Hello Craig: I am contacting you regarding the placement of your large sign at Main Street and Cedar Ravine. Yesterday I noticed someone had placed your sign and steel posts in the flower bed at the Ivy House Parking lot. (This is an adopted Community Garden Spot.) Craig, City regulation forbids placement of campaign signs on City owned property or in any City road right of way. (I believe our regulations may be stricter than those in the County?) The majority of the signs you see posted in town are on private property with permission from the property owner. City staff is dealing with some illegally posted "No on Measure L" signs and few other candidates and is removing those signs as they appear. As a fellow candidate this November, I know first hand how much work signs are and the need to install them correctly. Please feel free to contact me if you have any questions. Thank you, Mark Acuna, Placerville City Councilmember.

Hello Mark; Thanks for your email. Sorry about that... The sign and posts have now been removed. Good luck in your campaign :-) Best wishes, Craig A. Schmidt Candidate: EID Board, Div. 3 Putting ratepayers first! www.FixEID.com ----- Original Message ----- From: "Mark" To: Cc: "Cleve Morris" Sent: 10/10/2016 10:12 AM Subject: Campaign Sign Placement >> Hello Craig: >> I am contacting you regarding the placement of your large sign at Main > Street and Cedar Ravine.
