- Generous Vacation Leave

Respect.

About Us

It's been said that water is essential to life. And we couldn't agree more. Here at the Sonoma County Water Agency, we provide safe and reliable drinking water to residents across Sonoma and Marin Counties.

Just as important, our employees tap into their innovative brilliance to champion our mission of environmental stewardship and sustainability. From our host of water supply and sanitation projects, fishery recovery programs, conservation initiatives, flood protection programs, and public outreach—the Agency is proof positive of contribution to the entire community.

Innovative.

Ingenious.
