

TO: CHIEF DRUMMOND
FROM: CMDR. WREN
SUBJECT: SURPLUS VEHICLE; UNIT #49
DATE: MARCH 21, 2017

It is recommended the listed vehicle be surplused. This recommendation is based on vehicle age, mileage and servicing. For the last three (3) months, this vehicle has been at the Dodge dealership to fix an issue of it dying while motion, losing steering and break control.

The vehicle is over 11 years old and has no existing maintenance warranties. According to the service manager at Thompsons Dodge, Donna Lew, the vehicle has reached the end of its service life and each time it is brought in for maintenance it will be a significant investment in time and money.

I recommend surplusung the following vehicle:

2006 Dodge Charge Police Vehicle
License #: 1206264
VIN #: 2B3KA43H56H359915
Mileage: 90,000

Once the vehicle is surplused, PPE Patti will contact Bar None for auction.
