8. Review of Ordinance/Code

Randy Terronez noted that Corporate Counsel Tim Helmberger would be available at the next meeting to review the ordinance. Several years ago, the UW Extension conducted an Ethics workshop for County Board members. The individual at UW Extension has retired and the UW Extension is in the process of replacing the person. Randy Terronez suggested getting the UW Extension to provide training for not only for County Board members for the department heads and county-wide elected officials.

Brad Glass noted concerns with the definitions section, “(l)” substantial financial interest – there is no definition of this phrase and one needs to be defined. This item will be referred to Corporate Counsel for follow up and a possible amendment to the ordinance.

Dave Gollon commented on Highway Department salt policy and appearance of conflict.

It was noted that in addition to the ordinance, a set of policies be developed with specific examples that will encourage – promote compliance.

Discussion given on role of Ethics Board as processing ethics-related complaints (conducting hearings, etc.) and issuing advisory opinions. In regard to hearing complaints, the Board would probably be represented by Corporate Counsel, particularly when the complainant has an attorney.

Brad Glass inquired in Section 701.24 – Appointed Official. This probably refers to the County Board Chairman who makes appointments to various Boards/Commissions.

In regard to section 701.26 Sanctions – it was noted that with the exception of imposing \$100 fine, the Board recommends to the County Board of Supervisors for follow-up sanctions which may include referral to the District Attorney.

9. Next meeting: To be determined.

A motion to adjourn at 6:40 p.m. was made by Jim Palzkill second by Dave Gollon. Motion Carried.
