The Community Relations Board would like to invite everyone to Bicentennial Park on Saturday, August 12th at dusk to enjoy the *last movie* of the season. "*Finding Dory*" is the delightful sequel to Finding Nemo. This is a great way to spend some quality time with family and friends. There will be popcorn and drinks provided by the Lions Club.

Get ready for an awesome end to the summer! Construction has begun on the new Splash Pad at Bicentennial Park! It is scheduled to be completed by the end of summer. It should provide many hours of fun for the whole family. We'll keep you informed of the progress in future newsletters.

**Pantego Police**  
want to know,

**where's  
baby?**

Look before you lock.

Dogs should never be left in locked vehicles. Additionally, they must be registered with the Town. The cost is only \$10 if spayed or neutered and \$15 if not. Certificate of Rabies shots must be provided. Remember, dogs must be leashed while in the Park. It is recommended that animals be chipped or wear tags. The Town works very hard to find the owners of found dogs. Help us help you find your pet!

## Mosquito Spraying

The next scheduled spraying will be **Thursday, August 24th at 9:30 p.m.**

The treatment will take approximately 2 hours and will be applied throughout the Town. It is recommended that residents and pets stay inside during this time frame.

### Mosquito Trapping

In cooperation with Tarrant County Health Department, Town staff has been setting mosquito traps since the first week in April. Tarrant County has tested a total of 2378 mosquitoes; 6 of which tested positive in Pantego. One (1) human case of West Nile Virus has been reported in Tarrant County.

### Mosquito Control

Take a personal stake in the process! Help prevent the breeding of mosquitoes by ensuring that the areas on your property have no standing water. Check your buckets, flower pots, trash containers, or other likely collection areas and dump them out on a regular basis. When going outside, especially from dusk to dawn, wear clothes that cover as much of your skin as possible and use insect repellent. Remember the 3 D's:

**Dress** in long sleeves and pants when you're outside or working in your yard. For extra protection, you may want to spray thin clothing with repellent.

**DEET** is the ingredient to look for in your insect repellent. Follow labeled instructions.

**Drain** standing water where you find it. Look for flowerpots, clogged rain gutters, etc. and anywhere mosquitoes could breed. For more information visit the Town's website: [www.townofpantego.com](http://www.townofpantego.com). Thank you for your cooperation.

**Mosquito dunks (one package per resident) are available at Town Hall to treat standing/stagnant water that cannot be emptied (i.e. ponds, fountains, etc.)**
