

Weather Radio Program Continues

The City of Lindsborg continues to distribute weather radios to the community. This popular program provides one free radio to each household and business.

The First Alert Weather Alert radio receives all seven NOAA weather and hazard channels as well as AM/FM bands for daily radio use. Completely portable and easy to use, the WX-17 comes with a 120 volt power adapter and has four AA-battery back-up for use during power outages, which residents are encouraged to purchase and install.

To receive a free radio, residents must fill out an application form, available at City Hall, which asks for address, contact information and signature certifying that the applicant is eligible and has voluntarily requested the radio. The program is expected to only continue through the calendar year, so residents are encouraged to apply.
