OPERATIONAL GUIDELINES
PATIENT CARE TREATMENT GUIDELINES
CLINICAL PROCEDURES AND SKILLS

TABLE OF CONTENTS

SECTION 1000: OPERATIONAL GUIDELINES

Administration 1000-1009
1000- Intention and Description of Guidelines
1002- Patient Treatment Guidelines Format
1003- Operational Guidelines Format
1004- Procedures and Skills Format
1005- Administrative Sign-off

Resource Management 1010-1029
1010- Guidelines for ALS Utilization
1011- Trauma Triage
1012- Trauma Triage Flowchart
1013- Start Triage, Flowchart
1014- MCI Preplan
1015- Transport Destination Policy
1017- Air Medical Transport
1018- STEMI Alert Plan
1020- Use of On-Line Medical Control
1021- On-Line Medical Control Contact Criteria

Safety 1030-1039
1030- Scene Safety
1031- Infection Control
1032- Significant Exposure
1033- Ebola Virus Disease
1034- Transporting Children in Ambulances
1035- Transporting Animals in Ambulances
1036- Patient Restraints
Bonner County EMS System

Table of Contents

Scene Control 1040-1049
1040- Medical Authority/ Chain of Command
1041- On-Scene Medical Provider
1042- On- Scene Physician Release Form
1043- On-Scene Off-Duty EMS Provider

Medico-Legal 1050-1069
1050- Refusal of Treatment or Transport
1050F- Refusal of Treatment or Transport Form
1051- Non Transport of Patient or Cancellation of Response
1052- Safe Haven
1052A- Idaho State Safe Haven Act
1053- Abuse, Neglect/Mandatory Reporting
1054- Code Black/ Do Not Resuscitate (DNR)
1054F- Idaho POST Form
1055- Code Black/ Dead on Arrival (DOA)
1056- Authorization to Provide Non Emergent Transfers (NETS)
1057- Critical Care Transports (CCT)
1058- Crime Scene Preservation

SECTION 2000: ASSESSMENT AND DOCUMENTATION GUIDELINES

2000- Initial Patient Contact
2010- History Taking
2020- Written Reports/ PCR Documentation
2030- Vital Signs
2050- Pediatric Assessment
2060- Assessment and Management of Pain
PATIENT CARE TREATMENT GUIDELINES

SECTION 3000: RESUSCITATION

General Resuscitation 3000-3009
3000- Cardiac Arrest
3001- Cardiac Arrest, Traumatic
3007- Field Termination of Resuscitation

Adult Resuscitation 3010-3019
3010- Ventricular Fibrillation/Pulseless VT
3011- Pulseless Electrical Activity (PEA)
3012- Asystole

Post Resuscitation Management 3030-3039
3030- Post Resuscitation Care
3031- Therapeutic Hypothermia

SECTION 4000: AIRWAY AND RESPIRATORY

Airway 4000-4009
4000- Airway Management
4001- Failed Airway
4002- Respiratory Distress

Allergic and Anaphylactic Reactions 4010-4029
4010- Allergic Reaction
4011- Anaphylaxis
SECTION 5000: CARDIAC EMERGENCIES

General Cardiac 5000-5009
5000- Chest Pain
5001- Congestive Heart Failure
5002- Hypertension, Hypertensive Crisis
5003- Hypotension
5004- Suspected Hyperkalemia

Acute Coronary Syndromes 5010-5019
5010- ST Elevation Myocardial Infarction (STEMI)
5011- STEMI Tool

Arrhythmia 5020-5029
5020- Bradycardia
5022- Narrow Complex Tachycardia (SVT)
5024- Wide Complex Tachycardia (VT)

SECTION 6000: TRAUMA AND ENVIRONMENTAL EMERGENCIES

Trauma Guidelines 6000-6029
6000- Multi-System Trauma
6002- Suspected C-Spine Injury
6010- Head Injury
6014- Major Extremity Trauma
6015- Simple Joint Dislocation

Environmental Emergencies 6030-6069
6030- Burns
6040- Hypothermia
6050- Hyperthermia
6060- Drowning

SECTION 7000: MEDICAL, NEUROLOGIC & OB/GYN EMERGENCIES

Neurologic Emergencies 7000-7029
7000- Altered Level of Consciousness (ALOC)
7002- Syncope
7010- Suspected Stroke
7020- Seizures

Medical Emergencies 7030-7079
7030- Hyperglycemia
7035- Hypoglycemia
7041- Fever
7050- Nausea, Vomiting and Diarrhea
7060- Abdominal Pain

OB/GYN Guidelines- 7080-7089
7080- Preeclampsia, Eclampsia
7081- Childbirth/Imminent Delivery
7083- Care of the Newly Born
7085- Obstetrical Emergencies

SECTION 8000: BEHAVIORAL AND TOXICOLOGY EMERGENCIES

8000- Behavioral Emergency
8013- Overdose/ Toxic Ingestion
**SECTION 9000: PROCEDURES**

**Airway 9000- 9019**

- 9000- Oxygen Administration
- 9001- Pulse Oximetry
- 9002- Capnography
- 9003- CPAP
- 9004- Carbon Monoxide Oximetry
- 9005- Confirmation of Airway Placement- End Tidal CO\textsubscript{2} Detection
- 9006- Preoxygenation for Advanced Airway Placement
- 9007- King BIAD
- 9008- Cricothyrotomy
- 9009- Endotracheal Introducer (Bougie)
- 9010- Foreign Body Airway Obstruction
- 9011- Oral Tracheal Intubation
- 9012- Nasotracheal Intubation
- 9013- Medication Assisted Intubation (RSI)
- 9014- Suctioning Advanced
- 9015- Suctioning Basic
- 9016- Nebulizer Inhalation Therapy
- 9017- Nitrous Oxide Analgesia
- 9018- Transport Ventilator Operation

**Medication Administration 9020- 9029**

- 9020- Aspirin Administration
- 9021- Subcutaneous and Intramuscular Injections
- 9023- Oral Glucose Administration
- 9024- Nitroglycerin Administration
- 9025- Prescribed Inhaler
- 9026- Glucagon Administration
- 9027- Chempack Administration
9028- Chempack

**Cardiac 9030- 9039**
9030- 12-lead EKG
9031- Cardiopulmonary Resuscitation (CPR)
9033- Cardiac External Pacing
9034- Cardioversion
9035- Cardiac Defibrillation, Automated (AED)
9036- Cardiac Defibrillation- Manual
9038- Reperfusion Checklist

**Medical 9040- 9049**
9040- Blood Glucose Analysis
9041- Decontamination
9042- Gastric Tube Insertion
9043- Eye Irrigation
9046- Physical Restraints
9047- Temperature Measurement

**OB/GYN 9050- 9059**
9050- Childbirth

**Trauma 9060- 9069**
9060- Chest Decompression
9061- Pelvic Sling
9062- Spinal Immobilization
9063- Splinting
9064- Trauma Tourniquet
9065- Shoulder Dislocation Reduction

**Vascular Access 9070- 9079**
9070- Venous Access-Blood Draw
9071- Venous Access-Existing Venous Catheters
9073- Venous Access-Peripheral Venous Catheter Insertion
9074- Intraosseous Line Placement
9075- Central Line Maintenance
Wound Care 9080-9089

9080- Wound Care- General
9081- Wound Care- Hemostatic Agent
9082- Taser® Probe Removal

APPENDICES

A1- APGAR Scoring Chart
A2- Glasgow Coma Scale
A3- Burns Chart-Rule of Nines
A4- Normal Vital Signs Ranges
A5- Prehospital Stroke Scale
A6 Pain Assessment Tools
A8- Field Guide for Procedures
A9- Approved Medication List
A10- Drug references
A11- Oxygen Delivery
A12- Idaho EMSPC 2016 Scope of Practice
