Good Afternoon Cleve: Would it be possible to have Staff make a sweep of Broadway and Placerville Drive before the weekend to remove the improperly placed and illegal campaign signs? The homemade No on L signs reappeared in the right of way on Placerville Drive from Home Depot west to Fair Lane and then on to Forni Rd. in front of the Arco. Question for legal minds, since these signs do not conform with election regulations, would that place them in the category of roadside litter? Thanks, Mark

Mark: Pierre and Steve went out this morning and removed about 20 signs. Not all "No on L" signs but some. Other political signs and some commercial signs.
