Mosquito Update

All tests in Pantego have been negative for West Nile Virus. Town of Pantego staff has tentatively scheduled spraying applications for the 4th Thursday of each month until the end of September. Spraying dates may be revised due to weather or necessity. For more information, visit: health.tarrantcounty.com. Our next spraying will occur on July 24th and August 28th.

SOLID WASTE pickup is contracted with a Republic Waste Services. Trash is collected on Tuesdays and Fridays. When the collection date falls on a holiday, the garbage will be picked up on the next regularly-scheduled collection day.

Residents are allowed to place trash bags on the curb for pickup. Please do not put your trash out earlier than on the collection day. However, it should be on the curb by 7:00 a.m. for collection.

Tree limbs and brush will be picked up if neatly stacked and bundled. Bundles should not exceed 4 feet in length and 50 pounds of total weight per pick-up day. The solid waste company can accommodate two to three bundles per pick-up.

Grass clippings will not be collected. Please ask your yard service (if you use one) to sweep up the clippings back onto your yard for mulch, rather than blow them onto the street. The Town Code of Ordinances outlines a fine for grass clippings in the street.

RECYCLING is collected on Tuesdays except for holidays. It is then delayed until the following Tuesday. By 7 a.m. on Tuesday, place all approved containers in your green recycle bin and all approved paper items in a brown paper sack and put on your curb or in your alley for pickup. Do not set out newspapers if it is raining or rain is in the forecast.
