Comments/Recommendations

1. If approved, the AB-1 lot would require a conditional use permit to establish allowed uses. The proposed uses are to be reviewed as a Planned Unit Development (PUD) to allow phased development/realization. The proposed PUD includes:
   - Phase 1: Professional Home Office; renovation of existing barn; outside gatherings
   - Phase 2: catering kitchen; public bathrooms; indoor use of barn; onsite parking and roadway development
   - Phase 3: additional development as needed to develop functions and better serve the community - may include replacement of existing market building and other small structures

2. The existing RB-1 lot was approved in April/May 2015 per ZH 2761 and included the approval of CUP allowing Phase 1 to be realized and the other phases to be reviewed by the CUP process when they are ready to be realized.

3. The associated CSM has been submitted for review.
