DATE

225 gallons of water  
flushed from Cedar Ravine up Marshall  
started at 5' and we are working  
about 10' at a time up to 75'  
flushed down Marshall way 150'  
295 Gal of water.

Could only make it up Marshall  
way 75' last run only made  
it 65' and as we pulled back  
we got stuck 10' in and  
pulled back rocks and mud.

# PUBLIC WORKS SERVICE REQUEST

SEV

Date: 1/4/2017 Time: 3:15pm Call Received by: Aris

Caller Name: Mary Caller Contact # 530-363-8200

Service Location: 1985 Smith Flat Rd Request Forwarded VIA: Called Nick Faxed to Yard

**Description of Request:**

Caller said that the creek running in her back yard is almost overflowing and getting closer to the house. There is also a very strong sewer smell in the area. She lives next to the Mini Storage and the smell is coming from that direction. The smell is really bad, she just got home from work so she is not sure when the smell started.

Date work completed: 1/4 Work completed by: Nick + Rick  
Work start time: 3:30 Work finish time: 4:00 Job Total time spent: 1.5

# PUBLIC WORKS SERVICE REQUEST

Date: 1/12/2017 Time: 1:00pm Call Received by: Allison

Caller Name: Cindy Roberts Caller Contact # 530-306-5433

Service Location: 2786 Coloma St. Request Forwarded VIA: Called Rick/Fax yard

### Description of Request:

Location is Happy Kids Preschool. They are experiencing a sewer issue, the toilets are not flushing properly they had them snaked and there was no improvement. She was wondering if it was from the run off??

Date work completed: 1-12-17 Work completed by: Brian Simkins  
Work start time: 2:00PM Work finish time: 2:15 Job Total time spent: Approx. 15 min

If water, check corresponding type: City service line:      City main line:      Private Lateral: X

### Description of Corrective Measures Taken:

I arrived at the address & spoke with Evon, she told me that they had the lines worked on (routed or flushed) I checked the M.H. at the corner of the property, the city main was flowing good. I let Evon know that the city line was ok, she said that these lines still

PUBLIC WORKS SERVICE REQUEST

Date: 2/27/2017 Time: 9:28am Call Received by: Mark Ivani - engineering

Caller Name: Steve Hirsh Caller Contact # \_\_\_\_\_

Service Location: 2866 Garden Street Request Forwarded VIA: Faxed

Description of Request:

I got a call last week from a gent named Steve Hirsh at 2866 Garden Street saying that his sewer had slowed down. He called a plumber and the plumber ran a snake or camera and told him that the blockage was about 70' down the line toward Spring Street. Rick and Nick know about this line because it runs through back yards and they're not too fond of it. I mentioned it in passing to one of the guys, I think it was Nick and he said he'd look into it. When I came in this morning there was a voice mail 2866 Garden Street asking about status, so I'm thinking that maybe it slipped someone's mind. It's a 4" line that runs along the rear of the properties at 2868, 2866, and 2862 Garden Street.

# PUBLIC WORKS SERVICE REQUEST

SE ✓

Date: 3-30-17 Time: 4:09pm Call Received by: Susan

Caller Name: Barbara Raines Caller Contact # 622-5021

Service Location: 1970 Smith Flat Rd. Request Forwarded VIA: Called Nick, faxed to yard

### Description of Request:

She says her son in law smells a sewer/gas smell on the west side of her bridge/driveway, inbetween the bridge/driveway and the small shed, where there is a gas line and gas cap. She was pushing me to tell her whether our guys would tell her definitively if everything was fine, or if it was needing to be fixed. I told her I had no way of knowing what their determination would be about the situation, and she would need to ask them that question.

Date work completed: 3-31-17 Work completed by: ~~S-31-17~~ Beau Fenech
