LETTER TO MR. DON FISHER, BUCKEYE SHERIFF'S SHERIFF ASSOCIATION RE: SALARY OF SHERIFFS

July 14, 1975

Mr. Don Fisher
Executive Director
Buckeye Sheriff's Association
Neil House
Columbus, Ohio 43215

Re: S.B. 126

Dear Mr. Fisher:

The Boardof Union County Commissioners wish to add their support in favor of Senate Bill #126, the Sheriff's Salary Bill.

We have watched the responsibilities of this office grow over the last few years. It has also become necessary that salaries of employees in the Sheriff's Department exceed that of the Sheriff himself and this is not a good situation.

We hope that the Ohio Legislators act in favor of a salary increase for the County Sheriffs in Ohio.

Yours truly,
UNION COUNTY COMMISSIONERS

LETTER FROM PROSECUTING ATTORNEY RE: SOLID WASTE DISPOSAL

July 8, 1975

Union County Commissioners

IN RE: Solid Waste Disposal

Gentlemen:

I recieved a copy of the Board of Health's letter to you dated June 12, 1975 wherein they raise several questions concerning the responsibility forsolid waste disposal services for Union County. I am writing this letter to you not as a reply to the Board of Health but rather to furnish you with information in order that you might frame a reply to them.

I believe the basic question the Board is asking is what happens if private operators voluntarily give up or are forced out of the solid waste disposal business in Union County. Under Ohio Revised Code Chapter 343 the County Commissioners practically have a blank check from the Legislature to acquire, by purchase or lease, construct, improve, enlarge, replace, maintain and operate such garbage and refuse collection systems as are necessary for the protection of the public health; make, publish, and enforce regulations for the construction, maintenance and protection and use of such facilities as are not inconsistent with the rules and regulations of the board of health, and if the Commissioners do not want to operate and maintain such facilities, they may enter into a written contract with any individual partnership or private corporation to do it for them. Thus, the basic responsibility for providing for solid waste disposal or landfill operations rests with the County Commissioners and the Commissioners have broad power to carry this out under chapter 343. The Board of Health's responsibility is spelled out under Ohio Revised Code Chapter 3734. In these sections, the local board of health has licensing inspection and enforcement powers. As you are aware, they share this responsibility with the Ohio Environmental Protection Agency which promulgates the rules and regulations for solid waste disposal sites. Thus, the Union County Board of Health, the Ohio EPA, and the Union County Commissioners have separate and distinct functions with regard to the solid waste disposal problem. They should however strive to work together in meeting and dealing with future problems along these lines.

If you have any further questions concerning these matters, please let me know. Thank you.

Very truly yours,
/s/ Gary F. McKinley

LETTER FROM PROSECUTING ATTORNEY RE: SEWAGE SERVICE CHARGES

Gentlemen:

Sometime ago you asked me to check the law with regard tothe procedure for setting up a lien for unpaid sewage service charges. Enclosed please find a copy of a memorandum to me from Special Counsel, Ralph Godwin, wherein Ohio Revised Code Section 6117.02 sets forth this procedure. I would suggest that the Environmental Engineer keep track of the unpaid charges and when an account becomes chronically delinquent that he certify it to you and you in turn certify it to the County Auditor under this Section. If you have any furhter questions concerning this matter, please let me know.

Thank you.

Very truly yours,
/s/ Gary F. McKinley

Memo
To: Gary
From: Ralph

Your question is whether "sewage service charges" for use of county sewage systems are a lien on the premises served, and the necessary steps to make them a matter of record.

Section 6117.02 R.C. Fixing of rates and assessments; use of funds.

"The Board of county commissioners shall fix reasonable rates to be charged for use of the sewers or sewerage treatment or disposal works referred to in section 6117.01 of the Revised Code by every person, firm or corporation whose premises are served by a connection to such sewers or sewerage treatment or works when such sewers or sewerage treatment or disposal works are owned or operated by the county. The board shall also establish reasonable charges to be collected for the privilege of connecting to the sewers etc, xxx", with the requirement that prior to such connection, such charges shall be paid in full, or the board provides for such charges to be paid in installments, at which time theboard shall certify to the county auditor information sufficient to identify each parcel of property served, the total charges, the amount of each installment, and the number of installments. All this information shall be recorded by the Auditor until the charges are paid in full.

"When any rents or charges are not paid when due, the board shall certify the same together with any penalties to the County Auditor, who shall place them upon the real property tax list and duplicate against the property served by such connection. Such rents and charges shall be a lien on such property from the date the same are placed upon the real property tax list and duplicate by the Auditor and shall be collected in the same manner as other taxes." LETTER FROM JEROME TOWNSHIP TRUSTEES RE: HERSHBERGER LANDFILL

August 1, 1975

Union County Commissioners
Court House
Marysville, Ohio 43040

Re: Hershberger Sanitary Land Fill

Gentlemen:

Under agreement signed by you with Jonas Hershberger on June 16, 1975, Mr. Hershberger was granted authority to operate a sanitary land fill to serve Union County Garbage and Refuse Disposal Districts No. 1 and No. 2.

Mr. Hershberger's land fill is located in Jerome Township on land owned by Emma Gingerich. Operation of the land fill is under authority of a use permit granted March 16, 1970 which restricts the land fill operations to refuse originating within southern Union County and the Village of Plain City.

A recent Court decision by Judge Sanders and the Common Pleas Court uphel the right of the Township to restrict the source of the refuse.

Mr. Hershberger admitted at the Court hearing on May 7 that he had been violating the terms of his use permit in that over one-half of the refuse originated outside Union County. After the Court decision he promised to restrict deliveries. The Township Zoning Inspector this week has secured evidence of several truckloads of refuse dumped at the Hershberger Sanitary Land Fill and originating from outside Union County. According to the inspector, the dumping of out of the county refuse has been continued on a regular basis.

If the Hershberger Sanitary Land Fill is to be operated under authority of the Union County Commissioners, the proprietor should be required to obey all laws, including the zoning regulations of Jerome Township.

Very truly yours,
JEROME TOWNSHIP TRUSTEES

LETTER TO WARREN SUTTON, COUNTY AUDITOR

Re: Millcreek Estates Subdivision Dover Twp., Plat Book 4, Pg 26

Dear Mr. Sutton:

Please be advised that the Developers for Millcreek Estates Subdivision, Hankins Land Development and Union Hankins Realty have not completed the improvements in the Phase II section of their subdivision, nor have they submitted a bond for the improvements and thereby have not complied with the subdivision regulations. Therefore, transfer of the following lots that are located in Phase II of the subdivision should not be allowed until such time as the improvements are complete or the bond for improvements is filed:

Lots 24 through Lots 29 Lots 52 through Lots 78

This office takes no exception with the transfer of those numbered lots from Hankins Land Development, Inc. to Union Hankins Realty as the two corporations are jointly developing the area. This office will notify you when the conditions of the subdivision regulations are sufficiently adhered to so as to legally allow the transfer of the subject lots.

This is an acknowledgment of our consent that you tear out and dispose of the shrubbery along our West line including the peach and pear trees in connection with the extension of parking facilities.

Very truly yours,

RESOLUTION TO THE UNION COUNTY ENGINEER

OFFICE OF UNION COUNTY COMMISSIONERS:

WHEREAS it has been determined by inspection and analysis made on April 13, 1971 that the West bridge over Powder Lick Run on County Highway 289-A is not safe for loads over 13 tons, and is too narrow for present day traffic (14') and is so badly rusted that members of the lattice rails are weakened to a point that they are of doubtful load carrying value. It should be replaced with a new structure at an estimated cost of $27,714.00.

THEREFORE, Be it resolved that the Union County Engineer is hereby authorized to repair and/or reconstruct said bridge, in accordance with R.C. 5543.19 and 307.86 A-2.

REQUEST FOR ADDITIONAL APPROPRIATION TO SANITARY SEWER DISTRICT FUND

Dear Sirs:

This office respectfully requests an additional appropriation of $8,000.00 to the Sanitary Sewer District Fund for the 1975 year.

Only $4,000.00 was originally appropriated for the maintenance of the eight sewer treatment plants and that amount was only half enough. Another $4,000.00 is needed to complete 1975 maintenance and operation costs. These maintenance and operation costs are reimbursible to the Sanitary Sewer District Fund by the sewer users and developers.

Payments to Bischoff and Associates for engineering services are paid through the Sanitary Sewer District Fund for work being performed in the New California Sewer Sub-District. The money to support these payments is deposited in the Sanitary Sewer District Fund by the developer, New California Development Corporation. A $4,000.00 deposit was made with the County Auditor on September 3, 1975 by the developer and this amount now needs to be appropriated to meet current invoices from Bischoff.

Very truly,
/s/ Bernard B. Hurst, Jr.

REQUEST FOR TRANSFER FROM SANITARY SEWER DISTRICT FUND TO SANITARY ENGINEER - Alalla

Dear Sirs:

This office respectfully requests a transfer of $1179.12 from the Sanitary Sewer District Fund to the Sanitary Engineering Account #Alalla (other expense).

Reason for this requested transfer is that expenses incurred in operating the sewer treatment plants that are chargeable to the users and developers have been inadvertantly charged and paid from account Alalla.

This incorrect method of charging expenses began in January 1975 but has now been discontinued. In the meantime, Sanitary Engineering needs the $1179.12 returned to its account.

LETTER FROM DR. LLOYD P. MAY, HEALTH COMMISSIONERS RE: SUBDIVISION REGULATIONS

Dear Sirs:

At its regular meeting on September 4, 1975 the Union County Board of Health discussed the proposed subdivision regulation changes and suggestion that the Board of Health adopt a regulation and policy to provide for annual inspections of all new installations of private sewage treatment systems.

The board directed that I write and advise you that the Board of Health is not in favor of burdening property owners with an additional annual inspection fee and feel that problems which might arise under the proposed subdivision regulation changes could be handled as we are doing under existing regulations.

Sincerely,

OPINIONS FROM PROSECUTING ATTORNEY RE: MORTGAGING OF COUNTY PROPERTY AND CHANGING NAME OF COUNTY HOME

Dear Commissioners:

Enclosed please find a Memorandum prepared by Ralph Godwin, with regard to the above questions you have recently asked. Based upon this authority, I would advise that the County does not have the authority to borrow money outside the scope of the statute cited and therefore would not have the authority to mortgage properties to secure a loan. The second question presented is whether or not you may change the name of the Union County Home so as to remove the words "Union County". Since the law provides that you must retain the name "County Home" I would advise that there is no point in removing the words "Union County". Since you had no authority to operate it under any other name, I would advise you may not change the name of the County Home.

I am forwarding copies of this letter and opinions to Warren Sutton, Union County Auditor, and Si May, Superintendent of the Union County Home. Thank you.

Very truly yours,
/s/ Gary F. McKinley.

Attached:

The following question has been presented:

#1 Do the Commissioners have the power and authority to mortgage the three properties they have recently acquired and if so, what is the procedure?

A county does not become obligated for the expenditure of county funds except as a result of a contract made in conformity with the statutory requirements of R.C. Chapters 305 and 307, together with the certificate of the County Auditor required by R.C. Sec. 5705.41; 1968 O.A.G. No. 68-076.

Revised Code Sec. 5705.41 requires that before any contract involving the expenditure of money is entered into by a county, the County Auditor must certify that the amount required to meet the same has been lawfully appropriated for that purpose and is in the treasury or is in the process of collection to the credit of the appropriate fund free from any previous encumbrances. 1969 O.A.G. No. 69-076.

Chapters 305 and 307 of the Revised Code do not authorize the Commissioners to mortgage county property to secure loans, and it would be highly improbable that R.C. Section 5705.41 could be complied with, otherwise a loan would not be considered. It must be concluded that the commissioners do not have the power to mortgage real estate to secure loans.

#2 May the Commissioners change the name of the Union County Home to something else so as to remove the words "Union County"?

Chapter 5155. R.C. (County Homes) provides the authority of County Commissioners hover "County Homes", the term which is the title of the chapter; the term which is used throughout the chapter; and what the chapter is all about. So, whatever the commissioner might name it, "county Home" still remains the official name mandated by the legislature.

Section 5155.31 R.C. provides for closing of home and subsequent care of inmates. This section states that the County Commissioner may close such home and provide for the care of the inmates, and other persons afterwards accepted as county charges, by boarding them in another county home, or rest homes, or in private homes in the county.

This section is pointed out to show that if the commissioners close the county home, they have no authority to operate it under any other name. As long as it is used as a county home, the name county home is permanently attached as that is the name used in the legislation pertaining to county homes.

Gentlemen:

Referring to our existing contract covering elevator service at the above location, we regret to advise that, due to increases in cost of labor and material, it is necessary for us to increase our charge for this service. Effective October 1, 1975 our charge for this service will be $146.46 gross

To the Honorable Gwynn Sanders Judge of the Court of Common Pleas, Union County, Ohio.
The Grand Jury of the Court of Common Pleas of said County of the September Term, A.D. 1975 hereby report to the Court that they have been in session 2 days, and herewith by their foreman present to the Court the Indictments found by said Jury.
We have carefully examined into all such matters as have legitimately come to our notice, having examined over 26 witnesses, covering cases, and presented 10 bills, and ignored no cases considered by us. The business has been transacted in as expeditious a manner as possible
During our session we visited the County Jail, examined its state and condition, and inquired into the discipline and treatment of the prisoners, and their habits, diet and accomodations. We find and respectfully report to the Court, that the rules prescribed by the Judge have been faithfully kept and observed, and we do find that no provisions of law for the regulation of County Jails have been violated. We find thecondidtion of the Union County Jail to be very good and that the care and feeding of prisoners if very good. We recommend that the landing at the top of the stairs be somehow blocked off to avoid persons falling into the dark stairway. The UnionCounty Sheriff, his deputies and trustees, the Union County Commissioners, and the Court House custodian and his staff are to be commended for the work they have done on the Union County Jail since the last session of the Grand Jury. The attached list of improvements is representative of the work which has been accomplished and progress made in the Union County Jail.
Against the following named accused persons, who have been held to answer, no indictment has been found,

LETTER FROM UNION COUNTY ENGINEER RE: DUN'S RUN DITCH NO. 1357

Board of County Commissioners
Marysville, Ohio

November 12, 1975

Re: Dun's Run Ditch No. 1357

Gentlemen:

At the request of John W. Scott, land owner fronting on the above mentioned ditch, we viewed the work performed by him in 1975.

We report the following:

The placement of large bolders, broken concrete blocks, etc, relative to the adjoining ground and -rade of a sodded waterway into the main open ditch is all too high, with the result that a new washout has developed, and in case of an excessive amount of rain could develop into a further enlarged washout.

We recommend that the bolder and rock fill be lowered before more damage is done in this area.

Mr. Scott has done a find job in establishing and maintaining a grass easement on both sides of the main ditch from S.H. 36 to the west line of his property.

Sincerely yours,
Union County Engineer
/s/ William Yeager
/s/ Charles C. D. Lee

Re: Union County Prosecutor Investigator's Project Planning No. C008

Dear Mr. Cooper:

In response to your letter of November 5, 1975, in which you have detailed the reasons for rejections of Union County Prosecutor's Investigator Program from the 1976 Ohio Comprehensive Criminal Justice Plan, we are further appealing your rejection by hereby filing with your agency the herein written appeal that includes specific references to the specific reasons following such procedures as is set forth in Section I, Subparagraph A-3 of the Ohio Criminal Justice Supervisory Commission Appellate Review Procedure, adopted March 23, 1973.

The Grounds upon which this appeal is based are that the level of criminal cases handled by the Union County Proecutor's office is so great that an investigator is required. It is imperative that someone coordinate criminal cases coming into the Prosecutor's office from five separate law enforcement agencies. The Union County Prosecutor's office is responsible for criminal cases coming from police departments of Marysville, Plain City, Richwood, Milford Center and the Union County Sheriff's Department.

Attached hereto are specific statistics for the calendar year 1973 and 1974 and ten months of 1975. For the period January 1, 1975 through October 31, 1975, there is also included a breakdown of felonies by individual case.

We respectfully submit this appeal for your consideration.

Very truly yours,
/s/ Max E. Robinson, Chair.

REQUEST AND APPROVAL FOR EXPENSES FOR WELFARE DEPT.

Dear Sirs:

The Ohio Dept. of Public Welfare's On-Going In-Service Staff Development Program for the 1975/1976 Year is offering special training programs for County Welfare Department staff newly assigned to the areas of Income Maintenance, Case management and Social Service Supervision.

We have successfully utilized these in-service staff development programs previously and found them most beneficial to the new employee or an experienced employee serving in a new capacity.

This year we plan to arrange for the attendance of Mrs. Marilyn Williams, appointed 9-15-75, at the Income Maintenance Orientation sessions to be held December 1st thru the 12th.

We also plan to arrange for the attendance of Miss Gayle Rausch, currently serving as a CETA employee, appointed 9-1-75, at the Orientation for Case-Managers to be held December 15th thru December 17th, 1975.

We are also interested in the attendance of Mrs. Madeleine Addams, who has been with our agency for approximately 2 years and has recently been promoted to a supervisory position in Social Services. We plan for her to participate in the sessions to be held January 5, 1976 thru January 9, 1976.

LETTER FROM COUNTY ENGINEER RE: WILD CAT POND DITCH MAINTENANCE

To: Union County Commissioners
From: William Yeager, Drainage FOreman
Subject: Wild Cat Pond Dtich Maintenance

Gentlemen:

On NOvember 25, 1975 William Yeager from the Union County Engineers Office and Halsey Eleyet from the Union Soil and Water Conservation District viewed the Wild Cat Pond Ditch in Jerome Township for the purpose of Ditch Maintenance hearing to set assessments.

We found construction completed in a good workmanlike manner. We noted however that soil conditions of the area were such that as much as a two foot layer of fine gravel has been exposed to water current in the ditch bottom. This condition can cause a problem of movement of this type material leaving an expensive maintenance problem.

We found also approximately thirty percent of the total length will have brush regrowth which will add to the expense of maintenance.

I think the initial maintenance period will be critical and expensive.

Sincerely yours,
/s/ William Yeager

Jack Mercer, Group Chairman

LETTER FROM SANITARY ENGINEER RE: TRANSFERS

Dear Sirs:

Attached is a list of expenses for labor in operating and maintaining the eight sewage treatment plants this office operates.

These labor expenses represent charges made against the users of the sewage treatment plants and also charges made against the developers for subsidizing the cost of operations. The revenue from these charges has been deposited to the Sewer District Fund, however, the salary for the labor has been provided through the Sanitary Engineering Fund, or by the General Fund.

These expenses cover the period of time from the date this office assumed operation of the plant (late 1973 and early 1974) until the end of the third quarter of 1975. (Our cost records are computed on a quarterly basis).

Our records indicate $9,396.55 has been used in labor to maintain the plants from their beginning until September 26, 1975, and can, upon your approval, be transferred from the Sanitary Sewer District Fund to the General Fund.

Also $3,249.08 has been deposited to the Sanitary Sewer District Fund from the New California Development Corporation as payment for plan review for time spent by Mr. Page and Mr. Stolte in the second and third quarter of 1974. As Mr. Page and Mr. Stolte's salaries were supported by the General Fund (Through Sanitary Engineering Fund and Building Regulation Fund) this amount could be transferred from the Sanitary Sewer District Fund to the General Fund upon your approval.

All records supporting the above information are on file at this office.

Very truly yours,
/s/ Bernard B. Hurst, Jr.
Environmental Engineer

LETTER TO AL MECOZZI FACTORY AND BUILDING INSPECTION

Dear Mr. Mecozzi:

Pursuant to your letter of Janaury 7, 1976 informing us that our application for Certificate of Plan Approval and plans thereto have been stamped ABANDONED, we request that the application and the plans be re-activated.

As we understand the problem: Your Adjudication Order #10933 was mailed to our Architects (McGee and Albert Attention John P. Albert, Jr., 3280 Riverside Dr., Columbus, Ohio 43221) on December 5, 1975 for reply due on or before January 5, 1976. They failed to reply.

There has, however, been no change in our direction to comply with the requirements. During December, the Home Administrator and the Architects did reply to the Dept. of Public Welfare, Columbus District Office concerning compliance with sprinkler system and other requirements. Failure to reply to your office was inadvertent.

Our Architects will resubmit plans and fees, etc., immediately. We ask your cooperation in retaining this project under an approved and current category.

REQUEST FROM MEMORIAL HOSPITAL BOARD OF TRUSTEES TO DEMOLISH BUILDING AND BUILD MODULAR UNIT

Memorial Hospital of Union County
London Ave., Marysville, Ohio 43040
January 16, 1976

Union County Commissioners
Union County Court House

Dear Messrs. Robinson, Beightler, and Parrott:

Several weeks ago the 648 Board approached the hospital board of trustees regarding the location of a building on hospital property. The purpose of the building is to house an additional service to be provided by the program administered by the 648 Board.

The hospital trustees at the December 18, 1975 meeting adopted the following resolution:

"The committee appointed for placement of the modular Mental Health Unit reported they thought it would be a good idea to place the unit where two hospital-owned houses now stand. Mr. Christy made a motion that a committee report be accepted and the older of the two houses be torn down for placement of the modular unit. Mr. Schacherbauer seconded. A roll call vote was taken. A unanimous "yes" vote was received."

The property we are referring to is Lot No. 256 located at 705 S. Plum Street.

Inasmuch as this lot is the property of the Union County Commissioners, we would appreicate your consideration of this matter with particular reference to your approval of removing the house.

I personally apologize for any misunderstanding that may have developed. Thank you for your concern and interest in Memorial Hospital.

Sincerely,
/a/ Earl B. Poling, Chairman
Board of Trustees
Memorial Hospital of Union County

SERVICE CONTRACT AMENDMENT

Gentlemen:

Due to the increased costs of labor and the upward trend to fuel and materials which we no longer can absorb, allows us no alternative but to increase your service contract. We are requesting your understanding and cooperation in this service cost adjustment.

Your present contract rate of $30.00 each inspection must be increased to $40.00 on your next service.

It is always difficult to ask our good customers for an increase in service cost prices, but we find it necessary at this time.

Please attach one of the amended forms to your contract. Sign and return one (1) copy to us in the enclosed return envelope.

Respectfully submitted,
/s/ Thomas W. Huston, PLUNGER LIFT ELEVATORS, INC.

LETTER FROM BRICKER, EVATT, BARTON AND ECKLER RE: COUNTY HOME SPRINKLER

February 25, 1976

Board of County Commissioners
Union County, Ohio
%Larry Schneider
119 S. Main St.
Marysville, Ohio 43040

Re: Revenue Bonds - Union County Home

Gentlemen:

During our conference of February 23, 1976 we were advised that existing bonded indebtedness of certain subdivision in the County precluded the County from incurrring any County bonded debt inside the ten mill limitation. Under such circumstances the only methods of financing the cost of Union County improvements would be through submission of a bond issue to the electors for approval of bonds outside the ten mill limitation or by the issuance of revenue obligations under Section 133.06 Ohio Revised Code or Chapter 140 Ohio Revised Code. Due to immediate need for county home improvements the Commissioners wish to avoid the delay required for submission of a bond issue to the electors.

It is our opinion that Union County can authorize and issue revenue bonds under authority of Section 133.06 Ohio Revised Code or Chapter 140 Ohio Revised Code. Chapter 140 further authorizes the issuance of notes in anticipation of revenue bonds. County revenue bonds issued under either of the foregoing statutory authorities would be special obligations payable from the receipts of the county home. Such revenue obligations would not be general obligations, debt or bonded indebtedness of the County. Holders of the notes or bonds would not have the right to have excises or taxes levied by the County for debt service. Accordingly, no lien or pledge of general funds derived from excises or taxes would be permissable. Approval of any revenue issue would be subject to a detailed analysis of the adequacy of funds for debt service which could lawfully be made subject to a lien and pledge of receipts under Chapter 140. Such analysis would be directly related to the financial feasibility and marketability of the notes and bonds.

Section 140.07 provides that the notes and bonds would be lawful investments for banks under Ohio Law. Section 140.08 provides that such obligations and the interest or other income thereof is exempt from taxation within Ohio.

LETTER FROM SANITARY ENGINEER RE: TRANSFER OF FUNDS

February 11, 1976

Dear Sirs:

Please be advised that during the last quarter of 1975, $1,156.25 in labor expenses was used to operate and maintain the eight sewage treatment plants under our jurisdiction. These labor expenses are reimbursed to the Sewer District Fund by monthly sewer charges to the users and also by charges made to developers in subsidizing the cost of operations.

The salary for the labor in maintaining and operating these plants has been provided through the Sanitary Engineering Dept, or the General Fund.

Therefore, upon your approval and action the above amount can be transferred from the Sewer District Fund to the General Fund. Al records supporting the above information are on file at this office.

Very truly yours,
/s/ Bernard Hurst
Environmental Engineer

REQUEST FOR TRANSFERS FOR WELFARE DEPT.

Dears Sirs:

We were advised 4-1-76 that the State Auditor has allocated special expenditure codes for the IV-D Child Support Program.

In order to bring our 1976 appropriation in line with these new codes we are requesting the following transfers from our existing H Accounts from:

H-5 to H-40	$5,000.00
H-33 to H-41	10,000.00
H-15 to H-44	500.00

We believe this action will be satisfactory for the operation of our IV-D Program as it exists today.

If and when we are required to move more heavily into a separate Child Support Unit, we will again be requesting an adjustment so that Codes H-35, H-36, H-37, H-38- H-39, H-24 and H-43 can be properly utilized.

Very truly yours,
/s/ John A. Popio, Director
Union County Welfare Dept.

REQUEST FOR TRANSFER OF FUNDS

Gentlemen: March 3, 1976

As per your decision on March 1, 1976, please appropriate in to my salaries category (A-le2) an amount for my prosecutor investigator beginning April 1, 1976 through December 31, 1976 in the minimum amount of $7500.00 plus PERS.

It is my understanding that Vesta Snider is now checking whether or not he would be eligible for either CETA II or CETA VI funding. If he is, we will arrange to have hine sign up. If he isn't it is my understanding that the County will go ahead and pick up the balance of his salary for 1976.

Also, please be advised that I intend to supplement Mr. DeGroot's salary for the work he is doing in connection with the new Non-Support Law through the Welfare Department. I will be in contact with you later as to working out the mechanics for payment of these funds.

/s/ Gary F. McKinley, Prosecuting Attorney

LETTER TO ELDON JOHNSON, NEW CALIF. DEVELOPMENT CO. RE: EXTENSION TO INTERIM PLANT

April 22, 1976

Mr. Eldon Johnson
New California Development Co.
104 Tri-County Office Park
1313 E. Kemper Rd.
Cincinnati, Ohio 45246

Re: New California Sewer Sub-District Extension to Int. Plant

Dear Mr. Johnson:

Reference is made to the meeting of April 12, 1976 in our office between the Union County Commissioners, Bernard Hurst, Union County Environmental Engineer, Gary McKinley, Union County Prosecutor, yourself and Ed Bischoff.

Your letter of March 25, 1976 requested approval to expand the interim plant from the initially planned capacity of 40,000 GPD (gallons per day) to 160,000 GPD.

During the meeting the Commissioners agreed to allow an expansion of 60,000 GPD, thereby increasing the capacity of the interim plant from 40,000 GPD to 100,000 GPD. This expansion may be scheduled by you to meet your immediate needs. The Commissioners further agree to allow you to proceed and obtain design approval for a two stage expansion- the first stage being the approved 60,000 GPD expansion, and the second stage being an additional 60,000 GPD expansion. The second expansion would then provide a total capacity of 160,000 GPD.

With reference to the terms of the June 17, 1974 Sewerage Development Agreement, the Commissioners signed the Agreement while you possessed an option on the proposed main plant site and the Commissioners action in approving the Agreement was based upon their feeling that progress was being made in providing a main plant for the entire New California Sewer Sub-District. Further, it is the position of the Commissioners responsibilities and committments under the letter and spirit of the June 17, 1974 Agreement, and in light of the continued effort by all parties to obtain the proposed main plant site.

The Union County Commissioners are committed and dedicated to take necessary action in the future that will ultimately lead to a main plant to serve the entire district. All future action by the Commissioners will be based on their strong determination to discourage temporary or interim facilities and to promote the primary objectives of the subject agreement-construction of a main plant.

The Commissioners want to further clarify the June 17, 1974 Agreement and this approval of interim plant expansion by stating that it is not now nor has it ever been their intention to exercise any rights of eminent domain in connection with the qcquisition of the central or main plant site. After the main plant is constructed, conveyed to the County and an ongoing development is underway in the sub-district, the possibility of using the County's power or eminent domain to acquire easements may exist.

Approval of the plans for the first 60,000 GPD expansion must be obtained from the Union County Environmental Engineer and Ohio EPA prior to beginning the expansion. The Union County Commissioners will approve the second 60,000 GPD expanstion only at such time that you prove to the Commissioners satisfaction the need for additional capacity, and providing difficulty is still being encountered in obtaining the main plant site.

The Commissioners wish to point out to you that this permission for expansion is being allowed based on your pledge in your March 25, 1976 letter "to expend every effort toward obtaining the necessary easements in cooperation with Union County to allow sewage treatment facilities to be constructed at the main plant site". It is understood that the interim plant will only operate until such time as the main plant is sufficiently completed to accept sewage.

We trust this approval will allow you to proceed with your plans for development.

Very truly yours,
/s/ Max E. Robinson
/s/ Russell L. Parrott
/s/ Carl Beightler

ACCEPTANCE:
The New California Development Company agrees to the conditions as stipulated in this letter.

An inspection of the following described property, for which you are agents to wit:
Union County Home Rt. #1, Box 73, Marysville, Ohio 43040

was made by this Department on the 20th day of May, 1976
I find that a fire could occur in this building and spreak out of control very quickly, generating large quantities of smoke and hot gases; that the building is not equipped with an approved automatic sprinkler system to automatically control a fire; and that the building is especially liable to fire and endangers the lives of the elderly occupants.

Therefore by reason of the premises and pursuant to the authority vested in me by virtue of my office under sections 3737.01 *835), 3737.14 (834), 3737.20 (836), 3737.21 (836-1), 3737.27 (837), 3737.28 (836-2) and 3737.99 of the Revised Code of Ohio, you are hereby ordered to, within six (6) months from the date of receipt of this order install a supervised automatic sprinkler system conforming to the applicable standards set forth in Section 14.3 and 14.4a, of the Ohio Fire Code, First Edition, 1973, or within six (6) months from the date of receipt of this Order, the building shall be vacated.

A copy of the Law fixing the penalty under which this order is made is printed on the back hereof, and you are advised to in nowise omit complying therewith under penalty of said law.

Witness my signature at Columbus, Ohio, this 12th day of July, A.D. 1976.

PROPOSAL FROM H. C. WEAR AND ASSOCIATES INC. FOR BOILER REPAIR FOR COUNTY HOME

August 14, 1976

Dear Mr. May:

According to our conversation, I am forwarding to you bids for doing several different items at the Union County Home. Our proposals for this work appear below:

1. Your present water softeners are of a manual type for regeneration and operation. They are Duro Water Conditioners model DRD 306. I had a difficult time attempting to find the exact operating multi port valves; and in fact, we could not find them. I am using Culligan since we represent Culligan for their industrial softeners. The valve nests for both softeners would be manufactured by Culligan. We would remove the old manual valves and instal two Culligan valve nest nulit-port valve assemblies for the sum of $2,475.00. I have also been informed that the resin is about seven years old, and it sould probably be replaced for better operation. The resin will cost about $100 per cu. ft. I am not sure how many cu. ft. of resin your softeners contain, so I can only give you a price per bag. To replace the old resin would cost about $350.00 for both softeners as as estimate.

2. The pop off valve on both the steam and hot water boilers are defective and should be replaced. On hot water boilers #1 and #2 there are 2" valves, and we would furnish and install two new relief valves for the sum of $490.00. On the steam boiler there is a 1½" 125 psi. relief valve, and we would install this for the sum of $235.00.

3. We would replace a T915A temperature controller and well which controls the temperature operation of the boilers for the sum of $195.00.

4. We would furnish and install a new 2 HP 56C frame motor on the existing Ray burner for the sum of $427.00. We were unable to find the fan for this burner; and, if the fan is not there, it would have to be ordered as well as the motor - $100.00 fan.

5. We would furnish and install a new condensate tank which would be 5 ft. high x 36" in diameter for the sum of $1,976.00. This would have a M & M 25A feeder installed on the end to add water automatically to the system if it is ever needed. The tank would be supported on pipe legs and the pump would be positioned directly beneath the tank. All inner-connecting piping between the boiler, tank, and pump would be reinstalled with a new valve and strainer assembly from the tank to the pump.

There is a variety of other work that will be required on the replacement of blow down piping, the installation of permanent wiring instead of temporary, a new gauge glass set, 1" horizontal check valve, and 1" gate valve plus the Marshalltown temperature gauges with five feet of capillary. These items are very difficult to present a bid on since they would have to be done on a time and material basis, but it would estimate that this work could be performed for about $560.00.

I hope this information is satisfactory to you; and, if we can be of any further assistance to you, please do not hesitate to contact us.

Very truly yours,
H. C. WEAR & ASSOCIATES, INC.

Add $630.00 for 2" Blowdown systems

It was moved by Carl L. Beightler and seconded by Max E. Robinson to accept the proposal from H. C. Wear and Associates, Inc. for the boiler repair at the Union County Home. Due to the fact that the cost will be more than $2,000.00 pursuant to Section 307.86 of the Ohio Revised Code the Commissioners hereby make a determination that an emergency exists because the boiler is in dire need of repair.

LETTER TO GARY MCKINLEY FROM ATTORNEY GENERAL RE: OPINION ON TITLE IV(D)

State of Ohio
Office of the Attorney General

Re: Title IV(D) related contract with the County Welfare Department

Dear Prosecuting McKinley:

This letter is in response to your earlier correspondence and is a follow-up to our recent telephone conversation.

The problem you have presented relates to your agreement as the Prosecutor with the County Welfare Department to pursue litigation of new cases which will generate funds for the Welfare Department. As I understand it the agreement you have with the Welfare Department is one made pursuant to the Federal statutes and regulations referenced above.

Pursuant to the agreement I understand that you and your assistant prosecutors have pursued a number of cases and the money which has been recovered has been paid to the Welfare Department which in turn deposited the money into the county's general fund.

The problem now is how compensation for your office, under the agreement, can be paid out of the county gen. fund.

As we discussed during our telephone conversation it seems agreeable to you and easiest to facilitate a situation where moneys coming from the general fund would be used to increase the salaries of assistant prosecutors and/or to employ one or more additional assistants.

I have discussed this approach with Mr. Rouch of the Auditor of State's office and he agrees that this would be acceptable.

As to the mechanics, Mr. Rouch informed me that it would be perfectly acceptable for the Budget Commission to amend its certification-inasmuch as the new monies received by the general fund are an entirely new source - after which the commissioners may appropriate those additional new monies certified to the prosecutor's office.

I hope that the above information will resolve your problem, but if you have further difficulties please do not hesitate to contact me directly.

Very truly yours,
/s/ David H. Beaver
Chief Cousnel's Staff

ESTIMATE OF ARCHITECT

September 29, 1976
9:00 A.M.

Gentlemen:

In view of current price inflations, fear of governmental money and the related requirements, problems with meeting the time requirements of approval and completion (approval agencies have already made this impossible), I would recommend suspension of the $200.00 a day penalty, and also point out you may expect a base bid of $350,000.00 brought about primarily by contractors trying to protect themselves. This problem has come to light in the last two days and hence impossible to do anything about alleviating same as far as the bidding is concerned.

Sincerely,
/s/ John P. Albert

Within fifteen (15) days following receipt of such statement, the First Party shall deliver to the Sanitary Engineer payment in full of any amount payable by the First Party.

9. At the end of one year from and after the date of plant operation the said parties shall review and assess the extent of development which has occurred in the Jerome Industrial Park Development during said interim period and if it is mutually agreed by and between the parties at that time that such development is sufficient to permit the assessment of the entire cost of operating said sanitary sewers and treatment plant to the users within the subdivision at a rate specified per month per tap so as to release the First Party from any further financial responsibility for the maintenance and operation of said treatment plant.

10. All permits for sewer taps shall be issued by the Sanitary Engineer, and the fee charged for such permits shall be the current fee then being charged by the County for such permits. All such fees so collected shall be deposited in the appropriate fund.

11. In the event the County ceases to operate the facility, the County agrees to release any right, title or interest that Union County may have in the abandoned facilities to First Party, its heirs, executors, administrators successors or assigns, provided First Party, its successors or assigns make application to the County for the return of such facility within thirty (30) days following the receipt of notice of abandonment of said facilities

by County resolution. Notice of such abandonment shall be made by publication of the resolution of abandonment, once weekly, for two consecutive weeks in a newspaper of general circulation in the County with a copy thereof mailed to the last known address of First Party, its successors and assigns. The County will cause the abandoned facilities to be put in a safe and slightly condition if the First Party shall fail to make application for the return of such facilities, and to retain any and all salvageable material or equipment which it deems fit to do, as just compensation for the work of returning the facilities to a safe and sightly condition.

12. The County, if they deem it advisable, may treat sewage originating from outside the territory shown on the plat, in the said sewage treatment facilities, but only insofar as there is sufficient capacity within the plant to so do, or if the plant is enlarged, to the extent that the service to the land shown on the plat shall not be impaired by the added usage. The County will charge users in the outside area a pro-rata share of the cost of the facilities so constructed by First Party, excepting sewer lines on the basis of the original cost of the facilities used, and the proportionate area of the land or number of lots in the area. The amount so charged shall be placed in the appropriate fund.

13. It is further agreed that First Party shall insert an appropriate clause in each deed of conveyance by which he transfers title to the lots contained in said subdivision, which clause shall constitute a legal, valid and binding obligation upon the purchaser to assume and pay any assessment which may thereafter be assessed for the operation of said sewage treatment plant.

14. First Party furhter agrees to construct an all weather aceess road to said sewage plant, to be built when specified by Sanitary Engineer.

15. A chain link fence will be required to fence in system according to County regulations.

16. First Party further agrees to fully comply with the provisions of the Union County Subdivision Regulations which pertain to central sewage treatment plants and appurtenances.

17. First Party agrees to require the Manufacturer of the sewage treatment plant to guarantee all equipment in the plant for a period of not less than one year after the date the plant is placed into operation.

18. No industrial waste will be accepted into the sewage treatment plant without permission from the Union County Sanitary Engineer.

This agreement to be binding upon the heirs, executors, successors and assigns of all parties hereto.

IN WITNESS WHEREOF, the parties hereto have set their hands the date above mentioned.

LETTER FROM DEPT. OF INDUSTRIAL RELATIONS RE: COUNTY HOME PLAN APPROVAL FOR SPRINKLER

Gentlemen:

On January 7, 1976, we sent you a letter indicating that the plans for the above referenced project were abandoned. The reasons for the abandonment were described in the letter. On January 12, 1976, this office received a letter from the owners asking that theprojects be re-activated. This was done. To this date, the plans for this project have not been approved even though there have been plan resubmissions and conversations with the architect. Plan approval for this project is no closer now than it was in 1974.

Recently, a new set of plans, shelf number 764638-R, were submitted by your architect John P. Albert. These plans are less informative and have more problems with them than the original plans that were submitted in 1974. Therefore, we are going to abandon plans 95436-R permanently and they will not be re-activated. I suggest that you contact your architect and impress upon him the need for getting the plans for your sprinkler system approved. If you have any questions pertaining to this matter, please feel free to contact me. For your information, I am enclosing a copy of a letter sent to your architect describing the problems withe the project.

Yours truly,
/s/ Al Mecozzi

RE: Cunion County Home

Gentlemen:

We are in receipt of a letter from John P. Albert, Architect, advising the status of the installation of your sprinkler system and requesting an extension of time for the completion of this system.

We can appreciate the difficulties you have experienced in obtaining funding, etc, and inasmuch as this system should be completed by March 1, 1977, we will grant an extension of sixty (60) days to our order of July 12, 1976, with compliance date of March 14, 1977.

If we can be of further service to you, please do not hesitate to contact our office.

Sincerely,
s/Terry E. Drake

LETTER FROM ALICE ADAMS RE: REMOVAL OF COVERED BRIDGE ON WINGET ROAD (Letter received January 21, 1977)

Dear Sirs,

We would like to request the removal of the covered bridge located on Winget Road in Union County. It is an old bridge, badly in need of repair. It restricts us as to the size and types of machinery that can be taken across. Combines and other large equipment must be taken through the water or we must go through two neighbors fields, cut their fences, and go through crop land. Equipment is too costly to be ruined by running it through water. We are limited as to the size of trucks we can use to haul grain, as the tonage limit is quite low. Therefore we would like a new bridge constructed. If the Historical Society would like to preserve it perhaps they could move it to the side.

We would like to discuss this with you. Please notify us as to your meeting date. We would be glad to attend.

WHEREAS, provisions of the aforesaid prohibits any person, firm or corporation from erecting, constructing, enlarging, altering, repairing, improving, moving or demolishing any building or structure (used as a one, two, or three family dwelling) without first obtaining a separate building permit for each building or structure from the office of the ENVIRONMENTAL ENGINEER, BUILDING REGULATION DEPARTMENT, AND

WHEREAS, Amended H.B. 664 of the 111th General Assembly authorizes Counties to regulate all classes of buildings and structures in special flood hazard areas when identified by the Federal Insurance Administration.

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF UNION COUNTY COMMISSIONERS OF UNION COUNTY, OHIO THAT:

SECTION 1.0 FLOOD PLAIN CONSTRUCTION REGULATIONS.

1.1 No person, persons, firm or corporation shall erect, construct, repair or alter any building or structure, including all residential, commercial, industrial, and the placement of prefabricated and mobile homes, within the designated flood hazard area of the unincorporated areas of Union County until application has been made and permit has been properly issued by the Union County Building Regulation Department;

1.2 A review shall be made by the Union County Building Regulation Department for all proposed development when located in the flood hazard areas to assure that all necessary permits have been received from those governmental agencies from which approval is required by Federal or State law, including Section 404 of the Federal Water Pollution Control Act Amendments of 1972, 33 U.S.C. 1332;

2.3 REVIEW AND ISSUANCE OF PERMIT

The Union County Building Regulation Department shall review all permit applications for improvements proposed within flood prone areas and shall issue a flood plain construction permit after reasonable assurance of the following criteria:

Any person, persons, or firm owning property that is erroneously shown to be included within the flood hazard area on the Flood Hazard Boundary Maps, and conversely any person owning property that is erroneously omitted from the flood hazard boundary may have the proper correction made to the Flood Hazard Boundary Maps by submitting the supportive information through the Union County Environmental Engineer to the Federal Insurance Administration of the U.S. Department of Housing and Development.

LETTER OF REQUEST FROM JOHN POPIO

Union County Board of County Commissioners
Court House
Marysville, Ohio 43040

Dear Sirs:

Please consider this as our formal request for your approval of a rate increase per transaction fee paid to Union County Food Stamp Issuance Centers. Currently the following institutions are paid $.75 each transaction: First Natl. Bank, Main Office, Marysville, Ohio; First Natl. Bank, Plaza Office, Marysville, Ohio; Richwood Banking Company, Richwood, Ohio; Citizens Federal Savings & Loan, Plain City Branch, Plain City, Ohio.

With your approval our department will be negotiating current issuance agreements reflecting an 80¢ per transaction payment level. This brings the amount of our payment up to the maximum reimbursable amount permitted by Ohio Department of Public Welfare and we feel this rate is reasonable in keeping with their increased costs, and consider ourselves to be most fortunate in having their valuable participation in the program. This increase in per transaction rate is not expected to affect our mandated county share.

Respectfully
s/John A. Popio, Director

Dear Sirs:

In response to your letter of March 8, 1977, I will accept your reappointment to the Hospital Board of Trustees for a term of six years.

In serving this past year, I have found the position to be a challenging one that requires much time and many difficult decisions. I will always do my best to serve well.

Mr. Poling, the Hospital Administrators, the medical staff and other board members have been most helpful to me. They are a dedicated group and Union County should be very pleased with their devoted efforts.

Please convey my thanks to the Board of County Commissioners and the Honorable Judges for their confidence.

REQUEST AND APPROVAL - GAS LINE REPAIR, WELFARE DEPARTMENT

Union County Board of Commissioners
Court H use
Marysville, Ohio 43040 RE: Gas line repair

Dear Sirs:

Mr. Dwight Shuler, a crewman with Columbia Gas of Ohio, was into our office 6/1/77 to inform us that they had discovered a leak in our gas line between the street and our meter. (The lines inside our building are tight). Consequently they have shut off our gas service until the repair is completed. He advised us that this repair was the responsibility of the property owner, not his company. He also advised us that it would also be necessary to relocate our gas meter since the high pressure line runs through our basement.

He asked that when the above repairs have been completed, we notify his office so that service may be reinstituted.

While the loss of service represents no immediate difficulty for our office at this time, please arrange accordingly for this repair.

Very truly yours
s/John A. Popio, Director

REPORT OF THE BOARD OF COUNTY VISITORS (MR. HERMAN RAUSCH AND MRS. STEPHEN STRENG) - UNION MANOR

We went to Union Manor, the County Home, on June 28, 1977. Mrs. May took us on a tour of the facilities. We found they need office space desperately. We also found a need for more black topped driveways. The employees also used the front parking lot because the back lot was stone and very muddy. The building was being remodeled and painted which will help a lot. The kitchen was very clean but very warm. A vent fan is in and helps a lot. There was a lot of new equipment which helps very much in the running of the facility, but there is always room for newer equipment. There are activities planned for the residents which we feel is an asset. There are always a need for more volunteers' activities. The buildings are kept very clean. The staff was very pleasant and seemed to be doing an excellent job. There was plenty of food in the storage areas and everything was well kept. They felt 50 more beds could be used by the county. Over all we found Union Manor to be run very well.

LETTER FROM SEASONGOOD & MAYER RE: BID FOR RENEWAL NOTES - UNION MANOR IMPROVEMENTS

Board of County Commissioners — July 6, 1977
Union County, Ohio
Marysville, Ohio

Gentlemen:

In accordance with discussions had with your Mr. McKinley enclosed is a bid for $350,000 Renewal Notes of the County for action on the 11th of July 1977.

At the time the Notes were originally issued, we sent you a schedule of payments which covered an assumed rate of interest of 4½% on $340,000 Nstes. This amount was increased to $385,000. As a consequence, if you now repay $35,000 of the Notes, which incidentally will require $35,000 for principal payments and $17,325 for interest payments for a total of $52,325, there will remain outstanding $350.000 Notes.

While interest rates on notes vary from year-to-year we have refigured the schedule of maturities on the $350,000 outstanding notes at an assumed constant rate of 4% so that you may have a copy in your files.

Sincerely yours,
s/Gordon Reis, Jr.

LETTER OF REQUEST - JOHN POPIO, DIRECTOR, WELFARE

Board of County Commissioners
Court House
Marysville, Ohio 43040

RE: Transfer of funds to cover the balance of the local share of children's service expenses for FY-76

Dear Sirs:

We have received from the Ohio Department of Public Welfare, Computation of County Over or Underpayment for 1976 for both our income Maintenance and Social Service Programs. Having clarified some issues of concern, we have computed the remaining balance of local funds which are required to support our agency's program for FY-76(see

attached)

Based on that computation we will be requesting a transfer of $1,108.24 directly from our Social Services A-9b12 Account to the agency's Public Assistance Account.

Since an additional $3,225.00 is needed in the Public Assistance Account to cover excess Emergency Assistance provided in FY-76 we are asking that you re-appropriate $3,225.00 from our A9b-12 Account to the P.A. Grants Account. There, upon the receipt of these funds in the appropriate County P.A. Grants Account, we ask that you then transfer them directly to the P.A. Account also.

Thank you for your cooperation in this process. It is hoped that with our conscientious effort to meet our obligation to the P.A. Rotary Account we can avoid any "catastrophic" cash flow problems.

Respectfully,
s/John A. Popio, Director

AGREEMENT

THIS AGREEMENT, by and between the Union County Board of County Commissioners, hereinafter called the "Commissioners", and Labor Relations Bureau, Inc., an Ohio corporation having its principal place of business in Columbus, Ohio hereinafter called the "Contractor".

The Contractor, in consideration of the covenants and promises set forth hereafter, certifies,covenants, and agrees to perform in the following manner, to wit:

1. The contractor shall develop a classification plan and provide the following:
   - A. Determine Job Requirements and Functions-Survey all employees and their supervisors to determine responsibilities, duties, and qualifications, (e.g.,knowledge, skills, education, experience), required for minimum acceptable job performance. The survey is conducted through the use of a questionnaire completed by eac h employee and supervisor. All elected officials will have The opportunity to review and comment upon completed questionnaires of employees under his/her control. In addition, the Consultants will conduct face-to-face interviews, (desk audits), with selected employees and supervisors, and all elected officials.
   - B. Grouping Positions Into Classes-Based upon information obtained from the questionnaire and interviews, assign similar positions of essentially similar duties, responsibilities, and qualifications to a single class. There will be as many classes as there are significantly different kind of positions.
   - C. Write Class Specifications-Write brief descriptions of the work that is characteristic of each class and identify pertinent job information relevant to each class.
   - D. Ranking The Classes-Prepare a chart tentatively ranking all classes in proper relationship to each other. This class relationship chart shows the desirable pay relationships among all classes in the plan.
   - E. Agency Review-Present tentative class plan to elected officials, department heads, and employees for review. Revise specifications based on agency review.
   - F. Define specific jobs that hold a fiduciary relationship to the elected county officials and assist in notification to the Department of Administrative Services as provided for in section 124.11 of the Ohio Revised Code.

II. The Contractor shall conduct a pay survey, develop a compensation plan, write a project report and provide the following:
   - A. Conducting The Pay Survey.
     1. Identify classifications to be included in the pay survey. These "benchmark classes" are those which (a) include substantial numbers of employees, (b) will identify pay levels of prime significance to the County, and (c) will serve as landmark rates in the pay schedule.
     2. Selected geographical areas of survey and employers to be contacted. It is proposed these decisions be made in consultation with the County Commissioners and other elected officials.
     3. Consultant staff collect data on salaries, wages and fringe benefits paid by designated employers.
   - B. Developing A Compensation Plan.
     1. Based upon the newly established class plan survey data and economic resources of the County, design a pay plan to provide equitable compensation for all County employees.
     2. Prepare an allocation list assigning all covered positions to a pay range based on relative overall duties and results of pay survey.
     3. Estimate the payroll cost of the new pay schedule.
   - C. Project Report.
     1. Based on the above analyses, we will prepare an agenda for discussion with all elected officials including:
        a. Presentation of findings;
        b. Pinpointing problems and special situations
        c. Defining specific items that require policy decisions, accompanied by recommendations from us on each such item.
     2. The final report would include the following;
        a. An explanation of the procedures used in conducting the survey;
        b. A summarization of pay data collected for bench mark classes;
        c. A manual describing procedures for maintenance of the plan.

III. The Contractor will evaluate the current Employee Records System used in Union County. Our professional staff will give particular attention to those areas most likely to cause difficulties if in non-compliance with present civil service statutes and those areas with high potential for future controversy in Labor-Management relationship. While LRB, Inc. will evaluate all areas of record keeping important to the efficient day-to-day functions of management, we will pay particular attentionto records with the

following functions:

A. Chronological Work History
   1. Appointment, (Hire). date
   2. Continuous service
   3. Education and training
   4. Retention point computation

B. Attendance records

C. Employee performance records
   1. Performance evaluations, New and Promotional
   2. Disciplinary records, Appointing Authority file and central file
   2. Position assignment profile

D. Other areas as the Union County situation indicates.

LRB, Inc. offers the above as examples of the types of records that should be maintained at some accessible point. No attempt has been made to presecibe in detail the records necessary to support all aspects of the Union County employment scenario. That determination can only properly evolve as the assigned LRB Associate comes to know the needs services, and problems of Union County.

An LRB Principal Associate will meet with representatives of each participating Appointing Authority to determine the needs of their respective departments. Each participating department will be reviewed, audited, and recommendations for compiling and reporting pertinent employee data will be presented by the LRB Principal Associate. Where required LRB, Inc. will develop model forms to meet specific needs. In those instances where unnecessary or repetitive forms are in use LRB, Inc. will propose elimination of the current forms and substitution of more appropriate documents. LRB, Inc. will develop a skillfully designed Employee Records System that, properly maintained, will lend itself to the well kept, accurate, records that we believe are essential to an efficient personnel operation.

IN CONSIDERATION of the foregoing covenants and promises, the Commissioners promises and agrees to pay the Contractor the sum of Nine Thousand Dollars ($9,000.00). During the first month, invoices setting forth the charges are submitted after the tenth and last day of the month and payable upon submission. For the balance of the project, invoices will be submitted the last day of the month and payable upon submission to the Contractor. It is understood that this service covers approximately 50 employees more or less of the County Engineer and the County Engineer will participate in the funding for it.

IN WITNESS THEREOF, the parties hereunto have set their hand to duplicates hereof this 25th day of July, 1977.

July 14, 1977

Dear Gary:

I have been advised by Ms Snider that the County Commissioners desire to renew a portion of the $385,000 Home Improvement Notes which mature on August 9, 1977. It is my understanding that funds are available to retire $35,000 of the outstanding notes at maturity and, accordingly, the renewal notes will be in the aggregate principal amount of $350,000. The Commissioners have accepted the offer of Seasongood & Mayer of Cincinnati to purchase these renewal notes at the par value thereof and accrued interest and bearing interest at the rate of 4% per annum. I enclose herewith the following proceedings for this renewal issue:

1. Incumbency Certificate. To be completed by the County Auditor and three copies returned to us.
2. Certificate of Estimated Life. To be executed by the County Auditor and three copies returned to us.

Upon receipt of the foregoing documents we will prepare and forward to you the notes together with the Treasurer's Receipt and other closing papers and contact you for making arrangements to close this issue. Since the outstanding notes mature on August 9, it is essential that the renewal notes be delivered by that date. On August 9 the County should have available sufficient moneys to pay the interest on the outstanding $385,000 notes and the $35,000 to retire a portion of those outstanding notes.

REQUEST FROM UNION COUNTY COUNCIL ON ALCOHOLISM FOR FUNDING

Union County Commissioners
Marysville, Ohio 43040

Dear Sirs:

The Union County Council on Alcoholism is the governing body for the Union County Alcohol Program. At the present time the council is trying to raise money to support the program. Federal funds are almost gone and local money is needed to keep the program going.

There are two alcoholism counselors for Union County. Each does individual counseling with people who are having a problem with alcohol and their families. If an alcohol problem does exist and it is felt that hospitalization is needed arrangements will be made for inpatient treatment at the Regional Alcoholism Center Talbot Hall at St. Anthonys Hospital or Riverside Hospital's Alcoholism Unit in Columbus or Green Hall at Green County Hospital in Xenia.

If a client needs transportation to an inpatient facility, another social agency, a doctor or someplace else one of the counselors will try to provide it or make arrangements for someone else to.

The counselors have ready access to films dealing with alcohol and alcoholism which can be used to inform the public along with lectures. In the past year alcohol information has been presented to the Kiwanis Club, Richwood Central Methodist Church Womans Group, Twig Benders CCL, Country Bells, Marysville High School Key Club, classes at Fairbanks High School, teachers at North Union Jr. High School, and nurses at Memorial Hospital of Union County. Literature is available from the Union County Alcohol Program office and is free to anyone wishing it.

On July 6, 1977 an Alcohol Education Program for court offenders was put in operation. Those people convicted of DWI, who the judge feels it will benefit, are referred to the course. They are given 10 hours of films and lectures on how alcohol effects the body and why they should not be driving after drinking. This course is the first four Wednesdays of each month and lasts 2½ hours each night.

Some work has been done at Rockwell International on training the supervisors and union officials on alcohol and alcoholism. They were shown that the alcoholic can be helped and needs to be. Referrals are made from the Personnel Office to the Alcohol Program.

Any agency, company, or individual can make a referral to the Union County Alcohol Program. Everything is kept confidential. If someone is referred and alcohol is not the problem the right agency will be located and steps taken to get the person help.

At the present time members of the Union County Council on Alcoholism are: Marge Arter, Executive secretary in industry; Don Baker, Manager - Industry; Azelene Bond, Executive Secretary for Union County Red Cross; Vernon Bright, Marysville Police Chief; Fred Cheney, Businessman; Jacob Elberield, Physician; Thomas Kent, Industry - Rockwell; Edwin Lewis, Minister; Luther Liggett, Attorney; R.W. Slusher, Retired Union County School Superintendent; Walt Smith, President Marysville Jaycees.

I hope the above information will help the Commissioners decide to support the Union County Council on Alcoholism.

Sincerely,
s/Jacob H. Elberfeld, M.D.
Chairman

Request for expenses:

I hereby request expenses to attend the N½rthwest District reasurer's meeting. I would like to take one deputy with me. I have only attended one of these meetings and felt that I learned a great deal. I may find after

attending a few of them that they are not worth the time and money expended. The agenda for this meeting includes Penn Central (which may have no benefit at this point), legislation, investments. I expect to take one deputy this time and a different one next time. I would like my employees to think progressive and be aware of what other counties are doing and what we can do. I don't want to be stuck in a rut.

RE: Investments

On 9-28-77 we invested $200,000.00 in an open end repurchase agreement at 5.8% interest. I arrived at the $200,000.00 figure in the following manner:

50,000.00	One big check that was written
262,910.93	Balance

As personal Property and Tangible Taxes are paid we can increase this figure, hopefully. 1977 accumulated interest:

48,720.00	Inactive
112,230.64	Interim
160,950.64

LETTER OF REQUEST - Tomia Lowe, UNION COUNTY TREASURER

To: Union County Commissioners
From: Union County Treasurer

Attached you will please find a copy of the agenda for the Seminar for new Treasurers which will be held in Columbus October 5 and 6.

I want to take Jane Gamble on Wednesday and I want to take Jane Sanderson on Thursday. I chose it this way because of their particular duties.

There is no mention on cost. It would be my guess that the only cost involved is lunch and mileage. However, there may be a registration fee.

Estimated Cost:	2 meals @ 6.00	(estimated for a planned luncheon; if it is on our own it will be less
	6.00	
Mileage	12.00	(Will use speedometer reading from Marysville)
	24.00

LETTER FROM EUGENE AMRINE RE: RETIRING FROM 169 BOARD AS A MEMBER

Honorable Board of Union Co. Commissioners Oct 1, 1977

Dear Sir:

I wish to retire from the 169 Board as a member November 1, 1977

It has been a rewarding experience to work in this worthy program for the mental retarded and handicapped people of Union Co.

I want to thank you gentlemen for the trust you have placed in me. I want to say each time I called at your office it was a pleasure. For Tomia Low and Vesta Snider they are so nice in meeting the public.

I am sure there are many people that can do the job as a member of the 169 Board of Union County.

The meeting you people had in my honor at the Lamplighter September 29 was a good pay check for all my efforts in the 169 Board program year 1977. Thank you.

s/Eugene Amrine

LETTER FROM TOMIA LOWE (UNION COUNTY TREASURER) RE: REPURCHASE AGREEMENT - INVESTMENTS

To: Union County Commissioners Oct. 11, 1977
From: Union County Treasurer
RE: Investments

On October 4, 1977 we went into a repurchase agreement in the amount of $300,000.00. If I figured correctly interest earned would have been $50.00 per day. Interest rate - 6%. On October 11, 1977 we changed the amount to $400,000.00. Pat Blue is out to lunch (as I am typing this) so I do not know the interest rate. $100,000.00 was a

terminated C.D. Tomorrow, in all probability, we will change it to $700,000.00. And, Thursday it will have to be changed again because we have a $200,000.00 C.D. coming due that day. We are cashing the C.D.'s because we are expecting the settlement to be made shortly and cannot have monies tied up for day periods. Besides, the interest rate is better.

REQUEST & APPROVAL - JOHN POPIO, DIRECTOR OF WELFARE

Board of County Commissioners
Union County Court House
Marysville, Ohio 43040

RE: Employee fringe benefits

Dear Sirs:

Since all administrative expenses for the Special Fuel Energy Crisis Intervention Program must be reported and claimed for reimbursement with the October AA-27 Report, and since we will not be billed for PERS or Workmans Compensation until later in the year when the program has fully lapsed, we are now processing a voucher in the amount of $225.88 from our P.A. Account, payable to the County Commissioners. This amount is based on an estimate of employee fringe benefits applicable to the Special Fuel Energy Crisis Intervention Program. It is our desire to place these funds into the County General Fund and when we are billed for the employee benefits, make payment from the General Fund Account.

In summary we are asking for the $225.88 to be deposited into the P.A. Grants Account now and when we are billed for PERS or Workmans Compensation, the amount attributed to the Special Energy Crisis Program be paid from the P.A. Grants Appropriation. We regret the complexity of the situation, however this is the only way we can be assured of receiving full reimbursement for this special program.

Respectfully
s/John A. Popio, Diector

PUBLIC HEARING ON DUN'S RUN COUNTY DITCH IN DOVER TOWNSHIP

A public hearing before the Union County Commissioners was held on the Dun's Run County Ditch in Dover Township. This sixth annual hearing was adjourned from last December and it was held to resolve the degree of maintenance assessment needed to maintain the drainage capability of the ditch. Previously, the assessment was at a rate of 6% of the original cost of the ditch.

Mr. Bill Yeager, ditch maintenance specialist in the Union County Engineer's Office, told the landowners present that the fund was depleted before the work was finished. Brush control has used more of the annual fund than is raised, with no money left to finance earth work or channel correction.

The engineer's department recommended an assessment of 12% which would provide "catch-up" funds in addition to financing maintenance through the remaining years of the current six year period.

Those present were:

Steve A Stolte	Howard C. Black
Joseph Harrington	Ward M. Teters
Elizabeth Carson	Floyd McDowell
Kathy Huddy	J. Everette Carson
William W. Galloway	J. Donald Hart
William Yeager	Charles C. N. Lee

REPORTS FROM BOARD OF COUNTY VISITORS - UNION MANOR

On Nov. 28, 1977 a visit was made of the Union Manor, by Bernadine Kerns and myself Harold Hall. Mr. May being absent, Mrs May escorted us through the home.

The ventilation seemed to be good - we didn't notice any bad odors. The home was basically clean and neat. The craft room was a little cluttered up, but we can overlook that due to some craft work being done. The kitchen has good equipment and seemed to be clean.

It was a cold day when we visited, and the building was very comfortable, except one lobby at the end of the hospital wing was a little cool.

The patients dining room was well arranged - names at tables,an identification of the kind of drink they use, also special diets served to patients in need.

The employees dining room was a little cluttered but not bad.

We were impressed with the popularity Mrs. May has with the patients.

We thought 104 employees for 112 patients seemed high, but when you hear about 50% needs help on baths and assistance to get to the dining area you can see why they need the help.

We were told they have backup heating and light system.

Generally speaking we think home is operated in a pretty good fashion.

s/Harold Hall

* * *

Dear Mr. Allen:

Mr. Hall and myself toured the Union Manor but I observed and questioned the ventilation system. Mrs. May told us that the fresh air duct that is in the kitchen brings in cold air into the kitchen in winter and in the summer the outside hot air is blown into the kitchen. However, in the winter, the heat from the stoves and ovens can be utilized. What happens in the summer when there is no way of cooling the kitchen? I would like to recommend an investigation upon the feasibility of improved air conditioning for all the home.

I would also like to suggest that window repair in the kitchen be taken care of. It not only looks unsightly but is a source of heat loss. In general I feel the home is adequately maintained and managed.

Dated: Feb. 13, 1978

s/Warren G. Sutton, County Auditor of Union County, Ohio

NO-ARBITRAGE CERTIFICATE

The undersigned Clerk of the Board of Commissioners of Union County, Ohio, certifies and reasonably expects that the following will or has occurred with respect to $2,750,000 Memorial Hospital of Union County Improvement NOtes of the issuer dated March 1, 1978:

1. Said notes are issued for the following purpose: Construction of improvements to the Memorial Hospital of Union County, furnishing and equipping the same.

2. The issuer will enter into or has entered into a substantial obligation to commence or acquire the project or projects as follows:

Contract	Date	Amount	Total Project Cost to be paid from Bonds
Expansion of E.R. Lab and x-ray services	5/19/78	$1,750,000.00	$2,750,000.00

3. Work on the projects will proceed after the date or dates recited in Paragraph 2 with due diligence to completion.

4. At least eighty-five per cent (85%) of the spendable proceeds of the notes will be expended for project costs by 5/19, 1980.

6. The original proceeds of this issue will not exceed by more than five per cent (5%) the amount necessary for the purpose of the issue.

7. The issuer has not been notified of any listing or proposed listing of it by the Internal Revenue Service as an issuer whose no-arbitrage certificates may not be relied upon.

On the basis of the foregoing, it is not expected that the proceeds of the bonds or notes in anticipation thereof will be used in a manner that would cause the bonds or notes to be arbitrage bonds or notes under Section 103 (c) of the Internal Revenue Code and the regulations prescribed under that section. To the best of my knowledge and belief, there are no other facts, estimates, or circumstances that would materially change the foregoing conclusion.

LETTER FROM UNION COUNTY COUNCIL ON ALCOHOLISM - JACOB H ELBERFELD, M.D.

Union County Commissioners
Union County Court HOuse
Marysville, Ohio 43040

February 6, 1978

Dear Sirs:

The Union County Council on Alcoholism would appreciate continuing support from the Union County Commissioners. Attached is a balance sheet from July 1 to December 30, 1977. This will show how the council has raised money and what it was spent on.

The City of Marysville will contribute $2,500 for the FY '78 and hopefully the Union County Commissioners will do the same. We feel that 50% of the people we reach are within the city limits and the remainder within the county.

The members of the council have unanimously decided that prevention and education should be the goals for the coming year. Schools within the county will be approached to set up a more intense program of alcohol education for the students. To do this a council member and one of the alcoholism counselors will meet with each principal at junior high and senior high level. Letters will be mailed to service groups, clubs, organization, etc, advising them that speakers and information on alcohol and alcoholism is available free of charge.

Individual counseling of alcoholics and their families is still being done by the two counselors. In-patient facilities in Columbus and Xenia are used if necessary with transportation provided if needed.

Thirty-six persons have attended the first six months of the Alcohol Education Program for court offenders. Two persons have been referred from courts outside of our county.

Hopefully the commissioners will be able to again support the Union County Council on Alcoholism.

Sincerely,
s/Jacob H. Elberfeld, M.D.
Chairman
