Rebecca,

Congratulations on passing Measure L. It is a great thing that city residents stepped up and recognized the need to take fiscal responsibility for maintenance of the city's road and water infrastructure. It will be interesting to see how much positive effect well maintained roads and water system have on the city's economy in the future.

Thanks,
Dan

Hi Dan,

Thank you! We were VERY excited. For the first time in 162 years, Placerville has a CIP budget to regularly dedicate to all the needed projects. So proud of the residents that recognized this need. Thanks to you and EDCTC staff for always being so supportive of the City, it's greatly appreciated.

Have a great week!

Are you going to the WPI Phase 2 PDT tomorrow?

I think Liz is going to cancel... she prepared a Agreement request and is sending it to Caltrans to get the rest of the agreements going (don't we have enough by now, lol). Plus I know Dokken is busy working on the right of way stuff.

We are cancelling right? Just found out the water board will be at Blairs tomorrow at 10 am, so I can't go tomorrow now even if I wanted to.
