Also, that she and Nancy had attended a three day training in Stevens Point. There is one set of farm vouchers left. Deb Ehr, Disability Benefit Specialist was also present for the meeting. Deb handed out a Quarterly Summary Report which indicates new clients (17) for this period. Case Report Summary and Closed Case Information. Deb indicated that she was able to save her clients a total of $6,490.37. Also told of a success story about obtaining medicine for a person that was unable to obtain the medicines that she needed, at no cost to the client. Jean Zawacki, Information & Assistance Specialists was present for the meeting. She indicated that the number of calls is increasing and the work associated with the calls is increasing for both she and Shannon. Shannon and Jean will be taking an exam on Wed., July 15th to be certified as Information Resource Specialists. Jean discussed another part of their jobs which is a Functional Screen – which is an assessment that is done to determine eligibility for long term care funding/services. Shannon and Jean have both become certified to do functional screens They recently also attended a training regarding the IRIS program (I Respect, I Self Direct) – it is the other option that is available for people that need long term care services. One program is called Family Care, which we have all heard about. The other program (IRIS) individuals receive a certain amount of money that is estimated to be the cost of providing their care, and they have the ability to manage that budget and make decisions about how that money is spent to provide for their care. Judy added that one of the benefits that we enjoy here in Iowa County is that it is going to be 6 months before our wait list is frozen. Once that list is frozen, that determines how many new people will be able to receive services in the next 3 years. The wait list is going to close December 31, 2009. She further discussed our relationship with Unified, and said that they will continue to meet to work out various issues. At this time, it was felt that Unified would be doing the functional screens. Judy felt that Unified would relent and we would be able to do the functional screens for the elderly and disabled. We will have to come up with a Wait List Policy. We will take possession of that list January 1, 2010. There is an opportunity to increase that Wait List in the next 6 months. At the end of the 3 years, with Family Care, everyone, who is eligible will be able to be helped.

TRANSPORTATION ASSISTANT REPORT: June is slower in this area of our office also. Not with the Care A Van usage, but in donations. We provided 715 units for the month of June this year and 595 were provided at this time last year. Some of the events were attending the Balloon Fest, a Barn Quilt Tour, a BBQ at Laura’s House, a Senior Play in Dubuque, our Barneveld Group went to WI Dells, our Low Vision Group went to Madison, and we went to The Flower Factory in Stoughton also. The taxi is still very busy – Kenny Palzkill is now the driver. We are looking at a new van that will be coming in the Fall – Larry Lansing is assisting us with our choices. This van will be used when a smaller number of people are going. We also arranged for Sienna Crest to tour some farms (neighbors of Laura). Laura briefly discussed the survey, at this point. We will continue to collect and tally. Highest numbers were with Information and Assistance.
