Hi Cleave,

We can all make mistakes and I believe supporters of Measure L have made one by their placement of a sign on at the east end of the Ivy House Parking Lot. According to a parcel map available in the 3rd floor city engineer's office, the sign is clearly within the city property line. If so, I trust you can ask those responsible to take care of the matter. But if my reading of the parcel map is in error, please let me know. Kirk

Hi Cleve,

The Measure L sign is located on City Property. (FYI: The monument sign is also located on City property and I don't know the permit history for it.)

The Measure L Committee can move to sign to the planter located in front of the building which is private property.

Let me know if you want it removed.

Pierre

Pierre: Please take the sign down. I have notified Yes on L but they said they may not get it down today

THanks, Cleve

We will take it down (sometime today) and place it between the parking garage and city hall. -Pierre
