2018-2019 Recycling Collection Guide

Dear Resident,

As I complete my 10th year as Director of Public Works, I would again like to take this opportunity to personally thank you for continuing to make our recycling program such a huge success. In the last two years, we have made several modifications to the recycling program to adapt to changes in the industry. This year, in an effort to become more cost efficient and to reduce manpower, we outsourced one-half of our recycling pick up. Privatizing a portion of the recycling will result in a decrease in the 2018 DPW budget without affecting services.

I am constantly working to see how we can implement cost-savings for our residents without affecting services. Although these changes were challenging, both the DPW and our residents adjusted to these revisions and made our program more dynamic.

Recycling Guidelines

- As per New Jersey State Law and Chapter 614 of the Code of the Township of Nutley, recycling is **MANDATORY** for all property owners, tenants, residents and businesses.
- It is the responsibility of the resident to recycle according to the listed guidelines.
- Recyclables are to be placed in the correct container at curbside **no earlier than 5:00pm the night before** or **no later than 6:00am the day of** collection.
- You can help avoid missed pickups by not placing your recyclables next to trees, telephone poles, parked cars or other obstructions and by having the material at the curb for collection at the proper times and in the proper recycling containers.
- Recyclables may not be placed in the street.
