

6. How supportive are you of reducing or eliminating the sewer charge discounts and using some or all of the money to replace additional deteriorating sewer and water lines each year?

- A. Very supportive
- B. Supportive
- C. Somewhat supportive
- D. Not supportive at all

7. If the sewer charge discounts were reduced or eliminated in order to afford more replacement of the City's deteriorating sewer and water lines, how much of a reduction would you support?

- A. Eliminate the discounts
- B. Reduce the discounts by 50%
- C. Reduce the discounts by 25%
- D. Don't reduce the discounts

8. The City's sewer and water rates have to be increased periodically to offset cost increases in services, supplies, and personnel. What is your level of support for reducing or eliminating the sewer charge discounts in order to minimize or avoid a future water or sewer rate increase?

- A. Very supportive
- B. Supportive
- C. Somewhat supportive
- D. Not supportive at all

9. How much of a reduction in the discounts would you support in order to minimize or avoid a future water or sewer rate increase?

- A. Eliminate the discounts
- B. Reduce the discounts by 50%
- C. Reduce the discounts by 25%
- D. Don't reduce the discounts

10. Do you have further comments regarding the use of future Measure H sales tax receipts? If so, please attach a separate sheet of paper with your thoughts to this survey.

USE MEASURE H \$ FOR MATCHING GRANTS -

Please mail the completed survey along with your next payment to the City of Placerville, 3101 Center Street, Placerville, CA 95667 on or before July 30, 2015. Alternatively, you can drop off your completed survey at City Hall, which is located at the address above, or complete the survey online at <https://www.surveymonkey.com/s/Measurehdiscounts> on or before July 30, 2015. Your Measure H Committee and the City of Placerville thank you for participating in this important survey.

Aug 3, 2015

City Water and Sewer Dept.

We do not support reducing the discount.
(really a minimal discount of a drastic rate increase of a few years ago.)

We also do not want or favor a rate increase either.

If the state of Calif requires small communities to update their water/sewer systems, then the state of Calif can open the coffers to the "surplus" the governor is so proud of and help with these expenses.

Respectfully,

Mary K. Lory

Recognizing these capital replacement challenges, the Measure H Sales Tax Committee has recommended that a survey be conducted in order to receive input from customers for the use of future Measure H sales tax receipts. Below are a series of questions regarding the City's water and sewer systems and the Measure H sales tax. Please respond to each question. As an alternative, you can complete the survey online at <https://www.surveymonkey.com/s/Measurehdiscounts>. Your opinion is very important to the Measure H Committee and the City Council.

Please circle the best answer to each of the following questions:

1. What type of customer are you?

- A. Residential customer
- B. Non-residential (commercial) customer
- C. Both a residential and non-residential customer

2. The Measure H sales tax currently provides a sewer charge discount every two months in the amount of \$15 for residential customers and between \$25 and \$945 for non-residential customers. How valuable is the discount to you?

- A. Very valuable
- B. Somewhat valuable
- C. Valuable
- D. Not valuable at all

3. The Measure H sales tax is currently providing approximately \$500,000 each year for the replacement of the City's deteriorating sewer and water lines. In your opinion, how adequate is this level of funding each year?

- A. Very adequate
- B. Adequate
- C. Somewhat adequate
- D. Not adequate at all

4. How satisfied are you with the projects that are currently being funded by the Measure H sales tax?

- A. Very satisfied
- B. Satisfied
- C. Somewhat satisfied
- D. Not satisfied at all

5. Regarding the use of Measure H sales tax revenues, which is more important to you?

- A. The replacement of the City's deteriorating sewer and water lines
- B. Sewer charge discounts

6. How supportive are you of reducing or eliminating the sewer charge discounts and using some or all of the money to replace additional deteriorating sewer and water lines each year?

- A. Very supportive
- B. Supportive
- C. Somewhat supportive
- D. Not supportive at all

7. If the sewer charge discounts were reduced or eliminated in order to afford more replacement of the City's deteriorating sewer and water lines, how much of a reduction would you support?

- A. Eliminate the discounts
- B. Reduce the discounts by 50%
- C. Reduce the discounts by 25%
- D. Don't reduce the discounts

8. The City's sewer and water rates have to be increased periodically to offset cost increases in services, supplies, and personnel. What is your level of support for reducing or eliminating the sewer charge discounts in order to minimize or avoid a future water or sewer rate increase?

- A. Very supportive
- B. Supportive
- C. Somewhat supportive
- D. Not supportive at all

9. How much of a reduction in the discounts would you support in order to minimize or avoid a future water or sewer rate increase?

- A. Eliminate the discounts
- B. Reduce the discounts by 50%
- C. Reduce the discounts by 25%
- D. Don't reduce the discounts

10. Do you have further comments regarding the use of future Measure H sales tax receipts? If so, please attach a separate sheet of paper with your thoughts to this survey.

WHEN ARE WE GOING TO START ON STREET REPAIR?

- A. Eliminate the discounts
 - B. Reduce the discounts by 50%
 - C. Reduce the discounts by 25%
 - D. Don't reduce the discounts
10. Do you have further comments regarding the use of future Measure H sales tax receipts? If so, please attach a separate sheet of paper with your thoughts to this survey.

Please mail the completed survey along with your next payment to the City of Placerville, 3101 Center Street, Placerville, CA 95667 on or before July 30, 2015. Alternatively, you can drop off your completed survey at City Hall, which is located at the address above, or complete the survey online at <https://www.surveymonkey.com/s/Measurehdiscounts> on or before July 30, 2015. Your Measure H Committee and the City of Placerville thank you for participating in this important survey.

I can barely afford water + sewer in this city as it is. It's cheaper in Sacramento, yet all of the maintenance is done here!!!

6. How supportive are you of reducing or eliminating the sewer charge discounts and using some or all of the money to replace additional deteriorating sewer and water lines each year?
- A. Very supportive
 - B. Supportive
 - C. Somewhat supportive
 - D. Not supportive at all
7. If the sewer charge discounts were reduced or eliminated in order to afford more replacement of the City's deteriorating sewer and water lines, how much of a reduction would you support?
- A. Eliminate the discounts
 - B. Reduce the discounts by 50%
 - C. Reduce the discounts by 25%
 - D. Don't reduce the discounts
8. The City's sewer and water rates have to be increased periodically to offset cost increases in services, supplies, and personnel. What is your level of support for reducing or eliminating the sewer charge discounts in order to minimize or avoid a future water or sewer rate increase?
- A. Very supportive
 - B. Supportive
 - C. Somewhat supportive
 - D. Not supportive at all
9. How much of a reduction in the discounts would you support in order to minimize or avoid a future water or sewer rate increase?
- A. Eliminate the discounts
 - B. Reduce the discounts by 50%
 - C. Reduce the discounts by 25%
 - D. Don't reduce the discounts

10. Do you have further comments regarding the use of future Measure H sales tax receipts? If so, please attach a separate sheet of paper with your thoughts to this survey.

Sewer is already by far the most expensive bill, if any discounts should be reduced it should be the non-residentials receiving \$945 off. We pay much more than the people down the road using EI.

Please mail the completed survey along with your next payment to the City of Placerville, 3101 Than Center Street, Placerville, CA 95667 on or before July 30, 2015. Alternatively, you can drop off your completed survey at City Hall, which is located at the address above, or complete the survey online at <https://www.surveymonkey.com/s/Measurehdiscounts> on or before July 30, 2015. Your Measure H Committee and the City of Placerville thank you for participating in this important survey.

Re: Survey

I had fully expected a much bigger discount when I voted for the $\frac{1}{4}$ cent sales tax and was disappointed that it was only \$7.50 a month. I had hopes for around \$30.00 amount.

\$7.50 is not helpful for me so since it is not ever going to be more then I don't need it. Sewers repairs and water line repairs are needed. and I will find the 7.50 elsewhere.

The only issue I have with the survey is it does not ask about discount increases so it is one sided forcing you to pick the lesser of two things that aren't necessarily helpful to your personal situation.

I understand increases aren't an option but the survey itself did not give me options to express my reason for not wanting the discount if it is not adequate. Thankyou
L. Harbor
