Good Morning Cleve Attached is the Ballot Argument for Measure L. It's been a few years since we've done this and I've kind of forgotten the process. Do you and John need to review this or should you both be hands-off? We will have the list of signers soon. After that, do I submit this to Susan/Regina or to Elections directly? Thank You, Wendy

John: Should have asked you this on the phone. I will answer Wendy but I assume we do not need to review the ballot argument. Is it something that we should not review?

Cleve,  
We do not need to review it and probably should not as it could be considered expended City resources in support of the measure.

Wendy: The Ballot Argument should be turned in to Regina. She will then forward it to the Council. John and I should not review the argument as it could be construed as spending city funds to promote the measure. If you have specific questions regarding the content however that I can answer, please let me know.
