Subject: Notice of Intent to Adopt a Mitigated Negative Declaration for the Upper Broadway Bike Lanes (including Upper Broadway Pedestrian Connection) Project

The City of Placerville (City) has prepared an Initial Study/Mitigated Negative Declaration (IS/MND) to evaluate the potential environmental effects of the Upper Broadway Bike Lanes (including Upper Broadway Pedestrian Connection). The proposed project is located on Broadway in the City of Placerville, in El Dorado County, California. The project proposes to construct bicycle facilities along Broadway between approximately Schnell School Road and Jacquier Road/Point View Drive, with minor signing and striping to connect to the El Dorado Trail at each end, and strategically located sidewalks, additional pedestrian improvements, and select transit facilities.

The City has prepared a Draft IS/MND in accordance with the requirements of the California Environmental Quality Act (CEQA) and the State CEQA Guidelines. The Draft IS/MND identifies potentially significant impacts related to: biological resources, cultural resources, and tribal cultural resources. All impacts are reduced to less-than-significant levels with implementation of recommended mitigation measures.

The Draft IS/MND is being circulated for public review and comment for a 30-day period beginning on Thursday, February 22, 2018 and ending on Friday, March 23, 2018. The Draft IS/MND may be reviewed at the City's website: <https://www.cityofplacerville.org/upper-broadway-bike-lanes>

Please send written comments on the Draft IS/MND to Rebecca Neves, City Engineer, City of Placerville, Engineering Division, 3101 Center Street, 3rd Floor, Placerville, CA 95667. Comments may also be sent via e-mail to: rneves@cityofplacerville.org. For e-mailed comments, please include the project title in the subject line, attach comments in MS Word format, and include the commenter's U.S. Postal Service mailing address.

Sincerely,

Rebecca Neves, P.E., QSD/P
City Engineer
