The County's Recorder-Clerk's office has official contact information regarding candidates. Should the road crew remove political signs from City ROW then a courtesy call to the candidate or campaign office to let them know where and when they can pick up the illegally placed signs.

Hi Cleve,

I spoke with Roberta Henry ([530-295-1025](tel:530-295-1025)) who states that campaign signs and a

"custom cabinets" sign are placed in City ROW at the northeast corner of School Street/Rosier Street/Carson Road intersection. She lives at 1272 Rosier. She said that the City has removed signs from this location in the past including Straight Line Roofing sign, yard sale signs, etc. She was concerned that the political signs were getting "preferential" treatment. I told her we may not be aware of the signs.

I met with Ms. Henry this afternoon and told her that we would remove the signs if they are located in the ROW.

There is also a political sign at the northwest corner of Broadway and Carson Road. Please see attached pictures taken today of both locations.

Steve - It is my understanding that your road crew will remove any sign placed in City ROW. Are we still doing this? These signs appear to be in our ROW. I see these signs as being more of an unauthorized encroachment issue rather than an illegal sign issue. I recommend that the signs be removed by our street crews, stored at our yard where the owners can pick them up if they wish. In talking with staff, this is what we have done in the past when there was a Public Works Department.

Thank you,  
Pierre

Pierre/Andrew: I received a complaint of a campaign sign on the corner of Broadway and Carson Road. The complaint states that they believe this is on City property. Can you take a look at it and notify the owner of the sign if necessary.

Thanks, Cleve
