collected. The trends were showing that transportation, health care, affordability of insurance and medications, income, rising cost of living, affordable housing, maintaining current housing, social contact and general safety concerns. 55% percent of respondents have had contact with the ADRC and 45% had not. The purpose of this survey is to set goals, help us to determine where we are going to focus our efforts. Many of the respondents knew of our agency due to our newer staff doing quite a bit of outreach, getting out into the communities and also due to the N’s & V’s. Next month we need to start finalizing some of the goals for our Aging Plan. Rebecca indicated how important she felt input from the board in this area would be. She felt good about the results of the survey, felt that the shorter survey still provided a wide variety of good information.

**Revisiting News & Views:** We are now 6 months into the change from producing in house to being inserted into the Shopping News monthly. Rebecca is revisiting this topic due to the Board’s request when the decision was made to go with the Shopping News. Ron felt that the increase in numbers in the SUN Program are due to N’s & V’s – larger distribution. Therese commented that she wondered if people knew that the insert was in the N’s & V’s. Millie has heard good comments and she also thinks that it is great. Millie also suggested that we put an ad in the local newspapers directing people to the Shopping News for the N’s & V’s insert. Also use local radio. Mary Mezera added that
the State will be marketing ADRC’s more because they will soon be throughout Wisconsin. So all ADRC’s will benefit from that. Dan Nankee added that the N’s & V’s is very attractive, all of the colors, etc. Lorraine Drew felt that it was very much an improvement in that it is also reaching the families and caregivers of elders. Carol Calhoun felt it was very much a step forward and that we should not take a step backward. Therese asked about having extra copies placed around town. We currently are doing that but got a few new ideas about where to place them. This issue will come up again in 6 months as an action item to make sure that there is still support for the new N’s & V’s format.
