<td>#4 b</td>
<td>Ken Lucht of the Wisconsin Southern Railroad presented a summary of the TIGER IV grant application request. Iowa County is being asked to sponsor the grant application through grants.gov. The County would apply for a $15 million dollar grant for the $25 million dollar project and the local match would not come from County tax levy dollars. The upgrade to the corridor route would be from Middleton, WI to Lone Rock, WI. Mr. Lucht assured the committee that the County has no financial obligation in applying for this grant and that if in the event any requirements were unacceptable to the County, Iowa could withdraw the application. Motion by Peterson seconded by Curran to authorize a letter of support for the TIGER IV Federal grant application as requested by the WSOR and to authorize the County Administrator to make application for Federal funding in the amount of $15,000,000 with no matching funds requirement from Iowa County. At any time Iowa County may rescind its support of this application. Motion adopted, Walmer nay.</td>
