Urging New York State Board of Regents to Reinstate Individualized Education Plan Diplomas and Supporting the Regents' Plan to Offer Additional Safety Net Options for Local Diplomas

By Legislator: _____

Whereas, For the past ten years students with disabilities in New York State have had three options to earn a high school diploma, including a Regents Diploma, a local diploma and an Individualized Education Plan (IEP) diploma, and

Whereas, While after the New York State Board of Regents required school districts to provide full access to Regents courses for students with disabilities, these student earned more Regents diplomas, almost as many of these students earn local diplomas, and

Whereas, In addition, some twenty percent of students with disabilities earn IEP diplomas, and

Whereas, The Regents have determined to eliminate IEP diplomas and replace them with Skills and Achievement Commencement Credentials, and

Whereas, In addition, the Regents are examining alternative ways of earning local diplomas to give students with disabilities more flexibility in achieving them, and

Whereas, Different students have different skills and abilities, and removing the option of IEP diplomas is not in the best interest of some students and would sharply reduce the number of diplomas earned by students with disabilities, and

Whereas, Offering additional options for earning a local diploma is in the best interest of those students able to meet local diploma standards.

Now, Therefore, Be It Resolved, That Jefferson County urges the New York State Board of Regents to Reinstate Individualized Education Plan Diplomas, and be it further

Resolved, That the County supports the Regents' plan to offer additional safety net options for earning local diplomas, and be it further

Resolved, That copies of this resolution be provided to Jefferson County's State representatives and to the Board of Regents.
