Public comment: Rob McConnell of WATVA spoke to the group about the first weekend in June. This weekend is a free registration weekend on all DNR funded trails for promotional purposes. This year the weekend dates are June 1st and 2nd. He would like to see the local clubs work together to promote the CCT on this weekend in June 2013.

Trail Update: There was discussion about how the snowmobile clubs relay information to the trail coordinator and the trail users about trail conditions and trail closures thru the snow season. The line of communication so far this season has been poor. The clubs at the meeting tonight said they would all try to do a better job of getting information out to the users.

Mr. Wolfe had met with the Argyle snowmobile club earlier in the month. They have a good membership and are looking to get their snowmobile trail miles funded by the DNR.

The Black Hawk Riders snowmobile club would like to see more material placed on the CCT between Gratiot and South Wayne. Two areas in particular would be Sargent Rd to South Wayne and Hwy 78 to Gille Lane. There was discussion that if we continue to have a dry winter that there may be some snowmobile funds available at the end of the snow season for gravel.

There was discussion about the use of ATV/UTV use on the CCT during the snow season. ATV/UTV may operate on the CCT if there is less than 2 inches of snow and the high for the day is less than 28 degrees. When there are inquiries about ATV/UTV use

these 2 rules should be recited to the caller. Deb has this same message posted on the website.
