Glad you liked the letter!

I got a very nice flyer from Veerkamp to notify people about the waterline construction. My neighbor has not changed the location of her fence, so that will be a problem for putting in my water line.

I do believe it is in trespass on city property.

I see the bridge deck is poured on Blair's Lane, perfect timing, the cooler weather should be good for the concrete to cure. Great Job, you, Katie & the contractors!!

FYI - Sue reminded me of a fence issue at her property... maybe check it out when you walk with Ron.

Thanks!

Hi Rebecca,  
Ron and I walked it this morning and weren't sure what fence Sue was talking about. There appears to be adequate room along the left side of her driveway between her neighbor's fence. Do you know which fence she is talking about?

Thank you,
