**Narrative:** On Wednesday, August 1, 2012, the Placerville Police Department coordinated an effort with other City workers in removing many previous illegal homeless camps along the Broadway corridor. Four inmate workers loaded approximately 45 yards of trash and debris left behind by the previous occupiers of the land. It is believed that most of the previous occupants have since moved into the temporary homeless camp, "Hangtown Haven". The Placerville Police Department will be continuing to locate and remove any other illegal camps within the City limits.
