PROCEEDINGS 1

MADAM CLERK: Board of Commissioners public 2. 3 meeting, Tuesday, March 6th, 2018. The time is 7:04. Pursuant to the requirements of the Open Public Meeting Act 4 (Chapter 231, Public Law 1975), notice of this meeting was 5 published in the December 14th, 2017 issues of The Nutley 6 Sun, the Herald News, and the Star Ledger. A copy of this 7 notice has been posted on the Nutley Town Hall bulletin 9 board and a copy is on file in the Municipal Clerk's Office. Commissioner Rogers? 10 COMMISSIONER ROGERS: Here. 11 12 MADAM CLERK: Commissioner Tucci is 13 absent/excused. Commissioner Evans? 14 15 COMMISSIONER EVANS: Here. MADAM CLERK: Commissioner Petracco? 16 COMMISSIONER PETRACCO: Here. 17 MADAM CLERK: Mayor Scarpelli? 18 MAYOR SCARPELLI: Here. 19 MADAM CLERK: All present, Mayor, except for 20 Commissioner Tucci. He is absent/excused this evening. 21 MAYOR SCARPELLI: Commissioner Petracco, what do 22 2.3 you have on the agenda tonight? COMMISSIONER PETRACCO: I believe I have an 2.4

10	MAYOR SCARPELLI: Okay.
11	COMMISSIONER PETRACCO: That helps. And that's
12	all I have.
13	MAYOR SCARPELLI: Commissioner Evans?
14	COMMISSIONER EVANS: I have six resolutions, three
15	relate to our issuance of general obligation bonds and a
16	bond anticipation notice. And then refund of overpayment of
L7	tax charges and return of escrow monies. That's all I have.
18	MAYOR SCARPELLI: Commissioner Rogers?
19	COMMISSIONER ROGERS: I have one resolution
20	designating the month of March as National Women's History
21	Month. And that's it.
22	MAYOR SCARPELLI: Commissioner Tucci just has a
23	Shade Tree report. And I don't have any resolutions. Madam

MR. GENITEMPO: I just want to report on a meeting that I attended this morning that was a pre-construction meeting for the site -- Prism site, actually for the medical school. And they're moving along pretty well and we're working with them on permits. They expect to have people on site in April, early April, with temporary parking in the back while they continue to build their parking lots. And then June 2nd is when they expect the first students to be on site. By then, the roadways and the parking lot should be complete.

So the Town is working well with them and with the engineers. The county was here, people from the county. So we had a good meeting.

MAYOR SCARPELLI: How many people you said were in that meeting?

MR. GENITEMPO: There were 18 people at the meeting. So -- but it was a good meeting and we got a good feel for the project progressing schedule. They're going to provide a schedule soon for completion of the roadways and the parking lot. They didn't have it for today, but they hope to have it soon.

COMMISSIONER EVANS: And then for the April -- the

Veritext Legal Solutions 973-410-4040

MR. GENITEMPO: On the Clifton side with 700 spaces on the Clifton side. But it's going to be gradual as people start to -- they start to move people over.

COMMISSIONER EVANS: They can't do the paving on the Nutley side until the come back before the Planning Board.

MR. GENITEMPO: Right. They've got to come back to the Planning Board, get their final approval, at which point they'll pave and then we'll give them their COO.

COMMISSIONER PETRACCO: I wanted to ask you about that too because I don't know who asked me that question today or where I saw it, but that -- we -- they're not able to -- because I went to the meeting, the Mayor and I, and I know you were there last night, Alan, too, at the Roche meeting. But somebody said to me they can't pave that lot until the Commissioners vote on it?

MR. GENITEMPO: No, I mean, it's really the Planning Board's final approval of the application for that. We've made it a condition, certain things condition before we approve of that paving.

MAYOR SCARPELLI: What they do need to come back with is a signed amendment to the redevelopment agreement.

MR. GENITEMPO: Right.

MAYOR SCARPELLI: Before the Planning Board will approve that.

MR. GENITEMPO: Correct. So the overall -MAYOR SCARPELLI: So it does -- I quess we're

5 involved somewhere along the line.

MR. GENITEMPO: Right. The overall --

MAYOR SCARPELLI: We already signed the agreement, they haven't.

MR. GENITEMPO: -- The overall for the other parking that we've already been going through changes that redevelopment agreement. They haven't -- it has to be signed by them before we give them final approval. So there's a lot of things that have to happen.

COMMISSIONER PETRACCO: And just for the record -- MR. GENITEMPO: Sure.

COMMISSIONER PETRACCO: -- and we're on the record tonight, you know, that meeting that we all attended, obviously there's three components: work, live, and play. So it's obvious that I would urge all Nutley residents to get out and go to these meetings because there's -- from what I took of it is that one doesn't work without the others. So if you're going to have a good, productive site without the residential component, you're not going to have it.

And you know, there's a lot of moving parts to

- that, which we all know, but I think that was the beginning of Gene Diaz, principal owner of Prism, to get his message out that that's the direction that they're moving in. don't know that I'm -- until I get all of that information, I don't know that I'm so much on board with that.
 - MR. GENITEMPO: But I think that's the message he's already -- he's been scouting for a long time. But he wants the public to start to hear his message more than just us, so that was the first step, I quess. The next one is Thursday.
 - COMMISSIONER PETRACCO: And I have to say, that speaker was excellent that he did have there.

COMMISSIONER ROGERS: Here.

MADAM CLERK: Commissioner Tucci is

absent/excused.

Commissioner Evans?

COMMISSIONER EVANS: Here.

MADAM CLERK: Commissioner Petracco?

COMMISSIONER PETRACCO: Here.

MADAM CLERK: Mayor Scarpelli?

MAYOR SCARPELLI: Here.

MADAM CLERK: All present, Mayor, except for

20 Commissioner Tucci. He is absent/excused this evening.

MAYOR SCARPELLI: Can we have a moment of silence for Senator/Commissioner Orechio and Alan Genitempo's dad.

We had a moment of silence before our workshop meeting, but 23

this is our first regular meeting. So please just take a

moment. 25

MAYOR SCARPELLI: Thank you.

COMMISSIONER ROGERS: Mr. Mayor, can I make a comment about Mayor Orechio?

MAYOR SCARPELLI: Sure.

COMMISSIONER ROGERS: For those of you who never had the opportunity to meet Mayor Orechio, he is the epitome of an individual who really loved this Town. The guy, he was enacted Governor once. He was the Senate president.

But I remember the years being here. He always put Nutley first, always did.

And if there was a bill in the Senate, if there was something going on statewide, he would make sure that this Township would be taken care of. So for those -- you know, I was thinking of this the other day. It's kind of sad that we have children growing up in Town who never will have the opportunity to meet a real gentleman. I mean, there's not a bad word you could say about this guy, a real gentleman, who always treated people with respect, and with honor and dignity.

But I think -- I just wanted to put on the record what I just said. He was certainly an inspiration to me and helped me when I became a police officer here. But boy is he dearly missed and hopefully down the road we see another gentleman like him come up and run for office and maybe one

day get elected.

2.

2.4

Thank you, Mayor.

COMMISSIONER EVANS: And I would add that he had a passion for veterans, but especially young adults and anyone that actually was in need. You know, whatever he could do, he was always there.

And I agree with you that he was an outstanding and strong advocate for Nutley all the time.

COMMISSIONER PETRACCO: I'm going to actually -thank you, Commissioner. I'm going to actually read
something that I posted the day I attended the funeral. I
posted this on Facebook about Carmen Orechio.

"Today was a very sad day for Nutley. Saying goodbye for such an icon was difficult, especially for me, the person who took over public safety after Carmen Orechio. Being Carmen's mother's paperboy when I was 10 years old was when I first met him. He helped so many, including me. He was a true statesman and loved the Town and I was proud to know him. One day in my second term as Mayor, I ran into Carmen at a wake and shook his -- he shook my hand. He held onto it a longer and said to me, 'You're doing a good job, kid.' His approval meant everything to me.

Today, at the cemetery, one of Carmen's lifelong friends shook my hand and said, 'You remind me a lot of Carmen.' That was a huge compliment to me. In closing, I

will let Carmen's spirit guide me in public safety. Nutley was very lucky to have a Carmen Orechio look out for all of us for so many years. And I was always proud to call him my friend. God bless him. May he rest in peace."

Thank you.

MAYOR SCARPELLI: Thank you, Commissioner.

I've known Commissioner/Mayor/and Senator Orechio probably my whole life, either when my grandfather was running four times for -- to be seated up here and not winning, or when my father was here for 25 years sitting next to him.

So he's going to be missed. He was an icon, statewide, not only here. And as everybody said, he always put Nutley first. And I talked to Commissioner Tucci and although the Senator didn't want anything named after him, Commissioner Tucci is going to look for the appropriate place for something to be named after him. So --

UNIDENTIFIED SPEAKER: (Indiscernible).

MAYOR SCARPELLI: Yes, but that's not ours. Yes sir. So Commissioner Tucci is going to be taking care of that.

So, Madam Clerk, communications?

MADAM CLERK: Yes, thank you, Mayor. We have four event applications, three of which are for Holy Family.

All persons addressing the Board of Commissioners regarding community concerns should approach the microphone and provide their name and address for the record. Unless further time is granted by the Board, each person shall limit their address to three minutes. All remarks to the Board and its individual members must be addressed to the Mayor. The Mayor may defer citizens' comments to the appropriate member of the Board. Dialoque between citizens and others addressing the Board shall be allowed unless the Mayor or presiding officer, or the majority of the membership of the Board, shall determine that the interest of decorum and/or the expeditious conduct of municipal business are being adversely affected by such dialogue. MAYOR SCARPELLI: Would anybody like to address the Board of Commissioners on agenda items only? Seeing none, let's move on to the Board of Commissioner announcements. Commissioners? COMMISSIONER EVANS: I'm good. COMMISSIONER PETRACCO: I do have a comment tonight, Mayor. You know, Tom Evans being the tax quy, he doesn't really -- there's nothing I could really ever compliment him on. And I don't want to say too much about

some of these school issues. And I just want to -- I don't want to say who or what, Commissioner, but I want to thank you for setting that up and, you know, it was very advantageous, the meeting, who you sent was a true gentleman and he looks out for Nutley.

So not to get into the details, I just want to publicly thank Commissioner Evans for setting that meeting up with both the chief and I, and always looking out for the Town.

Thank you, Tom.

COMMISSIONER EVANS: You're welcome. Thank you.

MAYOR SCARPELLI: The only thing I want to say is
everybody stay safe tomorrow and tomorrow night. Keep the
cars off the road. Don't travel unless absolutely necessary
and everybody just get home safe tomorrow.

Ordinance introductions. Commissioner Petracco?

COMMISSIONER PETRACCO: Yes. Before I read this ordinance introduction, this is to change my TO. And again,

I've had a chance to talk to everybody on the Board.

This is bringing a seventh lieutenant in, which I really want to push into intelligence, and scrubbing through computers, and set up a whole array of assignment about events and what he does. And again, I'm very pleased from the Mayor. I know Commissioner Tucci is not here, but all the Board members for getting on board with this and really

investing in our children because this position is going to work hand in hand with what has become these school threats, you know, over the last few weeks.

So this is an ordinance to amend an ordinance codified in the Township of Nutley Code, Chapter 131, entitled Establishment and Organization of the Police Department.

I move that this ordinance be passed through the second reading and advertised in the Nutley Sun, together with notice required by law and that further consideration of said ordinance for final passage be, by the Board of Commissioners, to be held at a second reading on --

MADAM CLERK: April 3rd.

COMMISSIONER PETRACCO: April 3rd, 2018. I move the ordinance.

COMMISSIONER ROGERS: Second.

MADAM CLERK: Commissioner Rogers?

COMMISSIONER ROGERS: Before I vote on this, I want to explain a few things. I want to explain and articulate the importance of what Commissioner Petracco is doing.

This is a very proactive policing methodology that

I believe will certainly be a tremendous asset in the

addressing of some of the incidents we've seen around the

country, a very proactive asset. Back in the '80s, we had

community policing, '90s community policing. We had cops in the schools. And the intelligence gathering and information gathering was profound.

This police department was able to, in a very good way, curb a lot of drug abuse and proliferation of drugs in this Town just by having cops in the schools. This intelligence bureau that he's going to set up, I understand will not only be scrubbing social media and hopefully gathering information, but it's no secret, Commissioner, that I've been a very strong proponent of police officers in the schools.

Our first line of defense against anyone who dares to come into a school and harm anyone is a person who is well trained in firearms. And that well trained person could be a retired police officer or military person, but we have to emphasize well trained. And they don't have to be uniformed officers.

Back in the '70s, and '80s, and '90s, we did not have uniformed officers in the schools. They went in plain clothes. And we've talked about this, Commissioner.

COMMISSIONER PETRACCO: We have.

COMMISSIONER ROGERS: And they have -- they've had

-- they created a wonderful relationship with children

throughout the school district. We don't want kids running

from our schools. We don't want them running out of the

Veritext Legal Solutions 973-410-4040

2.

2.3

schools for safety. We want them running into the schools for safety. And when you have police officers who are trained, and going down the road that Commissioner Petracco is going in intelligence gathering and information collection, that doesn't mean that the officers are going to be grilling kids and dragging information out of them. It means that these well trained officers, when he sets up this unit, are going to become friends with young people in the school district.

2.

2.3

2.4

And those kids are going to know that they could go to those officers and you may know this. Maybe some of you don't know this, but there is a program called LEAD. I already know that there are officers in those schools where kids want them to come in. They're befriending them.

And let me add this too about the whole mental health issues and many of the problems that related to the incidents we're seeing, other than the gun issue. That's a federal issue. We shouldn't be involved in that.

But when we talk about mental health and we talk about children in need, we're talking about some serious business. We're talking about, and this is where your cops come in and the intelligence and information gathering aspect of it. We're talking about children that are living in broken homes. We're talking about children who are living in situations where domestic violence has become a

way of life. We're talking about children who need a friend. And boy, if that child can see in that officer a friend, then that officer could bring the information that's needed to the school district, and to law enforcement authorities to do what must be done to treat that child.

I saw it for myself in the '80s. There used to be a kid stoplight at juvenile bureau every day to show us his homework. He didn't have a father. He had a father, but the father didn't care. But because of the community policing aspects and what you're going to be doing now, you're going to see a life saved and maybe redirected to something so important to our society.

So I fully support this. I like the idea that you're building a framework, especially looking into social media, but your biggest asset are going to be those young kids who are going to come to those offices and say you know, I've got a bad feeling about so and so, could you guys look into it.

COMMISSIONER PETRACCO: Very true.

COMMISSIONER ROGERS: So I fully support this and I vote yes.

COMMISSIONER PETRACCO: Thank you.

MADAM CLERK: Commissioner Evans?

COMMISSIONER EVANS: I'm going to speak to your 2.4 comments before I vote, which I would vote yes.

Everything I've learned in a very short period of time says that one, security for our schools, and even for the community, is a network and it's an umbrella of overlapping layers of things that you put in place. It's not one thing that you do that makes it right.

2.

2.3

2.4

And not any one thing you do or even the umbrella is 100 percent. But what I have learned is what you're speaking towards was anything that can be done, whether it's a police officer, a psychologist, a counselor, you know, that you have that can do the early identification before it becomes the threat, which then creates chaos. And even like -- you know, when you think about it, right, one police officer in the school and you have a gun situation, it becomes extreme chaos, right?

The level of training that's required that says if that officer has to pull his weapon, how confident is he that if he does pull it, he's going to hit his target. And the training that's required and the regular use of that training to make sure that when he pulls his weapon, he can guide it to where it needs to go. Because the risk is, you then have, in effect, friendly fire that could hurt someone.

So I think that's a very delicate issue that has to be addressed. But I think the point you were raising wasn't the chaotic thread, it was the early identification.

And getting -- whatever it is, whatever level, is that

voice. And Nutley -- to Nutley's credit, unlike Parkland where there were 30 calls to the local sheriff's office of a child who was in an alternate school system, four calls to the FBI, and nothing happened.

In Nutley, one call and that's all it took to basically exercise the forces that we have in play and get people to act. And I think that's to the credit of the Town and to public safety, and the dedication of the officers where a child speaks to the parent. The parent calls. And there's no question about. There's action.

And I think that's part of -- again, I think it's another layer of the security umbrella that says our police station is in close proximity to the schools. We can respond very quickly. But when we get notice of something, we don't ignore it. We act. And I think that's an important part of, you know, figuring this all out.

But I like your point about how do you put things in place, which isn't about the pinnacle of where there's a threat and it's active, where there's chaos. It's about how you do the early identification to avoid that level. And I think that's very appropriate.

So absolutely yes.

COMMISSIONER PETRACCO: Thank you.

MADAM CLERK: Mayor Scarpelli?

MAYOR SCARPELLI: Aye.

2.

2.3

2.4

COMMISSIONER PETRACCO: Mayor, before we just move on, I just -- first of all, I would like to thank the Board. And it's the word that I've been preaching about this ordinance. And it really means a lot the full support of the Board on something like this is the prevention.

You know, and I have to tell you, Captain Greene, I saw him walk in. He's our captain that oversees the detective bureau. And I don't want to get into how many threats we've had and how many things they've been looking into, but it definitely stresses out your agencies. You know, and not that one person is needed because when there's nothing going on as I always said, you know, it's -- you could do without a lot. But it's never a problem until it's a problem.

And you know what, we've had some problems in Nutley. And to me, it's all about prevention. But at the last commission meeting, I did mention what a great job the parents did, the kids did, our superintendent did, the School Board did, of seeing something and saying something. And that's the biggest message that we could ever put out there because we cannot defend from it.

A lot of communities are -- they're great at responding and Nutley has a great response time. We have

Veritext Legal Solutions 973-410-4040

- the ESU team which a lot of towns come to train

 with our guys. That's how far ahead of the curve we are.

 But it's about prevention and that's what I'm trying to

 accomplish with all of your help.
 - So I appreciate the vote. And I know that I had a couple of kind words to say for Captain Greene in the back, but now that he's here, I'll do that in person.

I have to tell you, this guy, along with the chief and all of the detectives, they work 24 hours a day, 7 days a week. That's during the school threat. And I know I've mentioned that before. But I'd just like to stand up and give Jerry a round of applause. And not just for you, Captain, but for all of your men that -- you guys did a great job and we'll never know what you prevented here in Nutley and we appreciate it.

Thank you, Mayor.

MAYOR SCARPELLI: Resolutions. Commissioner Rogers.

COMMISSIONER EVANS: No raises, by the way, right?

COMMISSIONER PETRACCO: Excuse me?

COMMISSIONER EVANS: No raises, right?

COMMISSIONER PETRACCO: No. Actually, Captain is here on his own time, Tom.

COMMISSIONER ROGERS: Resolution number 67-18.

Whereas, in 1988 the month of March was designated

by the United States Congress as "National Women's History Month"; and

Whereas, Women's History Month promotes the teaching of women's history and the achievements of women throughout the world; and

Whereas, it is important for the residents of the township to recognize the growing contributions and achievements of women in the Township of Nutley, State of New Jersey;

Now, therefore, be it resolved, that the Board of Commissioners of the Township of Nutley calls upon all citizens of Nutley to observe the month of March as:

National Women's History Month 2018. "Nevertheless she persisted" is a quote honoring women who fight all forms of discrimination against women -- at which time all of the residents may join in commemorating women, past and present, who have rendered a service to our nation, our state and our township.

Also, therefore be it resolved, that the Board of Commissioners of the Township of Nutley calls upon all citizens of Nutley to observe International Women's Day, Thursday, March 8th, a global day celebrating the economic, political, and social achievements of women past, present, and future since 1911.

Before I move this resolution, we've had

outstanding women in this Town. I remember we found two World War II veterans, women. Imagine in World War II, they achieved the rank of Admiral. One of them we have her -- a plaque dedicated to her in our office. She was a nurse in the United States Navy during World War II.

We had one who was a grand marshal of a parade here. God knows how many other women we have in this Town that have made so many contributions to this country. But I've always emphasized this, and I know I sound like a broken record sometimes but for some reason lost in our history books is the contributions of women to this country during World War II. I didn't learn about that until it was later in life. Where were our mothers, our grandmothers, our fathers, our grandfathers -- or our grandmothers or mothers, I should say, when dad was out fighting the war in Europe?

They were in the factories. My mother was in the Brooklyn Navy yard, in factories welding Jeeps and tanks. So as we pass this resolution, I would hope that some educators around the town and the country realize that maybe we've got to put some more emphasis on the contributions of women, especially for young girls today, because this is history that should not be forgotten. And unfortunately, it has been forgotten.

People ask me what's the sense of these

Veritext Legal Solutions 973-410-4040

resolutions? Why do we have a resolution like this? To do
exactly what we're doing tonight, public awareness of lost
history. Public awareness of a history we should never,
never, never forget.

So I move this resolution.

MADAM CLERK: Commissioner Petracco?

COMMISSIONER PETRACCO: Aye.

17 MAYOR SCARPELLI: Commissioner Evans?

COMMISSIONER EVANS: Thank you. I have three resolutions that are all related to the same item. In May, we will be financing a new set of bonds for \$6,791,000 of principal amount. We'll also be refinancing our bond anticipation note, which will be a \$2,693,300.

The bond anticipation note will be for a period of one year. It relates to the Ciccolini purchase, which was an original purchase at \$3,425,000. But our bonding

23

related to that is down to \$2,693,300 because we've been paying that down.

We don't have any bonding related to the purchase of the building next to the bike shop because that building has -- that purchase has been paid off. So we continue to pay down our debt. The -- the reason for this is as we look at the bonds, we periodically renew our bonds, generally around a five year mark we'll go through that. And the market is good timing.

We believe that we'll be able to get a bond that will have an 11 year life and an interest rate that will be below 3 percent. And given the timing of some of the actions in the market and the focus of the federal reserve where they might start to increase interest rates, we want to take advantage of the bonding before that occurs, which is most likely to occur later in the year. So the timing is very good.

So I just will, you know, look at bond -resolution number 58-18 relates to the bond anticipation
note in the amount of \$2,693,300. It will be for a period
not to exceed one year.

59-18 relates specifically to our bond -- a bonding, which will be a note, as I said, which we believe it will be 11 years, for \$6,791,000.

Overall, our debt service going forward will be

Veritext Legal Solutions 973-410-4040

2.

2.3

less annually because of the way we're managing through this, will be lower by \$200,000. And actually in the fifth year, it actually increases -- the benefit increases. So we'll continue to do that.

2.

2.3

2.4

What you'll find is that every year we have in our capital management program, the Commissioners -- we negotiate on what we need to spend money on, which as how do we anticipate a large purchase of a fire truck or building improvements. We spread that out. And so each year, we manage to roughly one and a half million dollars' worth of capital improvements.

We were able to fund that and then every -roughly every five years, we renew the bonding. Overall,
from Nutley's position, we have a borrowing ceiling that is
over \$126 million. Our outstanding debt is roughly 12
percent of that. So we keep our debt very low and we manage
that, roughly to a nice sort of mortgage level, less than
three percent with maturity of 11 years. We try to stay
around that so that we can manage our way through that.

So very effectively, we're getting good rates, short period of -- short intervals. We're not bonding for 20, 30 years. We keep it short and we manage our way through that. And we control that all because of each year we put a cap through our capital management plan. So number 59-18 is for the authorization to purchase bonds in the

All persons addressing the Board of Commissioners regarding community concerns should approach the microphone and provide their name and address for the record. Unless further time is granted by the Board, each person shall limit their address to five minutes. All remarks to the Board and its individual members must be addressed to the Mayor. The Mayor may defer citizens' comments to the appropriate member of the board. Dialogue between citizens and others addressing the Board shall be allowed unless the Mayor or presiding officer, or the majority of the

membership of the Board, shall determine that the interest

of decorum and/or the expeditious conduct of municipal business are being adversely affected by such dialogue.

MAYOR SCARPELLI: Would anybody like to address the Board of Commissioners this evening?

MS. SOLENTO: Hello, Amy Solento. 70 Newman Avenue.

I have a few questions, topics. First of all, the State Department and Community Affairs just announced a significant change in what they're requiring in terms of building permits and inspections. Roofing, siding, indoor plumbing, fixture replacement, indoor sheetrock and drywall, and a few other things, alarm systems. They're no longer requiring permits.

So I know this news is very recent. So I'm just wondering, will there be a projection prepared in terms of potential revenue loss, potential reduction of inspections?

COMMISSIONER EVANS: We haven't done that yet because it just came out. But we do have to look at what the implication is because we're anticipating -- actually anticipating more revenue for the code office this year. And because of that change, we may have to reduce our revenue expectation as a result. So the answer is we do have to look at it, but it just came out. I haven't done that yet.

MS. SOLENTO: Yeah, I understand. It just

Veritext Legal Solutions 973-410-4040

2.3

happened. So I guess on the flip side it would be great to have some consumer education about hiring a registered contractor, how to make sure you're getting the best value for your buck. And this may sound odd, but if there's going to be a reduction in inspections, but we have qualified people, can the Town offer a service that someone can say I'm hiring an inspector to come out and inspect my job before I pay the final payment to a contractor.

I mean, especially in the case of roofing. If a contractor isn't reputable and they put a third layer on, you know, it's a problem. So I don't know. Just thinking of budgetary and revenue opportunities for the Town.

So I attended the joint meeting last week of the Board of Commissioners, Planning Board, Zoning Board, Board of Education. I thought it was very educational. It was sort of a surprise about mixed use and density, how many times it's been mentioned over the years, but there just have been gaps.

So I believe there's a workshop scheduled for tomorrow night, obviously pending snow.

MS. SOLENTO: It is cancelled. So the next -- so the workshop will take place at the next Planning Board meeting?

Veritext Legal Solutions 973-410-4040

2.

2.3

2.4

COMMISSIONER EVANS: That would be Carol Tangora (ph), but I assume that would be correct.

2.

2.3

2.4

MS. SOLENTO: Okay. So my question is what will be in place in terms of ensuring that there will be a resolution, the workshop -- third workshop on mixed use and density will actually result in recommendations between all parties, including the building department, and that the recommendations for policies will come to the Board of Commissioners, how will that be ensured?

COMMISSIONER EVANS: Well -- so in the Code office, I've already given instructions that the differences that have been identified must be resolved. And I don't know if the meeting is still being held, but the meeting between the Code office and the Committee of the Planning Board was supposed to take place tomorrow morning at 8 o'clock because I didn't want it to -- I made it clear that it can't linger.

So we will stay on top of that to make sure that whatever those differences are -- whatever it takes to resolve those differences and do it right, that will be done between the Code office and the Planning Board. When that's completed, that will be a resolution recommendation that will come before the Board of Commissioners.

And with that -- with all the differences reconciled, it should be easy to get it through the Board.

MS. SOLENTO: Great. Thank you so much.

2.

2.3

2.4

I don't know if this is something that gets addressed to the chairperson of the Planning Board, but developer fees. I brought that up at the meeting last week. There didn't seem to be a response. But between developer fees and COAH trust deposits, I'm not sure that that has happened for years.

Again, who's -- who is that addressed to? Who's responsible for that?

COMMISSIONER EVANS: Sure so COAH fees have been regular. The COAH trust account, it has -- currently, I believe it's over \$400,000 in it because of the fees that were made. There was a period of time where you could make a payment, which was the COAH fee, in lieu of having COAH related housing. Round three, which is where we're currently in doesn't allow for that.

And because Nutley is an urban aid distressed city, as that designation, we're applying for exemption from the COAH requirement for round 3 as you're probably aware. So the fees have been collected on all of those properties. You can't get a CO unless the COAH has been calculated and paid. So there's that assurance.

And I don't believe -- I think I addressed one side of your question. What was the other?

MS. SOLENTO: Developer fees.

very clear rules around what you can ask for in terms of -which is an impact fee. And there's an ordinance on our
books that relates to. What that has -- generally, it's
things that would impact the infrastructure, such as the
sewer lines, the water lines, and things like that. And
there is a determination made through engineer, as to relate
what that is.

When it comes to Hoffman-LaRoche, however, and you're looking at a redevelopment, the aspect of what would be a developer fee is broader because there could be impacts on our infrastructure, such as our police department, our other services that we would be able to negotiate.

MS. SOLENTO: Okay. And I think I still have a little time because there were a lot of great answers.

PSE&G Repaving, is there a schedule plan by street, what the level of repaving? I know some of that has been discussed in terms of when was this last repaved. But could something be -- I know, could something be published? Sorry, I couldn't see you over all the --

MAYOR SCARPELLI: There's nothing that's been scheduled at this time, Amy.

MS. SOLENTO: Okay, so --

MAYOR SCARPELLI: In fact, they were scheduled to go out and walk the roadways tomorrow, public service and

Veritext Legal Solutions 973-410-4040

engineering. So that's not going to happen tomorrow.

2.

2.3

2.4

MS. SOLENTO: Right. Absolutely not. Do we have a way to ensure that PSE&G is committing to the timeline?

MAYOR SCARPELLI: Once we decide which roadways and how they're going to be paved, we got a good piece of news today that the -- they're going to be using a state contractor, which will make it easier for us to coordinate with our paving plan. So it's coordinated in that area.

MS. SOLENTO: Good. Thank you so much, Mayor. Thank you.

MAYOR SCARPELLI: Would anybody else like to address the Board of Commissioners this evening?

MS. QUIRK: Terry Quirk. 45 Hampton Place. Spokesperson for the Nutley parent Advocacy network.

I'm really glad I came to this meeting. I really am because I'm glad to hear how the Commissioners are discussing the gun safety and school safety. This has been a really difficult time for everybody. I mean, the kids -- we all went to these meetings. We all heard from them. We heard from parents. Nobody is happy about this. We're all in mourning almost because school has now become a different place.

Even here, it's -- I'm not pointing but we have a police officer here and that's okay because you know what, this is the world that we live in now. This is it.

So I do want to thank you for having that conversation. I'm tending to agree more with Mr. -Commissioner Rogers than with Commissioner Evans, no offense, but we have a great police department, but if they're not on scene, our worry is that we're up against something like an assault rifle, somebody walks in or has some sort of rifle like that, we're really talking about multiple deaths. And it's so alarming to actually have to actually say that.

But it is something. But I'm really glad that you had that conversation and that you're moving forward and you're proceeding. I do have to thank -- I understand on that Monday, on the 26th when the students went back, there were police officers and they were around the school.

Now, this was information and we're all going to say this is hearsay, but I'm going to say it anyway. I understand that there were patrols that wanted to enter the high school, just to make the kids feel good, just to walk around, show their support because later on we found out later that night how uncomfortable they were.

But we heard through the grapevine that -- and this could be completely wrong -- but we heard that the police were denied access to the building, which I find really difficult.

COMMISSIONER PETRACCO: That's not true.

Veritext Legal Solutions 973-410-4040

2.

2.3

2.4

MS. QUIRK: Okay. Well, I was just -- but it 1 can't happen. At times like this, our police have to be --2. 3 COMMISSIONER PETRACCO: Terry, let me just --MS. QUIRK: But can I just finish one second? 4 COMMISSIONER PETRACCO: Yeah. And then I just 5 want to -- but I just want to --6 MS. QUIRK: I just want to finish one second. 7 COMMISSIONER PETRACCO: Go ahead. MS. QUIRK: Because I -- my feeling is that, you 9 know, the police at this time recognize how the kids were 10 and we appreciate that. I mean, this is an opportunity. 11 12 The police never have an opportunity to really connect with 13 the community and this was the best opportunity. So I'm hoping that in the future as we proceed, we 14 15 work together in that. And this is not something that I 16 have against this Board of Commissioners, it's really something that we need to move forward with the other Board. 17 But we just really want to proceed and communicate. 18 What did you want to say? 19 20 COMMISSIONER PETRACCO: Yeah, I wanted to say -first of all, I wanted to thank you for all the work you're 21 22 doing out there, and sending the message out. And I see you 23 also at the meetings and I don't even believe you have any kids in school anymore because --

Veritext Legal Solutions 973-410-4040

No.

MS. QUIRK:

2.4

25

COMMISSIONER PETRACCO: -- I believe they went through mine. So that admirable.

I won't speak for Commissioner Evans, but I think we are all on the same page on this Board, so I don't know what the disconnect with that was. But -- however, I want you to know that I am an advocate for the school guards to be in the school. Joe Volano (ph), who's our class 3 special officer, here tonight, he's a retired guy and that's what I think should be in schools and it should be through the police department because they're trained officers.

And it's not an outside company running it.

MS. QUIRK: Right.

2.

2.3

2.4

COMMISSIONER PETRACCO: It will be through our police department. It's not a cure all by no means. It's just an extra layer that, you know, you have somebody -- but I just wanted to -- the one thing that I didn't mean to interrupt you. You know the respect I have for you. Is that I have to say that we have been in schools --

MS. OUIRK: Okay.

COMMISSIONER PETRACCO: -- all along. We had -- when Lieutenant Rogers was there. We have LEAD now there.

And I have to tell you, our cops are in the schools a lot.

And I don't want to throw up a bone for Commissioner Rogers' son, Steve Rogers, who was at Washington School. But we were going to move the cops around and play a little shuffle

game.

2.

2.3

2.4

We got so many calls about not to move any of them from any schools, especially his son, because the kids are attached to him and they know them by name. Mike Padilla (ph), another detective, unbelievable, Terry, how the kids run up to him.

And what's so important to me about that is that if Little Johnny or Little Susie is having a bad day or is not up to snuff and is thinking about doing something bad, a lot of these kids are running up to Steve Rogers' kid -- son, Mike Padilla, and we're about prevention in Nutley. We have a great reactive community of policing here. We have the best equipment. We have the best of the best of the best. But we want to prevent -- and it's my opinion, and I have to commend Steve as well because he's been to all those meetings and the Mayor as well.

Look, Terry, our kids are our prized possessions.

I have a fourth grader --

MS. OUIRK: Yes.

COMMISSIONER PETRACCO: -- in Spring Garden and I asked him, and my fourth grader is not very athletic. He's not like my other two were, kind of -- you know, he is who he is. And I said to him one night, I said, "Salvatore, daddy wants to ask you a question. What do you think about, you know, having a police officer in the school? An armed

-- you know, not in uniform but --" He says, "You know, dad." He goes, "It would make me feel safer." He says, "Not -- even though, I might not see him. He might be in the hallway somewhere and I --" but he goes, "but I think just knowing that he's there, it would make myself and my friends feel safer."

You know? And I said it at one of the meetings. You know, it's not always what we want up here, it's what the majority of the people want. We're an extension of the people. And I think that if it makes our kids feel safer, if the majority of the parents want it, and I have to tell you, I have gotten threatening e-mails saying, "If you dare put an armed guard in that school, you know, you'll have a problem. I'll campaign against you." And all that stuff. And that's okay.

MS. QUIRK: Yeah.

2.

2.3

2.4

COMMISSIONER PETRACCO: Because what -- the conversations I've been having, Terry, is that 10 years when Al Petracco is laying on some beach somewhere, I want to know as the public safety director, as your public safety director, that if God forbid something happens here, I did everything in my power to prevent it.

And I think that's very, very important to say.

So I believe, you know, it is up to the superintendent and the Board and they're going through those exercises and

seeing what best fits for them, but our police department has always had directive patrols to all the schools before we had this threat. And they get out of the cars. They walk around the school perimeter, check the doors, make sure everything is okay.

2.

2.3

2.4

Now, the only thing that we did different was the month when they went back to school is we actually walked into the schools. And we went down the hallways, greeted the principal, and we did that a few times every day to all the schools.

Now, that's something that I want -- I really want to continue. However, you were at the Board of Ed meeting that Monday night where somebody said, "Well, you have approximately 70 cops." Which we don't, we have 67. Okay? And somebody is always out injured and somebody is always out on vacation and all that stuff.

So we have a minimum of five patrolmen every day.

So we don't have -- because somebody said, "Well, if we take

10 percent of our fleet, you know, and put them by the

schools, you know, we should be okay." But unfortunately,

67 guys times 365 days a year, 24 hours a day, you know

vacations, holidays, all -- we don't have that many cops

there. You know?

So we don't want to give up what we have until all our details, but we just received a grant too that we were

-- I think -- was it one of three, Tom, in the whole -- one of four. One of four municipalities got a grant to hire cops, you know? And in the beginning, we were kind of -- I was kind of going into let's maintain what we have. But now, and with the Board again, because I can't do this by myself, Terry.

MS. QUIRK: Right, no.

COMMISSIONER PETRACCO: You know, we have to have these guys -- they all have a vote. And I have to tell you. So now we are going to be adding numbers through that grant to the police department and I can't do it alone. But I have to tell you, every one of these commissioners up here have stepped up to the plate and said, you know, don't spend the money foolishly but if it -- when it comes to the kids' safety, whatever we have to do is on board. And I think that's admirable.

So I just wanted to let you know. And again,

Terry, you and I, we've known each other a long time and I

respect and I admire what you do. Thank you.

MS. QUIRK: All right. Thank you. Just a really quick question for the Mayor.

We heard from Commissioner Evans and from Commissioner Rogers, what's your position in regards to --how do you feel about armed guards? Is it something that you don't want to --

MAYOR SCARPELLI: That's how I feel.

MS. QUIRK: Right. Thank you.

COMMISSIONER EVANS: Terry, to your point, just to be clear, I wasn't disagreeing with Commissioner Rogers. My point was that the idea of -- it's not just the police officer.

MS. QUIRK: Right.

COMMISSIONER EVANS: It's the social services, counselor, psychologists because you want to avoid the crisis situation where there's all that chaos, right?

And I also -- as a father, I don't have any children in the school, but as a parent who would say I'd have children in school, I'd want to know that that police officer, that if he's in or she's in that chaos situation, that they're well trained to handle that.

So when you see that you're in a school and all of a sudden somebody comes in and you have children running, teachers running, somebody trying to do this and you're one officer in that school, are you prepared to act? And have you been properly trained?

Because if you pull your gun, that 9 millimeter is not going to 15 feet. It's going to go a long distance.

And there's a risk that if you miss that you can inadvertently hit somebody else that you don't want to hit. So the training that's required, the practice that's required.

MS. QUIRK: Absolutely.

2.

2.3

2.4

COMMISSIONER EVANS: I think all of that has to be part of the solution. It's not just pick up somebody and say today you're going to be in the school. The person who's going to do that as a job, they need to be on the practice range. They need to be in training for chaos situations.

MS. QUIRK: I agree.

COMMISSIONER EVANS: But more importantly, the safer thing to do is do whatever you can to prevent that.

And so one of the things that (indiscernible). See, you have West Virginia University, they have their own security force. It didn't stop it.

At Parkland, you had a sheriff's officer there.

It didn't stop it, right? But there's a -- if you do it as part of an integrated network of things, which is mostly on identifying early who's at risk.

This poor child in Parkland, high risk. 30 calls to the sheriff's office, 4 to the FBI. Placed in alternative school because of his issues. It was just a bomb waiting to explode.

MS. QUIRK: Right.

2.

2.3

2.4

COMMISSIONER EVANS: And they didn't catch it. Here in Nutley, we had one posting. Parents activated, called the police, boom, we're on it.

MS. QUIRK: Right.

COMMISSIONER EVANS: And that child is now getting the care that they need, right? So the more we can look at an umbrella of things to make sure that that layer and those layers of interconnecting layers are there, that that actually creates a safer, nor 100 percent, but a safer environment.

So what we were talking about was the LEAD program wasn't about having a police officer there to prevent somebody -- from a shooting, it was about relationships with the children, right, in the schools so that they're more willing and more comfortable to approach a police officer and tell them something so you gather that intelligence.

And that was so valuable and the continuation of that is so critical. And Commissioner Petracco alluded to it, but I was at the meeting with the School Board where they were talking about hiring an outside security agency. Well, we were able to arrange for the Director of Homeland Security to meet with the school. He met with the Mayor and public safety director yesterday to do a security evaluation of all of our schools.

COMMISSIONER EVANS: So that's the cooperation between both boards.

MS. OUIRK: Thanks.

COMMISSIONER ROGERS: Mr. Mayor, I'm in a bit of a talkative mood tonight.

MAYOR SCARPELLI: I guess you don't want to get home before -- we're past the --

COMMISSIONER ROGERS: No, I do. But when they say -- somebody said to me last week when you get the moment, seize it because it may be a long time before you get that motion again.

So Mrs. Terry Quirk, you have given me a moment to seize.

First of all, I truly -- I want to follow up on what Commissioner Petracco said because it isn't said enough. I'm sitting here tonight and I'm reading in this resolution about Women's History Month and women who have contributed to their communities, to the state, and to the country.

And I'm watching you and I'm saying you're one of them. You're one of those women who, you know what, we may

not disagree a lot on things, but the one thing that I can say that you have been doggedly passionate, articulate, knowledgeable. And the one thing that impresses me about you, that I really mean this, you have never come here meanspirited.

2.

You have never come here with an I've got you type of attitude. You've always come here articulate and knowledgeable, knowing what you're talking about and respecting something that -- we mentioned Carmen Orechio earlier, what was so important to him, respecting the integrity of the institutions that you address.

So I seize this moment tonight only because you're sitting here. This certainly was not on my mind tonight.

But I want to thank you and Commissioner Petracco, thanks for giving me the segue, but I really mean it. And I think you very much.

MS. QUIRK: Thank you.

MAYOR SCARPELLI: Would anybody else like to address the Board of Commissioners this evening?

MS. LANDRY: Penny Landry, 135 Lakeside Drive.

The organization meeting of the Economic

Development Advisory Committee 2/26/ 2013. And I

know over the last two years, we haven't had any meetings.

I'd like to see -- have an update on the Economic

Development Advisory Committee. And the first thing I'd

like to know is of the organization members who were --well, we know Mr. Carmen Orechio who was the Chairman

Emeritus is no longer with us. But there was John Barry,

John Gizzo, James Grueter, Joseph Haines, Lorraine Kucinski,

Vincent LoCurcio, Joseph Russo, Sam Battaglia, Phil Brancato,

Angelo Cifelli, Arthur Cifelli, Russell Lazovick, who we know is not -- no longer here in the district, and Thomas

O'Brien.

Of the original committee, Commissioner Evans, could you tell us who is still on the committee and what is the status of the Economic Development Advisory Committee?

COMMISSIONER EVANS: Yeah, so there's no one on the committee because I suspended it.

MS. LANDRY: This committee has been suspended?

COMMISSIONER EVANS: Absolutely, for a while now. The reason for it is the actions that needed to be addressed are actually integrated with the work that needs to be resolved with the On3 site. So until we get clarity around the direction of that and a big theme for the On3 site is how it integrates into the community, how it supports our business district, and then what would be --would they be able to contribute to helping us address some of those things.

Because we had that sort of big unknown there right now, the committee came to a point where one, it was

25

- becoming clear to consider establishing a special
 improvement district, getting the Chamber of Commerce to be
 part of that. And it was too early for us. So basically,
 we were on the early side. We got a lot of information
 that's helpful in our discussions with Hoffman-LaRoche and
 the impact on Hoffman-LaRoche.
 - And so until we actually progress through that a little bit farther, I've suspended that activity until we can clear our way to say, okay, now we can get together and start to make substantive action.
- 11 We just basically hit a wall where we couldn't go.
- MS. LANDRY: Okay, thank you.

- COMMISSIONER EVANS: So until it -- and so I

 expect it --
- MS. LANDRY: The committee is on a pause you would say?
 - COMMISSIONER EVANS: Yeah, a pause might be better. But I -- and when I bring it back, I'll reconsider who should be on that because I think we'll have a different outlook at that time and things -- the things will be clearer.
 - MS. LANDRY: Okay. Thank you. And then you mentioned that tomorrow at 8:00 a.m., there would be a workshop on mixed use and density?
- 25 COMMISSIONER EVANS: No, a meeting. It's not a

- 1 | workshop, it's a meeting. It's a --
- MS. LANDRY: A meeting? And who will be attending
- 3 that meeting?
- 4 COMMISSIONER EVANS: It's an internal meeting
- 5 between the Code office and the committee of the Planning
- 6 Board that worked on the mixed used definitions so that they
- 7 know that they can get together to have a conversation to,
- 8 in effect, address their differences.
- 9 MS. LANDRY: And who are the members of that sub-
- 10 | committee of the Planning Board?
- 11 | COMMISSIONER EVANS: I believe it's Jerry DelTufo,
- 12 | Mark Arcuti, and Anthony Malfitano, right?
- 13 MAYOR SCARPELLI: And Lorraine Kucinski.
- 14 COMMISSIONER EVANS: And Lorraine Kucinski.
- MS. LANDRY: Who?
- 16 COMMISSIONER EVANS: Lorraine Kucinski.
- MS. LANDRY: Lorraine's in Florida.
- 18 COMMISSIONER EVANS: Yeah. And so she may not be
- 19 there, but I'm saying that's -- whoever is available was
- 20 going to meet tomorrow. I think three out of the four were.
- 21 I'm not sure they're going to meet tomorrow because of the
- 22 declared state of emergency.
- 23 MS. LANDRY: Okay. Because you just said that
- 24 there was a meeting at 8 o'clock.
- 25 COMMISSIONER EVANS: It's scheduled for 8:00. I

	Page 56
1	don't know I don't have the answer so there because of

6	COMMISSIONER EVANS: Correct.
7	MS. LANDRY: If the Planning Board meeting takes
8	place, will that
9	MAYOR SCARPELLI: The Planning Board meeting is

11	MS. LANDRY: The Planning Board meeting is
12	cancelled. So will this agenda item that was listed it

14	that was noticed as public meeting. So my question is will
15	the agenda item, mixed use workshop for the public meeting,
16	be on the next Planning Board meeting?
17	COMMISSIONER EVANS: That's an issue a matter
18	for the Planning Board. I suspect it will be, but that would

21	MS. LANDRY: Okay. So she will decide if it will

25	MAYOR SCARPELLI. Barring anything unforeseen I

1 | can't see why it won't be on.

MS. LANDRY: Okay. All right. Thank you so much.

MAYOR SCARPELLI: Would anybody else like to address the Board of Commissioners?

MR. KELLY: John Kelly, 162 Pake Street.

I know the debate is very much open on this and I offer no opinion on it. But if we are going to go in the direction of putting armed guards or Class 3 officers in the school, I just would like to offer a friendly suggestion that we remember our vets.

Our veterans coming back from overseas, they've been in actual gun fights. They know what to do in these types of situations. And they're facing unemployment at rates higher than the typical average civilian.

And so instead of bringing back maybe retired officers, nothing against the retired officers, maybe we can remember our veterans who have served our country so that --

COMMISSIONER PETRACCO: I think that when -- if and when we do this, and again, John, this is not a Board of Commissioners decision.

MR. KELLY: Right.

COMMISSIONER PETRACCO: It's certainly not mine.

It's up to the school Board. I am an advocate of Class 3 specials, which Mr. Villano is standing over there. You know, he has a lot of history with the Nutley Police

Department. He has a lot of history with the buildings, knowing the building. So, you know, our police officers all do ESU training to respond to an active shooter. You came in a little late tonight.

2.

2.3

2.4

You know, what I was saying before, we are the premier Township in police department. Other communities come to train with our officers to try to mirror what we do. So I don't -- I'm not big on just hiring any NC to take that over. I think -- and again, it's not my call, but if I could have it my way, it would be ran through the police department because it would be ran as a para-military organization.

Now, there's no reason, I don't believe, and I will check this tomorrow why a veteran, and I think you have two veteran lovers here -- well, four veteran lovers here, I should say. I don't think there's no reason why they couldn't get that classification.

COMMISSIONER ROGERS: But there are -- if I may weigh in a minute. A couple things we have to keep in mind is that a lot of veterans coming from the Middle East are suffering from post-traumatic stress disorder. A lot of them. A real good number of them.

So that would be another level of screening that would have to be done. But secondly, the -- and I'm for veterans getting these jobs, however, I've been around long

1 2

enough and spent a career in the military understanding that combat operations in a foreign country are quite, quite different than a community policing operation.

In other words, I'm not saying they can't do it, but the transition is very dramatic. I have had discussions, in fact, remember the early part of I guess the month, commissioner -- I went to Commissioner Petracco when the veteran situation came up. And I agreed that yeah, we want to employ veterans. It would be great to have them in there, but to transition in speaking to military personnel is very dramatic. It doesn't say they can't do it, but it would be quite a task, especially -- I happened to talk to two Marines.

And I got a Marine and Iraq war vet, Courtney

Johnson and Dan Jacobe, who was in Iraq. And they had

explained to me also that door to door combat operations in

Iraq, the transition would be rather dramatic. It can't be

-- I'm not saying it can't be done, but the class 3 community

policing training starting off with that may be the way to

go.

But the door shouldn't be closed. I agree with you. And perhaps down the road we're going to find that we're going to be able to do that. I'm going to assure you.

COMMISSIONER PETRACCO: And I don't believe that they would be shut out from being a Class 3.

1 COMMISSIONER ROGERS: No.

2.

2.3

2.4

COMMISSIONER PETRACCO: I mean, they would have the right to go through an academy.

COMMISSIONER ROGERS: Yeah, absolutely.

COMMISSIONER PETRACCO: And they would go for a sight test as part of our hiring procedure here in Nutley. So I think that it is possible.

COMMISSIONER ROGERS: But I think to Commissioner Evans' point, and you articulated this a few times and it was very important, well trained. Very well trained personnel, not only in the use of firearms but in tactical training is very important because it's not only, like you said, taking a gun out and shooting someone. It's engaging the aggressor.

And sometimes, you can engage the aggressor without ever firing a shot. So -- and that's something that maybe some of our vets are trained in more than what we would see in the academies these days. But to me, your point is well taken and they haven't been forgotten, believe me.

MR. KELLY: Right, I'm not -- I don't mean to suggest that we just pick vets up off the street and drop them into the school system. I'm just saying that we have young veterans coming home who may not have a job opportunity lined up. And we've got to remember them. And

if they need the necessary training, give them the training.

If they need to go through a psych eval, I'm sure

we can employ --

COMMISSIONER ROGERS: Well, you know, good point.

Commissioner Petracco, I don't know, it's been years since

I've been involved. But do the class 3 specialists, would

-- as on civil service or regular police officers, would

veterans get preference? Do we know that?

COMMISSIONER PETRACCO: I don't --

MR. KELLY: I believe they do get some --

COMMISSIONER ROGERS: No? I wonder if we --

COMMISSIONER PETRACCO: No, I don't -- I know that they get it through civil service, through the main hiring process to become a police officer.

As far as a class 3, which I believe what would happen is that they would come back, and they would have to go through the academy to get the certification --

COMMISSIONER ROGERS: Can we, and this would be you, all right?

COMMISSIONER PETRACCO: Yes.

COMMISSIONER ROGERS: But can we think about an ordinance, if we could do it, counselor, legally to give veterans who go through the training, the process -- preference on these Class 3 lists? Or is it still the discretion of the police commissioner to appoint who he

COMMISSIONER PETRACCO: Listen, I -- look. I always give veterans a nod. You know, that's --

MR. KELLY: Anyone here-

COMMISSIONER PETRACCO: Right, no. And we're not taking --

COMMISSIONER ROGERS: It's a good idea.

COMMISSIONER PETRACCO: We're not taking a defensive stance, but I will tell you this, John, I went to -- and one thing Commissioner Rogers didn't touch on is the social skills. You know, I know quite a few guys that are in the Belleville school systems and it's the intelligence that we're after.

You know, look, putting armed guards in a school with a 9 millimeter and the guy comes in there with an AK-47, it's not really an easy match. This is to try to prevent something from happening.

And a lot of the police officers are just -- the armed guards that they have in Belleville, it's the intelligence that they gather in the schools that I'm really after, prevent, prevent, prevent.

So with that being said, I want the best and the

Veritext Legal Solutions 973-410-4040

25

brightest in those schools, whoever that person is. If it's a vet, absolutely. If it's a retired police officer. But I think that the most important thing to come out of tonight is we're all vet-friendly and I appreciate you coming up to the mike.

But whoever -- when we go through the process of hiring somebody, we go through the process to recognize that. This guy is going to have a gun in our Town, you know, and be driving around in our streets and talking to our children and protecting our parents and ourselves. So when it comes to hiring police, you know, I -- we have a -- just so you know, we have a committee in the police department that does all the screenings. And then they take those candidates, John, and who they think are the best and brightest, no matter if they're veterans, if they're civilians, if they're -- whatever they are. But that's who we're after to hire.

And to put, you know, them in the school, I would follow that same practice. If it happens to be a vet, I would be glad to give them a job.

MR. KELLY: Right. I'm not suggesting a way to implement this or any sort of procedure or anything. I'm just merely just pointing out there to the Board that let's not forget our vets who are coming from overseas.

COMMISSIONER PETRACCO: We never do. We never do

for any --

2.

2.3

2.4

MR. KELLY: And I'm not saying --

COMMISSIONER PETRACCO: And again, and again, and again, this isn't our decision. You know, this isn't our decision to make.

So you know what, as much as I want to be part of it, you know, somebody could say, you know what, you're not on the School Board, you're not the superintendent. When we need you, we'll call you.

And it hasn't been like that. They've been very cooperative with me. The chief, we've been sitting in on meetings. Like I commended Commissioner Evans for setting that up with Homeland Security yesterday.

You know, look, we -- what's our most prized possession is our children. You know, and we will go through great lengths. You came in a little late tonight. We passed an ordinance tonight for the police department's TO to add another lieutenant's position. It was voted on unanimously because we realize we're not going to spare the expense to protect our children on this Board.

And hopefully, you know, I spoke to Dr. Glazier hand in hand, many phone calls in person. And she says to me, "Al, I don't have an opinion. I'm not a professional. If there should be a school guards in the school or if there shouldn't be." She wants to do her due diligence and I

respect that and gather all the information. She doesn't 1 want to shoot from the hip and just say, okay, let's do this. She wants to do her due diligence and then come up with her conclusion. And I think she has the right to do that.

You know, so -- you know, she's doing a lot of listening to the experts. Our chief has been talking to her. You know what I mean? Look, armed quards are in Fairfield, you know? They're in Livingston. You know, so -- you know, again, it's not a cure all but it's just another layer that hopefully that gentleman or that woman that's sitting in those schools is friendly with these kids, and they get the intelligence.

And if there's a kid that's having a problem that's going to do something bad, again, prevention is the name of the game.

MR. KELLY: All right. I didn't mean to suggest that anyone on this Board isn't vet friendly. I was just saying let's not forget our vets. And I do expect that -- or understand that you guys are going to be part of the conversation. And it was brought up tonight and I just wanted to put that suggestion out there.

COMMISSIONER PETRACCO: Thank you. We appreciate it.
