To Doug Veerkamp General Engineering Inc. ***,Contractor***

You are directed to make the following changes from the plans and specifications or do the following described work not included in the plans and specifications for this contract. **NOTE: This change order must be approved by the City Council:** ☒ Yes ☐ No

Description of work to be done, estimate of quantities and prices to be paid. (Segregate between additional work at contract price, agreed price and force account.) The last percentage shown is the net accumulated increase or decrease from the original quantity in the Engineer's Estimate

In accordance with Section 4-1.05, "Changes and Extra Work" of the *Standard Specifications*, make the following changes:

1. Delete Lead Compliance Plan due to striping removal no longer required.

Original Contract Amount	$778,000.00
Revised Contract Amount (CCO#1)	$602,106.00
Revised Contract Amount (CCO#2)	$628,267.80
Revised Contract Amount (CCO#3)	$632,617.80
Revised Contract Amount (CCO#4)	$608,211.50

Decrease Bid Item at Bid Item Price:

Item #1 – Lead Compliance Plan	-1 LS (-100%) @ $2,100/LS	$2,100.00
Subtotal – Decreases in Bid Items at Bid Item Prices		**$2,100.00**

Increase Bid Item at Bid Item Price:

None

Subtotal – Increases in Bid Items at Bid Item Prices **$0.00**

Extra Work at Agreed Unit Price:

None

Subtotal – Extra Work at Agreed Unit Price **$0.00**

THIS CHANGE ORDER PROVIDES FOR: (Use additional pages as needed)

1. Partnering efforts to reduce paving costs of the grind and overlay of Stage 2 roadway between STA 57+68 to STA 61+00. The changes described in Value Engineering Proposal #1 are as follows:
    a. Eliminate HMA from STA 57+68 to STA 61+00. This change would result in a reduction of 501 TONS from Bid Item #32 at Bid Item Price.
    b. Eliminate Cold Plane Asphalt from STA 57+68 to STA 61+00. This change would result in a reduction of 896 SY of Bid Item #25 at Bid Item Price.
    c. Pulverize existing asphalt from STA 57+68 to STA 61+00 compact and place aggregate base. This change would result in an increase of 124 CY of Bid Item #30 at Bid Item Price.
    d. Place a minimum of .4’ of HMA from STA 57+68 to STA 61+00. This change would result in an increase of 283 TON of Bid Item #32 at Bid Item Price.

2. A total shared savings of $17,899.60, and the net credit anticipated of Value Engineering Proposal #1, which will be issued as a line item under Agreed Lump Sum price at $8,949.80.

Subject: Western Placerville Interchanges Project Phase 1B – VECP #1

Dear Mr. Duncan,

Please proceed with VECP #1 as outlined in the attached. As we discussed, please pulverize material at a depth of 5" across the entire roadway. You must remove and dispose of pulverized material to a depth sufficient to provide either placement of new HMA on existing AB or a minimum of 2" of AB between the new HMA and pulverized material. Please see attached exhibit for further clarification. The City anticipates a credit in the amount of $8,949.80 and we will begin processing a Change Order to that effect. Please let me know if you have any questions or comments regarding this response.

Sincerely,

Jim Fisher, PE, QSD/P

Cc: Rebecca Neves, PE, City Engineer

WPI Phase 1B
Value engineering Proposal #1
October 18,2016

Jim,

Following your acceptance of our VECP suggestion in an email dated September, and per Section 4-1.07 of the Caltrans Standard Specifications dated 2010, I've attached our Value Engineering Proposal #1. This proposal is a partnering effort to reduce paving costs of the grind and overlay.

We propose the following:

1. Eliminate HMA from sta 57+68 to sta 61+00. This would be a reduction of 501 ton of Bid Item #32 resulting in a credit of ($56,613.00).
2. Eliminate Cold Plane Asphalt from sta 57+68 to sta 61+00. This would be a reduction of 896 SY of Bid Item #25 resulting in a credit of ($5,913.60).
3. Pulverize existing asphalt from sta 57+68 to sta 61+00 compact and place aggregate base. This would be an addition of 124 cy of Bid Item #30 resulting in an additional cost of $12,648.00.
4. Place a minimum of .4' of HMA from sta 57+68 to sta 61+00. This would be an increase of 283 ton of Bid Item #32 resulting in an additional cost of $31,979.00. (this is an approximate tonnage. Actual tonnage would be calculated and paid for based on plant tags)

The shared savings for this VECP would be **($17,899.60)**. With a net credit of ($8,949.80).

Please review the above VECP, and let me know if the City would like to implement.

Thank you,

Ron Duncan
Project Manager

SIGNATURE	(PRINT NAME & TITLE)	DATE

We the undersigned contractor, have given careful consideration to the change proposed and agree, if this proposal is approved, that we will provide all equipment, furnish the materials, except as may otherwise be noted above, and perform all services necessary for the work above specified, and will accept as full payment therefor the prices shown above. **The prices and terms of payment shown above comprise full and final compensation for all direct costs, indirect costs, cumulative costs, and all overhead costs incurred as a result of this contract change order. NOTE: If you, the contractor, do not sign acceptance of this order, your attention is directed to the requirements of the specification as to proceeding with the ordered work and filing a written protest within the time therein specified.**

STATEMENT OF COMPLIANCE

Payroll No 9

Date: NOVEMBER 21, 2016

I, PRESCILLA GASTELUM (name), CORPORATE SECRETARY (title) do hereby certify under penalty of perjury:

(1) That I pay or supervise the payment of the persons employed by: TIM PAXIN'S PACIFIC EXCAVATION, INC. on the: WESTERN PLACERVILLE INTERCHANGE PROJECT , that during the payroll period commencing on the 6th DAY OF NOVEMBER, 2016 and ending the 12th DAY OF NOVEMBER, 2016, all persons employed on said project have been paid the full weekly wages earned, that no rebates have been or will be made either directly or indirectly to or on behalf of said TIM PAXIN'S PACIFIC EXCAVATION, INC. from the full weekly wages earned by any person and that no deductions have been made either directly or indirectly from the full wages earned by any person, other than permissible deductions, as described below:

Taxes: FEDERAL W/HOLD FICA MEDICARE STATE W/HOLD STATE SDI/LOCAL
Other: VACATION SAVINGS ELECT. CAFETERIA

(2) That any payrolls otherwise under this contract required to be submitted for the above period are correct and complete; that the wage rates for laborers or mechanics contained therein are not less than the applicable wage rates contained in any wage determination incorporated into the contract; that the classifications set forth therein for each laborer or mechanic conform with the work he performed.

(3) That any apprentices employed in the above period are duly registered in a bona fide apprenticeship program registered with a State apprenticeship agency.

(4) That:

(a) WHERE FRINGE BENEFITS ARE PAID TO APPROVED PLANS, FUNDS, OR PROGRAMS

_____ In addition to the basic hourly wage rates paid to each laborer or mechanic listed in the above referenced payroll, payments of fringe benefits as listed in the contract have been or will be made to appropriate programs for the benefit of such employees, except as noted in Section 4(c) below.

(b) WHERE FRINGE BENEFITS ARE PAID IN CASH

_____ Each laborer or mechanic listed in the above referenced payroll has been paid as indicated on the payroll, an amount not less than the sum of the applicable basic hourly wage rate plus the amount of the required fringe benefits as listed in the contract, except as noted in Section 4(c) below:

(c) EXCEPTIONS CRAFT EXPLANATION

_____

_____

_____

_____

Remarks:

PRESCILLA GASTELUM (name) CORPORATE SECRETARY (title) _____ (signature)

On federally funded projects, permissible deductions are defined in Regulations, Part 3 (29 CFR Subtitle A), issued by the Secretary of Labor under the Copeland Act, as amended (48 Stat. 948 63 Stat. 108, 72 Stat. 967; 76 Stat. 357; 40 U.S.C. 276c).

Also, the willful falsification of any of the above statements may subject the contractor or subcontractor to civil or criminal prosecution (see Section 1001 of Title 18 and Section 231 of Title 31 of the United States Code).

STATEMENT OF COMPLIANCE

Payroll No. 10

Date: NOVEMBER 29, 2016

I, PRESCILLA GASTELUM (name), CORPORATE SECRETARY (title) do hereby certify under penalty of perjury:

(1) That I pay or supervise the payment of the persons employed by: TIM PAXIN'S PACIFIC EXCAVATION, INC. on the: WESTERN PLACERVILLE INTERCHANGE PROJECT , that during the payroll period commencing on the 13th DAY OF NOVEMBER, 2016 and ending the 19th DAY OF NOVEMBER, 2016, all persons employed on said project have been paid the full weekly wages earned, that no rebates have been or will be made either directly or indirectly to or on behalf of said TIM PAXIN'S PACIFIC EXCAVATION, INC. from the full weekly wages earned by any person and that no deductions have been made either directly or indirectly from the full wages earned by any person, other than permissible deductions, as described below:

Taxes: FEDERAL W/HOLD FICA MEDICARE STATE W/HOLD STATE SDI/LOCAL
Other: VACATION CAFETERIA

(2) That any payrolls otherwise under this contract required to be submitted for the above period are correct and complete; that the wage rates for laborers or mechanics contained therein are not less than the applicable wage rates contained in any wage determination incorporated into the contract; that the classifications set forth therein for each laborer or mechanic conform with the work he performed.

(3) That any apprentices employed in the above period are duly registered in a bona fide apprenticeship program registered with a State apprenticeship agency.

(4) That:

(a) WHERE FRINGE BENEFITS ARE PAID TO APPROVED PLANS, FUNDS, OR PROGRAMS

X In addition to the basic hourly wage rates paid to each laborer or mechanic listed in the above referenced payroll, payments of fringe benefits as listed in the contract have been or will be made to appropriate programs for the benefit of such employees, except as noted in Section 4(c) below.

(b) WHERE FRINGE BENEFITS ARE PAID IN CASH

____ Each laborer or mechanic listed in the above referenced payroll has been paid as indicated on the payroll, an amount not less than the sum of the applicable basic hourly wage rate plus the amount of the required fringe benefits as listed in the contract, except as noted in Section 4(c) below:

(c) EXCEPTIONS CRAFT EXPLANATION

Remarks:

PRESCILLA GASTELUM (name) CORPORATE SECRETARY (title) P Gastelum (signature)

On federally funded projects, permissible deductions are defined in Regulations, Part 3 (29 CFR Subtitle A), issued by the Secretary of Labor under the Copeland Act, as amended (48 Stat. 948 63 Stat. 108, 72 Stat. 967; 76 Stat. 357; 40 U.S.C. 276c).

Also, the willful falsification of any of the above statements may subject the contractor or subcontractor to civil or criminal prosecution (see Section 1001 of Title 18 and Section 231 of Title 31 of the United States Code).

STATEMENT OF COMPLIANCE

Payroll No 11

Date: DECEMBER 07, 2016

I, PRESCILLA GASTELUM (name), CORPORATE SECRETARY (title) do hereby certify under penalty of perjury:

(1) That I pay or supervise the payment of the persons employed by: TIM PAXIN'S PACIFIC EXCAVATION, INC. on the: WESTERN PLACERVILLE INTERCHANGE PROJECT , that during the payroll period commencing on the 20th DAY OF NOVEMBER, 2016 and ending the 26th DAY OF NOVEMBER, 2016, all persons employed on said project have been paid the full weekly wages earned, that no rebates have been or will be made either directly or indirectly to or on behalf of said TIM PAXIN'S PACIFIC EXCAVATION, INC. from the full weekly wages earned by any person and that no deductions have been made either directly or indirectly from the full wages earned by any person, other than permissible deductions, as described below:

Taxes: FEDERAL W/HOLD FICA MEDICARE STATE W/HOLD STATE SDI/LOCAL
Other: VACATION SAVINGS ELECT.

(2) That any payrolls otherwise under this contract required to be submitted for the above period are correct and complete; that the wage rates for laborers or mechanics contained therein are not less than the applicable wage rates contained in any wage determination incorporated into the contract; that the classifications set forth therein for each laborer or mechanic conform with the work he performed.

(3) That any apprentices employed in the above period are duly registered in a bona fide apprenticeship program registered with a State apprenticeship agency.

(4) That:

(a) WHERE FRINGE BENEFITS ARE PAID TO APPROVED PLANS, FUNDS, OR PROGRAMS

X In addition to the basic hourly wage rates paid to each laborer or mechanic listed in the above referenced payroll, payments of fringe benefits as listed in the contract have been or will be made to appropriate programs for the benefit of such employees, except as noted in Section 4(c) below.

(b) WHERE FRINGE BENEFITS ARE PAID IN CASH

____ Each laborer or mechanic listed in the above referenced payroll has been paid as indicated on the payroll, an amount not less than the sum of the applicable basic hourly wage rate plus the amount of the required fringe benefits as listed in the contract, except as noted in Section 4(c) below:

(c) EXCEPTIONS CRAFT EXPLANATION

Remarks:

PRESCILLA GASTELUM (name) CORPORATE SECRETARY (title) P Gastelum (signature)

On federally funded projects, permissible deductions are defined in Regulations, Part 3 (29 CFR Subtitle A), issued by the Secretary of Labor under the Copeland Act, as amended (48 Stat. 948 63 Stat. 108, 72 Stat. 967; 76 Stat. 357; 40 U.S.C. 276c).

Also, the willful falsification of any of the above statements may subject the contractor or subcontractor to civil or criminal prosecution (see Section 1001 of Title 18 and Section 231 of Title 31 of the United States Code).

$ 20,137.64	☑ Increase	☐ Decrease	$ 0.00

ORIGINAL CONTRACT TIME:	TIME ADJUSTMENT THIS CHANGE:	PREVIOUSLY APPROVED CCO TIME ADJUSTMENTS	PERCENTAGE TIME ADJUSTED (Including this Change)	TOTAL # of UNRECONCILED DEFFERRED TIME CCOs (Including this Change)
90 DAY(S)	+3 DAY(S)	-22 DAY(S)	-17 %	0

THIS CHANGE ORDER PROVIDES FOR: (Use additional pages as needed)

1. Over excavating an additional 12", installing fabric, and bringing back up with AB at the Juvenile Hall and Superior Court Driveways per Field Change Directive #3. Over-excavation and use of fabric is required due to low compaction and high moisture content of the subgrade material. This revision will increase the quantity of Bid Item #30 at Bid Item Price.

2. Installing a retaining curb along the adjacent sawcut shown on FCD#4 exhibit to match the existing retaining curb along the driveway. A retaining curb is needed to provide curb ramp protection at the ramp adjacent to the Denny's driveway. This work will be paid for as extra work at an agreed lump sum. The agreed upon lump sum will include all labor and materials to perform the work.

3. Excavating 2' wide along EP at the detour driveway shoulder approximately 60LF and backfilling to provide 4"-6" AB thickness to match EP. Excavation and AB backfill is needed to maintain adequate drainage along the driveway shoulder. This work will be paid for as extra work at an agreed lump sum. The agreed upon lump sum will include all labor and materials to perform the work.

4. Constructing 15LF of segmental block retaining wall at the Court Driveway to provide a flat pad for the fire hydrant as required by EID per Field Change Directive #6. This work will be paid for as extra work at an agreed lump sum. The agreed upon lump sum will include all labor and materials to perform the work.

5. Installing 3 – 2" white reflective tape strips on each fence post (2 total) adjacent to the Juvenile Hall driveway per Field Change Directive #7. Reflective tape will be used to promote visibility to the fence limits at the driveway entrance. This work will be paid for as extra work at an agreed lump sum. The agreed upon lump sum will include all labor and materials to perform the work.

6. Removing & Replacing the existing broken concrete around the meter box in front of Vintage Transport. Existing concrete, within the project limits, around the meter box and valve in front of Vintage Transport is broken and needs replacement. This work will be paid for as extra work at an agreed lump sum. The agreed upon lump sum will include all labor and materials to perform the work.

7. Demo of the CMU wall at Vintage Transport. This work will be tracked and paid for by Extra Work at Force Account and will include all labor and materials required for the work.

8. Off-hauling of Spoils. This work will be tracked and paid for by Extra Work at Force Account and will include all labor and materials required for the work.

Change Requested by: ☒ engineer ☐ contractor

CCO No.	Suppl. No.	Contract No.	Road	EA
9	**0**	**41413**		

To Doug Veerkamp General Engineering Inc. ***,Contractor***

You are directed to make the following changes from the plans and specifications or do the following described work not included in the plans and specifications for this contract. **NOTE: This change order must be approved by the City Council:** ☒ Yes ☐ No

Description of work to be done, estimate of quantities and prices to be paid. (Segregate between additional work at contract price, agreed price and force account.) The last percentage shown is the net accumulated increase or decrease from the original quantity in the Engineer's Estimate

In accordance with Section 4-1.05, "Changes and Extra Work" of the *Standard Specifications*, make the following changes:

1. Over excavate an additional 12", install fabric and bring back up with AB at the Juvenile Hall and Superior Court Driveways per Field Change Directive #3.
2. Install retaining Curb along the adjacent sawcut shown on FCD#4 exhibit to match the existing retaining curb along the driveway per Field Change Directive #4.
3. Excavate 2' wide along EP at the detour driveway shoulder approximately 60LF. Backfill to provide 4"-6" AB thickness to match EP per Field Change Directive #5.
4. Construct 15LF of segmental block retaining wall at the Court Driveway to provide a flat pad for the fire hydrant as required by EID per Field Change Directive #6.
5. Install 3 – 2" white reflective tape strips on each fence post (2 total) adjacent to the Juvenile Hall driveway per Field Change Directive #7.
6. Remove & Replace the existing broken concrete around the meter box in front of Vintage Transport per Field Change Directive #7.
7. Demo CMU Wall at Vintage Transport.
8. Install fabric to account for the unsuitable subgrade that was discovered at Stage 1 curb, gutter, and sidewalk.
9. Place CMS boards on Ray Lawler Drive for elections and tax collector.

FIELD CHANGE DIRECTIVE

DATE: 12/12/2016 CONTRACT NO: 41413 FIELD CHANGE NO. 3

TO: Doug Veerkamp General Engineering, Inc.

FROM: R.E.Y. Engineers, Inc.

PROJECT: Western Placerville Interchanges Phase 1B

You are directed to proceed promptly with the following change(s):

Description:

Due to low compaction and high moisture content of the SG at the curb, gutter, and sidewalks within driveways to Juvenile Hall and Superior Court, over excavate an additional 12", install fabric, and bring back up with AB.

Purpose of Field Change Directive:

Over-excavation and use of fabric is required due to low compaction and high moisture content at the Juvenile Hall and Superior Court driveways.

Attachments: (List documents that support Change and adjusments to Contract Amount)

Exhibit showing, in yellow, the approximate location of fabric to be installed.
Cost Breakdown of Field Change Directive which affects Bid Item #30.

This is not a Change Order, but only a directive to proceed with Work that may be included in a subsequent Change Order. If CITY or CONTRACTOR believe that the above change has affected Contract Price any Claim for a Change Order based thereon will involve one or more of the following methods as defined in the Contract Documents:

- ☐ DECREASE IN BID ITEMS
- ☑ INCREASE IN BID ITEMS
- ☐ EXTRA WORK AT UNIT PRICE
- ☐ EXTRA WORK AT LUMP SUM
- ☐ EXTRA WORK AT FORCE ACCOUNT
- ☐ NO COST FIELD CHANGE

Estimated adjustment in Contract Amount:

$ 2,741.76

☑ Increase ☐ Decrease ☐ No Change

If the change involves an increase, a subsequent Change Order must be processed and approved by Council.

Estimated adjustment in Working Days:

0 Day(s)

☐ Increase ☐ Decrease ☑ No Change

Unit Drainage Fill	Drainage fill is a clean, free-draining crushed stone that is placed within the front 2 feet of the retaining wall (12 inches behind the Pro)
Reinforced Fill	Structural fill placed and compacted in the zone behind the facing units with geogrid reinforcing included at the lengths and elevations shown in the design.
Geogrid	Geogrid reinforcing is polyester reinforcing (Stratagrid SG150, Mirafi 2XT, Synteen SF20) placed over the pins and pulled taut over the reinforced fill to provide internal reinforcing to the soil mass. Place on level surface.
Finished Slope	Finished backslope shall be a low permeable layer of soil to prevent surface runoff from filtering into the wall backfill.

Gravity Wall Tables

GEOWALL™ PRO UNIT

DATE: 12/15/2016 CONTRACT NO: 41413 FIELD CHANGE NO. 7

TO: Doug Veerkamp General Engineering, Inc.

FROM: R.E.Y. Engineers, Inc.

PROJECT: Western Placerville Interchanges Phase 1B

You are directed to proceed promptly with the following change(s):
Description:

Install 3 - 2" white reflective tape strips on each fence post (2 total) adjacent to the Juvenile Hall driveway.

Purpose of Field Change Directive:

Reflective tape will be used to promote visibility to the fence limits at driveway entrance/exit.

Attachments: (List documents that support Change and adjusments to Contract Amount)

Plan Sheet No. 9 & 11S1 showing comments, in red, the approximate location of reflective tape to be installed on the fence poles.
Cost Breakdown of Field Change Directive.

This is not a Change Order, but only a directive to proceed with Work that may be included in a subsequent Change Order. If CITY or CONTRACTOR believe that the above change has affected Contract Price any Claim for a Change Order based thereon will involve one or more of the following methods as defined in the Contract Documents:

- ☐ DECREASE IN BID ITEMS
- ☐ INCREASE IN BID ITEMS
- ☐ EXTRA WORK AT UNIT PRICE
- ☑ EXTRA WORK AT LUMP SUM
- ☐ EXTRA WORK AT FORCE ACCOUNT
- ☐ NO COST FIELD CHANGE

Estimated adjustment in Contract Amount:
$ 274.79
☑ Increase ☐ Decrease ☐ No Change

If the change involves an increase, a subsequent Change Order must be processed and approved by Council.

Estimated adjustment in Working Days:
0 Day(s)
☐ Increase ☐ Decrease ☑ No Change

Subject: Re: Western Placerville Interchange Ph 1B - Unsuitable Conditions

Hi Ron,
As we just discussed on the phone, please proceed with installing the fabric to account for the unstable subgrade that was discovered under the curb and gutter (the sidewalk subgrade appears fine). It appears that the same thing happened in Phase 1A at a similar location. Please track separately as discussed below. Ryan will stick around a little longer today.

Thank you,
Jim Fisher

> Jim,
>
> I just spoke with Mike Post out in the field. He has come across unsuitable subgrade materials under the proposed sidewalk, curb & gutter from approximate stationing 45+00 thru 53+00. I understand that he has been directed by the IOR to place fabric under the 18" ab section. Since we don't know the extent of the unsuitable limits, we will track this on T&M tags and have them signed by Ryan daily.

Backcharges for equipment breakdown or unforeseen circumstances will not be accepted. Accounts 30 or more days past due shall bear interest at the maximum legal rate. Title to goods shall not pass to buyer until purchase price has been fully paid. If buyer becomes insolvent or seller does not receive payment in full for goods within 45 days of the date of this invoice, seller shall, at any time, have the absolute right to reclaim and take possession of said goods without notice, demand or suit. It is agreed that seller shall not be subject to the 10 day limitation set forth in Cal. Commercial Code 2702(2).
In the event that it becomes necessary to institute suit or to employ an attorney to collect any payments due Doug Veerkamp General Engineering under this agreement or any modification thereof, you shall be liable for all court costs and attorney's fees so incurred by Doug Veerkamp General Engineering. Any such suit must be filed within the jurisdiction of the El Dorado County Courts.
TERMS: Net 10th of month following hauling. Finance Charges at 1½% per month thereafter (ANNUAL PERCENTAGE RATE OF 18%) or a minimum charge of $1.50 per month on balance under $100.00 , will be applied to balance outstanding at close of previous month after payments, credits and purchases for current month. All payments will be credited against oldest balance.

CONTRACT CHANGE ORDER MEMORANDUM

DATE 1/3/16

TO

Doug Veerkamp General Engineering, Inc.

FROM

R.E.Y. Engineers, Inc.

CCO No.	Suppl. No.	CONTRACT NO.	CITY COUNCIL APPROVAL REQUIRED?
10	0	41413	☑ Yes ☐ No

CCO AMOUNT:			SUPPLEMENTAL FUNDS PROVIDED:
$ 5,108.90	☑ Increase	☐ Decrease	$ 0.00

ORIGINAL CONTRACT TIME:	TIME ADJUSTMENT THIS CHANGE:	PREVIOUSLY APPROVED CCO TIME ADJUSTMENTS	PERCENTAGE TIME ADJUSTED (Including this Change)	TOTAL # of UNRECONCILED DEFFERRED TIME CCOs (Including this Change)
90 DAY(S)	0 DAY(S)	-19 DAY(S)	-21 %	0

THIS CHANGE ORDER PROVIDES FOR: (Use additional pages as needed)

1. Remove and Replace additional AC starting at the driveway to Fran's continuing towards Vintage Transport per Field Change Directive #1. Existing AC, within the project limits, is in poor condition and needs replacement. This work will result in an increase in Bid Items #28 & 32 at Bid Item Price.

2. Deleting all slurry seal from the project and deleting the centerline thermoplastic striping (4" yellow) from station 61+00 to end of project per Field Change Directive #2. The road from station 61+00 to the end of project is in better condition that the design engineer realized, making the slurry seal unnecessary. Since the road is not to be slurry sealed, centerline in this area is also not required. This will result in a credit by deleting Bid Item #31 and decreasing Bid Item #48 at Bid Item Price.

3. The thickened concrete edge along the back of walk adjacent to the block wall was not accounted for between revisions of sheet C-4S1 to C-4S1R1 of the plan set. This will result in an increase of Bid Item #42 at Bid Item Price.

4. Extending driveways at Vintage Transport, detour driveway, court driveway, and juvenile hall driveway due to grades exceeding 20%. This work was necessary to achieve a 20% max. grade at the driveways and a minimum of 5' long segments with 10% max grade breaks. This will result in an increase of Bid Items #21, 30, & 32 at Bid Item Price.

5. Using straw wattles effectively for linear sediment control as opposed to temporary silt fences, therefore, no silt fences were used. Temporary ESA fences no longer required due to a change of existing conditions and an oak tree was no longer needed to be avoided. This will result in a credit by deletion of Bid Items #12 & 13.

6. Relocation of mailboxes no longer required. It was determined that the existing mailboxes did not require to be relocated and driveway work east of Vintage Transport did not affect the placement of or accessibility to these mailboxes. This will result in a credit by deletion of Bid Item #22.

7. 4" yellow thermoplastic centerline striping no longer required between STA 54+29 and STA 57+39. It was determined that the existing yellow thermoplastic centerline between STA 54+29 and STA 57+39 was in good condition. This will result in a credit by decreasing Bid Item #48 at Bid Item Price.

CONTRACT CHANGE ORDER

Change Requested by: ☒ engineer ☐ contractor

CCO No.	Suppl. No.	Contract No.	Road	EA
10	**0**	**41413**		

To Doug Veerkamp General Engineering Inc. ***,Contractor***

You are directed to make the following changes from the plans and specifications or do the following described work not included in the plans and specifications for this contract. **NOTE: This change order must be approved by the City Council:** ☒ Yes ☐ No

Description of work to be done, estimate of quantities and prices to be paid. (Segregate between additional work at contract price, agreed price and force account.) The last percentage shown is the net accumulated increase or decrease from the original quantity in the Engineer's Estimate

In accordance with Section 4-1.05, "Changes and Extra Work" of the *Standard Specifications*, make the following changes:

1. Remove and Replace additional AC starting at the driveway to Fran's continuing towards Vintage Transport per Field Change Directive #1.
2. Remove all slurry seal from project and delete the centerline thermoplastic striping (4" yellow) from station 61+00 to end of project per Field Change Directive #2.
3. Delete the centerline thermoplastic striping (4" yellow) from STA 54+29 to STA 57+39.
4. Extend driveways at Vintage Transport, detour driveway, court driveway, and juvenile hall driveway to achieve a 20% max. grade and min. 5' long segments with 10% max grade breaks.

Original Contract Amount	$778,000.00
Revised Contract Amount (CCO#1)	$602,106.00
Revised Contract Amount (CCO#2)	$628,267.80

CITY OF PLACERVILLE
ENGINEERING DIVISION

FIELD CHANGE DIRECTIVE

DATE: 9/8/2016 CONTRACT NO: 41413 FIELD CHANGE NO. 1

TO: Doug Veerkamp General Engineering, Inc.

FROM: R.E.Y. Engineers, Inc.

PROJECT: Western Placerville Interchanges Phase 1B

You are directed to proceed promptly with the following change(s):
Description:

Remove and replace approximately 1,473 SF of additional AC starting at the driveway to Fran's and continuing towards Vintage Paving. With regards to the driveway to Fran's, the intent is to sawcut at the first concrete joint just past the broken AC overlay, remove the concrete and broken AC overlay, re-compact the base material (if necessary), and replace with HMA (could be slightly thicker than 3" depending on existing concrete thickness). For the driveway to Vintage, create a clean edge starting at the rock but this area can be as thin as 2" and treated much more like a grind and overlay.

Purpose of Field Change Directive:

Existing AC is in poor condition.

Attachments: (List documents that support Change and adjusments to Contract Amount)

Exhibit showing, in yellow, the approximate location of additional asphalt to be removed and replaced
Cost Breakdown of Field Change Directive which affects Bid Items No. 28 & 32

This is not a Change Order, but only a directive to proceed with Work that may be included in a subsequent Change Order. If CITY or CONTRACTOR believe that the above change has affected Contract Price any Claim for a Change Order based thereon will involve one or more of the following methods as defined in the Contract Documents:

- ☐ DECREASE IN BID ITEMS
- ☑ INCREASE IN BID ITEMS
- ☐ EXTRA WORK AT UNIT PRICE
- ☐ EXTRA WORK AT LUMP SUM
- ☐ EXTRA WORK AT FORCE ACCOUNT
- ☐ NO COST FIELD CHANGE

Estimated adjustment in Contract Amount:
$ 3,998.90
☑ Increase ☐ Decrease ☐ No Change

If the change involves an increase, a subsequent Change Order must be processed and approved by Council.

Estimated adjustment in Working Days:
0 Day(s)
☐ Increase ☐ Decrease ☑ No Change

FIELD CHANGE DIRECTIVE

DATE: 10/13/2016 CONTRACT NO: 41413 FIELD CHANGE NO. 2

TO: Doug Veerkamp General Engineering, Inc.

FROM: R.E.Y. Engineers, Inc.

PROJECT: Western Placerville Interchanges Phase 1B

You are directed to proceed promptly with the following change(s):
Description:

Remove all slurry seal from project and delete the centerline thermoplastic traffic striping (4" yellow) from station 61+00 to end of project.

Purpose of Field Change Directive:

The road from station 61+00 to the end of the project is in better condition than the design engineer realized, making the slurry seal unnecessary. Since the road is not to be slurry sealed, centerline striping in this area is also not required. However, since there is currently no fog line in this section of road, the fog line striping (4" white) will still be completed as part of this project.

Attachments: (List documents that support Change and adjusments to Contract Amount)
