Hello Regina, As our Elections Officer, I wanted to point something out. I was noticing in my Voter Pamphlet that the Argument Against Measure L is signed by 5 people that list themselves as the "Vote NO on Measure L Committee". I have heard there is not official committee against Measure L and I thought this may be helpful in your search. Thank you Regina for ensuring our election process is fair and ethical. Wendy

Hi Wendy,

Yes, this is good information as far as who may be behind the No on L signs, however those people have not submitted any financial committee filings with me. I'm still trying to get some answers from the FPPC as to my role and authority, but I now understand there is a mailer, which could certainly take the spending of the committee over \$2,000. If this is the same "committee".

Once I know more, Wendy, I will reach out to you.
Thanks for letting me know.

Regina
