Building Committee Minutes

16 March, 2016

Called to order 11:00

Heather Haynes
Bill Thomas
Larry Swan
Andy Laidlaw
Jacki Rubin
Linda Burns
Meg Lojek
Lynn Lewinski
John Powell
Karen Lannom

Minutes 2/17/16 approved with modification- 1st Heather, 2nd Karen, all in favor

Old Business

City campus planning update (John) - Summary of site plan ideas presented at workshop

Main points from slide presented at workshop:

- Treasure Valley Transit - they assume they can move driveway to parking so we can have green space between city hall and library.
- Library expansion may be to the front and rear of the library, move bike path back a little to give more space and removing current parking in front of library to provide space to expand towards Park Street.
- Want city council to discuss/make decision about annex at their next meeting
- Hope to have it figured out by the time a consultant is hired.

John showed a rough sketch of how city could screen the annex from the library (nothing set in stone). Group discusses options.

John showed a profile of the library expansion -- an idea would be a 2 story space atrium added to the front of existing library, back would be 2 floors of actual library space. It would create a total of 12,500 sq ft.
