Commissioner Dr. Joseph P. Scarpelli
Director of Public Works

How to Read Your New Water Bill

The Township of Nutley is pleased to announce our new water billing system. The new bills are designed to give you more information and can be one of your best water conservation tools. Knowing how to read it can help you understand your consumption, detect possible leaks, and save you money!

This section contains your new account number, service location, bill date and due date.

This section contains the reading period, prior and current reads, and usage in HCF (Hundred Cubic Feet: One HCF = 748 gallons of water).

This section shows how your current charges are calculated.

A graph of historical usage provides you with a visual indication of how your current consumption compares to previous bills.

This area contains billing information including the amount of your last payment, current balance, breakdown of charges and credits, and total due.

Special messages from the Township will appear in this area.

The bottom portion of your bill must be remitted if you choose to pay by mail or in person.
