

RESOLUTION NO. 11

WHEREAS, the new Wisconsin Statutes regarding health committees require that the Iowa County Health Committee include at least three members who are not employees or elected officials; and

WHEREAS, the present Iowa County Health Committee consists of five elected county supervisors; and

WHEREAS, the addition of three additional members would result in an eight-member Committee, which would be unwieldy for a department as small as the Iowa County Health Department.

NOW, THEREFORE BE IT RESOLVED, we the members of the Iowa County Health Committee do recommend that, upon reorganization after the April, 1994 election, the said committee shall consist of:

Three elected county supervisors who shall have voting rights, and

Three no-elected members, appointed for terms concurrent with County Board terms, and in accordance with Sec. 251.03 Wisconsin Statutes, said members not to have voting rights, but who shall be reimbursed for mileage at the rate set by IRS.

Dated this 15th day of March, 1994.

Respectfully submitted,

Jean C. Ellerson  
Jean C. Ellerson, Chairperson
