Would you be available to let me pop over to iPhone video a short 30-60 sec clip talking about the condition of City infrastructure for the Friends of Placerville Facebook? We are trying to build a listening audience so mid August or so we can begin to discuss more in depth what measure L will provide Any time this morning or tomorrow morning? Hi Cindy,
I'm going to need to take a rain check for today. I've been up all night with both my girls and I'm staying home with them today. I'm around tomorrow until 10:30 am. Sorry for the inconvenience.

Thanks,
Rebecca

Sorry my mailbox was swamped and I missed you Wednesday email

Can we schedule something for the first of the week, maybe Tuesday early afternoon or Thursday morning?

Also, I need to schedule time to get specific figures on cost for the toad hall project. I would like to bring Mickey in on this since numbers are his thing

Then also need to know where we are on getting the lit adjustment.

Whew! Have a great weekend. See you next week

Hi Rebecca,
Any time to do the video clip this afternoon or tomorrow?

I apologize but for some strange there are a few mails that get delivered to iCloud (yours is one of those). It is not a mailbox I ever use and only opened it once to be surprised to find mail there. Let me know and I'll keep an eye on the mailbox

Thanks
Cindy
