On motion of Mr.Mapes,seconded by Mr.Gill,each member voting "Aye" on roll call,Mr.Cameron of Union County was elected Secretary of the Joint Board.

On motion of Mr.Mapes,seconded by Mr.Gill,each member voting "Aye" on roll call,W.P.Beightler County Surveyor of Union County,is hereby named as Engineer for the location and construction of said ditch.

The County Auditor of Union County this day delivered to the Joint Board a copy of a ditch petition filed with him by Edmond Dilsaver,et-al praying for the location and construction of the following described ditch;Commencing at the juncture of the Hupp Lateral with the main part of the Harris Joint Ditch about 40 rods east of the Marysville and Marion Stone Road;Thence separating said Hupp Lateral from the main ditch and running parallel with said main ditch and on the south side thereof with one line of tile of sufficient size to a distance of about 220 rods to the line of a 24 inch tile in the main line of the said Harris Joint ditch and there to be rejoined thereon.

We further state that for some distance below the beginning point above the present tile is either too small or laid on too flat a grade or both,and thus causes the water in flood times to be held on the lands above sufficiently long to badly damage or destroy the growing crops.

We hereby direct the Engineer W.P.Beightler,to go upon the line of said proposed ditch and survey and level said ditch and set the necessary stakes and make and return a schedule of all the lots or lands that will be benefitted or affected thereby and return the same to this Joint Board.On motion duly seconded the Joint Board adjourned to meet at the call of the president.
