WHEREAS, local government in Wisconsin is responsible for about 90% of the road miles in the state; and,

WHEREAS, Wisconsin's diverse economy is dependent upon county and town roads as well as city and village streets along with rail, harbor, and transit systems across the state; and,

WHEREAS, according to "Filling Potholes: A New Look at Funding Local Transportation in Wisconsin," commissioned by the Local Government Institute of Wisconsin (LGI) the condition of Wisconsin's highways is now in the bottom third of the country; and,

WHEREAS, state funding for local roads in Wisconsin has failed to keep up with costs over the past several decades which has adversely affected local transportation finances. According to "Filling Potholes," municipal transportation spending has declined from $275 per capita in 2000 to $227 in 2012; and,

WHEREAS, Mass Transit Operating Aids and County Elderly and Disabled Transportation assistance programs are funded through the state gas tax and vehicle registration user fee system. These programs are critical to ensuring that transportation services are delivered to vulnerable citizens. Proper funding for these programs helps ensure that all citizens have an opportunity to access the workplace as well as the marketplace; and,

WHEREAS, levy limits do not allow local government to make up for the deterioration of state funding; and,

WHEREAS, Wisconsin's over-reliance on borrowing eats away at the state's segregated funding sources — the state gas tax and vehicle registration fees — which increasingly pay debt service rather than fund transportation needs; and,

WHEREAS, safety is a primary concern and the responsibility of local governments across Wisconsin. Unfortunately, according to TRIP, a national non-profit transportation research group; Wisconsin had 347 non-interstate, rural road fatalities in 2013; and,
WHEREAS, the Iowa County Board of Supervisors recognizes that our state highway and interstate system is the backbone of our surface transportation system and plays a vital role in the economy of Wisconsin. Both local and state roads need to be properly maintained in order for our economy to grow; and

WHEREAS, from a competitive standpoint Wisconsin motorists pay significantly less than any of our neighbors when you combine the annual cost of the state gas tax and vehicle registration fees; and,

WHEREAS, the Transportation Finance and Policy Commission, appointed by the Governor and Legislature clearly found that if Wisconsin does not adjust its user fees, the condition of both our state and local roads will deteriorate significantly over the next decade;

NOW, THEREFORE, BE IT RESOLVED by the Iowa County Board of Supervisors; the Board urges the Governor and Legislature to Just Fix It and agree upon a sustainable solution: one that includes a responsible level of bonding and adjusts our user fees to adequately and sustainably fund Wisconsin's transportation system. Furthermore, the Iowa County Board of Supervisors directs the Clerk to send a copy of this resolution to our State Legislators and to Governor Scott Walker.

Offered by the Public Works Committee on June 6, 2016 as respectfully submitted by Chairman Greg Parman.

Adopted by the Iowa County Board of Supervisors this 21st day of June, 2016.

John M. Meyers, Chairman of the Board

Attested to by the County Clerk.

Greg Klusendorf
