

PARDI WAY/BIG CUT RD./SACRAMENTO STREET WATERLINE REPLACEMENT PROJECT

CIP # 41109

CONSTRUCTION UPDATE

Week #21: February 20th – 24th

Hi Everyone!

This is a weekly update to the community regarding the Pardi Way/Big Cut Rd./Sacramento Street Waterline Replacement Project. Construction began Monday, October 3rd, and these updates will be sent via email to interested parties and posted on the City of Placerville's website to keep the community informed as to the status of this project. Each update will involve a summary of work completed the prior week, work being performed the current week, work anticipated the following week, and any important information that may impact the community. Thanks in advance for everyone's understanding and patience through this process.

Prior Week

- **Day Work (Tuesday & Wednesday):** The contractor performed repair work on Chamberlain Street.
- **Night Work (Monday, Tuesday, & Wednesday):** The contractor performed further system testing to evaluate if there any leaks needing to be repaired prior to the pressure test.

Current Week

- **Day Work (Wednesday & Friday):** The contractor will perform repair work on Chamberlain Street. The contractor will also be closing down Big Cut Road to perform work to prepare for the future tie-in to the existing system.
- **Night Work (Thursday):** The contractor will be performing repair work on Sacramento Street.

Following Week

- **Day Work (Wednesday & Thursday):** Day work next week is weather dependent. The contractor plans to start waterline installation on Pardi Way.
- **Night Work (Monday):** The contractor will be closing down Big Cut Road to perform work to prepare for the future tie-in to the existing system.

Important Information

- Portions of this project will be constructed during the day (M-F, 7am–4pm) and at night (M-Th, 7pm–5am). Please be aware that there will be **road closures and detours** during **working hours**. Residents in the project area may experience delays due to construction but access to your property will be maintained at all times. Thank you for your understanding.
- During night work the contractor will attempt to perform any excavating work early in the evening (prior to 10 pm) to minimize noise while residents are sleeping. **Please note that noise on Thursday, February 23rd may extend past 10 pm on the upper and lower parts of Sacramento Street.**
