TOWNSHIP OF NUTLEY

PART I

FINANCIAL STATEMENTS AND SUPPLEMENTARY DATA

YEAR ENDED DECEMBER 31, 2012
Independent Auditors' Report

The Honorable Mayor and Members
of the Board of Commissioners
Township of Nutley
Nutley, New Jersey

Report on the Financial Statements

We have audited the financial statements – regulatory basis of the various funds of the Township of Nutley in the County of Essex (the "Township") as of and for the years ended December 31, 2012 and 2011, and the related notes to the financial statements, as listed in the foregoing table of contents.

Management’s Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey (the "Division") which demonstrate compliance with the modified accrual basis, with certain exceptions, and the budget laws of New Jersey, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America as described in Note 1 to the financial statements. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors’ Responsibility

Our responsibility is to express opinions on these financial statements based on our audits. Except as discussed in the eighth paragraph, we conducted our audits in accordance with auditing standards generally accepted in the United States of America, audit requirements prescribed by the Division, and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Township’s preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Township’s internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.
We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

**Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles**

As described in Note 1, these financial statements have been prepared in conformity with accounting principles prescribed by the Division, which is a basis of accounting other than accounting principles generally accepted in the United States of America, to demonstrate compliance with the modified accrual basis, with certain exceptions, and the budget laws of New Jersey. The effects on the financial statements of the variances between the regulatory basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

**Adverse Opinion on U.S. Generally Accepted Accounting Principles**

In our opinion, because of the significance of the matter discussed in the **Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles** paragraph, the financial statements referred to above do not present fairly in conformity with accounting principles generally accepted in the United States of America the financial position of the Township as of December 31, 2012 and 2011, or the changes in financial position or where applicable, cash flows thereof, for the years then ended.

**Basis for Qualified Opinion**

The Township's general fixed assets account group is stated at historical cost or estimated historical cost in the accompanying financial statements. The basis of accounting is not in conformity with U.S. generally accepted accounting principles but is in accordance with the accounting principles prescribed by the Division. As described in Note 1, based upon the underlying accounting records, we have not audited the general fixed assets account group.

**Qualified Opinion on Regulatory Basis of Accounting**

In our opinion, except for the effects on the December 31, 2012 and 2011 financial statements of the matter described in the **Basis for Qualified Opinion** paragraph, the financial statements — regulatory basis referred to above present fairly, in all material respects, the financial position of the various funds of the Township as of December 31, 2012 and 2011, and the results of operations and changes in fund balance, where applicable, of such funds, thereof for the years then ended in accordance with accounting principles on the basis of the financial reporting provisions prescribed by the Division, as described in Note 1.

**Other Matters**

**Supplementary Information**

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Township's financial statements. The supplementary data schedules listed in the table of contents are presented for purposes of additional analysis and are not a required part of the financial statements. The accompanying schedules of expenditures of federal and state awards, as required by the U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*; and New Jersey OMB's Circular 04-04, *Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid*, are also presented for purposes of additional analysis and are not a required part of the financial statements.
The supplementary data schedules and the schedules of expenditures of federal and state awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. Such information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary data schedules and the schedules of expenditures of federal and state awards are fairly stated, in all material respects, in relation to the financial statements as a whole.

**Other Reporting Required by Government Auditing Standards**

In accordance with *Government Auditing Standards*, we have also issued our report dated May 3, 2013 on our consideration of the Township’s internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Township’s internal control over financial reporting and compliance.

NOTES TO FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2012

Summary of Significant Accounting Policies

A. Reporting Entity

Except as noted below, the financial statements of the Township of Nutley include every board, body, officer or commission supported and maintained wholly or in part by funds appropriated by the Township of Nutley, as required by N.J.S. 40A:5-5. Accordingly, the financial statements of the Township of Nutley do not include the operations of the municipal library.

Governmental Accounting Standards Board ("GASB") Codification Section 2100, "Defining The Financial Reporting Entity" establishes standards to determine whether a governmental component unit should be included in the financial reporting entity. The basic criterion for inclusion or exclusion from the financial reporting entity is the exercise of oversight responsibility over agencies, boards and commissions by the primary government. The exercise of oversight responsibility includes financial interdependency, selection of governing authority, designation of management, ability to significantly influence operations, and accountability for fiscal matters. In addition, certain legally separate, tax-exempt entities that meet specific criteria (i.e., benefit of economic resources, access/entitlement to resources, and significance) should be included in the financial reporting entities. As the financial reporting entity was established in accordance with New Jersey statutes, the requirements of GASB Codification Section 2100 were not followed and, accordingly, the reporting entity could be different from accounting principles generally accepted in the United States of America.

B. Description of Funds

The accounting policies of the Township of Nutley conform to the accounting principles applicable to municipalities which have been prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey (the "Division"). Such principles and practices are designed primarily for determining compliance with legal provisions and budgetary restrictions and as a means of reporting on the stewardship of public officials with respect to public funds. Under this method of accounting, the Township of Nutley accounts for its financial transactions through the following separate funds:

Current Fund - Resources and expenditures for governmental operations of a general nature, including federal and state grant funds.

Trust Funds - Receipt, custodianship and disbursement of funds in accordance with the purpose for which each reserve was created.

General Capital Fund - Receipt and disbursement of funds for the acquisition of general capital facilities, other than those acquired in the Current Fund.

Water Utility Operating and Capital Funds - Account for the operations and acquisition of capital facilities of the municipally owned water utility.

Public Assistance Fund - Receipt and disbursement of funds that provide assistance to certain residents of the municipality pursuant to Title 44 of New Jersey Statutes. The administration of and the cost of administration of the Public Assistance Trust Fund II assistance program was transferred to the County Welfare Agency effective July 1, 2010.
TOWNSHIP OF NUTLEY
NOTES TO FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2012
(Continued)

Note 1: Summary of Significant Accounting Policies (Cont’d)

B. Description of Funds (Cont’d)

General Fixed Assets Account Group (Unaudited) - These accounts were established with estimated values of land, buildings and certain fixed assets of the Township as discussed in Note 1E “Other significant accounting policies”.

C. Basis of Accounting

Basis of accounting refers to when revenue and expenditures or expenses are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied.

The accounting policies of the Township of Nutley conform to the accounting principles applicable to municipalities which have been prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, which differ in certain respects from accounting principles generally accepted in the United States of America applicable to local governmental units. The following is a summary of the significant policies.

Revenue is recorded when received in cash except for certain amounts which may be due from the State of New Jersey and for the prepayment of future years’ revenue. Grant revenue is realized in the operating funds when it is budgeted and in the capital funds when improvements are authorized. The amounts recorded as property taxes and consumer accounts receivable have not been included in revenue. Amounts that are due to the municipality, which are susceptible of accrual, are recorded as receivables with offsetting reserves in the Current Fund.

Expenditures are charged to operations generally based on budgeted amounts. Exceptions to this general rule include:

1. Accumulated unpaid vacation, sick pay and other employee benefit amounts are not accrued.

2. Prepaid expenses, such as insurance premiums applicable to subsequent periods, are not recorded and are charged to current budget appropriations in total.

3. Principal and interest on long-term debt are recognized when due.

Expenditures, if any, in excess of appropriations, appropriation reserves or ordinances become deferred charges which must be raised by future taxes. Outstanding encumbrances at December 31 are reported as a cash liability in the financial statements and constitute part of the statutory appropriation reserve balance. Appropriation reserves covering unexpended appropriation balances are automatically created at December 31 of each year and recorded as liabilities, except for amounts which may be cancelled by the governing body. Appropriation reserves are available, until lapsed at the close of the succeeding year, to meet specific claims, commitments or contracts incurred during the preceding fiscal year. Lapsed appropriation reserves are recorded as income.
C. Basis of Accounting (Cont'd)

Had the Township's financial statements been prepared under accounting principles generally accepted in the United States of America, encumbrances would not be considered as expenditures; appropriation reserves would not be recorded; revenue susceptible to accrual would have been reflected without offsetting reserves; Federal and State grants and assistance would be recognized when earned, not when received; inventories would not be reflected as expenditures at the time of purchase; and fixed assets purchased by the Water Utility Capital Fund would be depreciated.

The cash basis of accounting is followed in the Trust and Capital Funds.

D. Deferred Charges to Future Taxation - The General Capital Fund balance sheet includes both funded and unfunded deferred charges. Funded means that bonds have been issued and are being paid off on a serial basis. Unfunded means that debt has been authorized but not permanently financed. A municipality can eliminate an unfunded deferred charge by raising it in the budget, by collecting a grant, by selling bonds, by issuing loans or by capital lease purchase agreements.

E. Other significant accounting policies include:

Management Estimates - The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of revenues and expenditures/expenses during the reporting period. Actual results could differ from those estimates.

Cash and Cash Equivalents - Amounts include petty cash, change funds, amounts on deposit, and short-term investments with original maturities of three months or less.

Investments - Investments are stated at cost or amortized cost, which approximates market.

Grants Receivable - Grants receivable represent total grant awards less amounts collected to date. Because the amount of grants funds to be collected are dependent on the total costs eligible for reimbursement, the actual amount collected may be less than the total amount awarded.

Allowance for Uncollectible Accounts - No allowance for uncollectible accounts has been recorded as all amounts are considered collectible.

Compensated Absences - Expenditures relating to unused vested accumulated vacation and sick pay are not recorded until paid.

Foreclosed Property - Foreclosed property is recorded in the Current Fund at the assessed valuation when such property was acquired, and is fully reserved.

Interfunds - Interfund receivables in the Current Fund are recorded with offsetting reserves which are created by charges to operations. Income is recognized in the year the receivables are liquidated. Interfund receivables in the other funds are not offset by reserves.
E. Other significant accounting policies include: (Cont’d)

Inventories of Supplies - The cost of inventories of supplies for all funds are recorded as expenditures at the time individual items are purchased. Except for the Water Utility Operating Fund, where the value of inventory is offset by a reserve, the cost of inventories is not included on the various balance sheets.

General Fixed Assets (Unaudited) - Property and equipment purchased by the Current and Capital Funds are recorded as expenditures at the time of purchase and are not capitalized.

General fixed assets are recorded at cost except for land and buildings, which are recorded at estimated historical cost. Infrastructure assets are not included in general fixed assets, as per state directive. Major renewals and betterments are charged to the asset accounts; maintenance and minor repairs and replacements, which do not improve or extend the lives of the respective assets, are expensed currently. Donated fixed assets are valued at their fair market value on the date donated. No depreciation has been provided on general fixed assets. The total value recorded for general fixed assets is offset by a "Reserve for General Fixed Assets". When properties are retired or otherwise disposed of, the asset and the reserve are adjusted accordingly. Assets recorded in the General Fixed Assets Account Group may also be recorded in the Current, General Capital and Water Utility Funds. The values recorded in the General Fixed Assets Account Group and the Current, General Capital and Water Utility Funds may not always agree due to differences in valuation methods, timing of recognition of assets and the recognition of infrastructures. Capital assets are reviewed for impairment.

Property and equipment purchased by the Water Utility Fund are recorded in the Water Utility Capital account at cost and are not adjusted for dispositions and abandonments. The amounts shown do not purport to represent replacement costs or current value. Contributions in aid of construction are not capitalized. The balances in the Reserve and Deferred Reserve for Amortization accounts in the Water Utility Capital Fund represent charges to operations for the costs of acquisitions of property, equipment and improvements. The Water Utility Fund does not record depreciation on fixed assets.

F. Budget/Budgetary Control - Annual appropriated budgets are usually prepared in the first quarter for the Current and Water Utility Operating Funds. The budgets are submitted to the governing body and the Division of Local Government Services. Budgets are prepared using the cash basis of accounting. The legal level of budgetary control is established at the line item accounts within each fund. Line item accounts are defined as the lowest (most specific) level of detail as established pursuant to the flexible chart of accounts referenced in N.J.S.A. 40A. All budget amendments/transfers must be approved by the Township during the year.
Note 2: **Long-Term Debt**

The Local Bond Law governs the issuance of bonds to finance general Township capital expenditures. All bonds are retired in serial installments within the statutory period of usefulness. All bonds issued by the Township are general obligation bonds. The Township’s full faith and credit and taxing power has been pledged to the payment of the general obligation debt principal and interest.

Note 2: Long-Term Debt (Cont’d)

NJ Environmental Infrastructure Trust (NJ EIT) Loans

In 2012, the Township of Nutley entered into two loan agreements with the State of New Jersey, acting by and through a NJ Department of Environmental Protection Fund (the “Fund”), and the NJ Environmental Infrastructure Trust (the “Trust”), in the revised aggregate amount of $1,982,864, which represents direct obligations of the Township. These loans are recorded in the Water Utility Capital Fund. The loan agreements were obtained to finance a portion of the costs of the township-wide replacement of water meters and retrofit of meter heads.

At December 31, 2012, the Township had borrowed or “drawn down” $1,127,599 for this project. Principal payments to the “Fund” commenced August 1, 2012, and will continue on a semiannual basis over 20 years at zero interest. Principal payments to the “Trust” commenced on August 1, 2012 and will continue on a semiannual basis over 20 years. It is expected that interest will be paid from trust bond proceeds on deposit in the capitalized interest account (as defined in the bond resolution), and earnings thereon on the debt service reserve fund (as defined in the bond resolution) transferred to such capitalized interest account. The Township will nonetheless be responsible for all such interest payments to the extent such trust bond proceeds and interest earnings are not available from the capitalized interest account.

In 1997, the Township of Nutley entered into two loan agreements with the State of New Jersey, acting by and through a NJ Department of Environmental Protection Fund (the “Fund”), and the NJ Environmental Infrastructure Trust (the “Trust”), in the revised aggregate amount of $3,590,000, which represents direct obligations of the Township. The loan agreements were obtained to finance a portion of the costs of the Nutley quarry truck sanitary sewer replacement project.

At December 31, 2012, the Township had borrowed or “drawn down” $3,247,834 for these projects. The difference or unspent proceeds of the “Fund” have been reduced from future debt service payments. Principal payments to the “Fund” commenced August 1, 1998, and will continue on a semiannual basis over 20 years at zero interest. Principal payments to the “Trust” commenced on August 1, 1998 and will continue on a semiannual basis over 20 years. It is expected that interest will be paid from trust bond proceeds on deposit in the capitalized interest account (as defined in the bond resolution), and earnings thereon on the debt service reserve fund (as defined in the bond resolution) transferred to such capitalized interest account. The Township will nonetheless be responsible for all such interest payments to the extent such trust bond proceeds and interest earnings are not available from the capitalized interest account.

NJ Department of Environmental Protection (NJ DEP) Green Acres Loan

This program was developed by the New Jersey Department of Environmental Protection to provide low interest loans to local governments for the acquisition, preservation and improvement of land for recreation. At December 31, 2012, the loan balance was $501,250. Payments of principal and interest on the loan will commence in the year the funds are drawn down and are to continue on a semi-annual basis over a period of 20 years. Interest on the loan is at the rate of 2% annually on the outstanding balance.
Note 2: Long-Term Debt (Cont’d)

NJ Department of Environmental Protection (NJDEP) Green Acres Loan (Cont’d)

The above loan balances as of the end of the year are as follows:

General Capital Fund:
- NJ Environmental Infrastructure Trust Loan $535,000
- NJ Environmental Infrastructure Fund Loan 51,422

$586,422

NJ Department of Environmental Protection Green Acres Loan $501,250

Note 3: Fund Balances Appropriated

Fund balances at December 31, 2012 which were appropriated and included as anticipated revenue in their own respective funds in the adopted budget for the year ending December 31, 2013 are as follows:

Current Fund $4,654,000
- Water Utility Operating Fund 151,113

Note 4: Deferred Charges to be Raised in Succeeding Years

Certain expenditures are required to be deferred to budgets of the exceeding years. At December 31, 2012, the following deferred charges are shown on the balance sheet of the following fund:

<table>
<thead>
<tr>
<th>Balance Dec. 31, 2012</th>
<th>2013 Budget Appropriation</th>
<th>Balance Deferred to Succeeding Years' Budgets</th>
</tr>
</thead>
<tbody>
<tr>
<td>Current Fund:</td>
<td></td>
<td></td>
</tr>
<tr>
<td>Special Emergency Appropriations - (N.J.S.A. 40A:4-53) $144,550.00</td>
<td>$100,000.00</td>
<td>$44,550.00</td>
</tr>
<tr>
<td>Emergency Appropriations - (N.J.S.A. 40A:4-55) 625,000.00</td>
<td>625,000.00</td>
<td></td>
</tr>
<tr>
<td>$769,550.00</td>
<td>$725,000.00</td>
<td>$44,550.00</td>
</tr>
</tbody>
</table>

The 2013 Budget Appropriations are not less than that required by statute.

Note 5: Local School District Taxes

Regulations provide for the deferral of not more than 50% of the annual levy when school taxes are raised for a school year and have not been requisitioned by the school district.

The Township of Nutley has elected not to defer school taxes.
Note 8: Post-Retirement Medical Benefits (Cont’d)

The Township contributes to the State Health Benefits Program (SHBP), a cost-sharing, multiple-employer defined benefit post-employment healthcare plan administered by the State of New Jersey Division of Pensions and Benefits. SHBP was established in 1961 under N.J.S.A. 52:14-17.25 et seq. to provide health benefits to State employees, retirees, and their dependents.

The SHBP was extended to employees, retirees, and dependents of participating local public employers in 1964. Local employers must adopt a resolution to participate in the SHBP.

In accordance with the Township’s resolution, Township employees are entitled to the following benefits:

**Municipal, Police and Fire Employees**

Upon retirement, employees with twenty-five (25) years of full-time service with the Township will receive full benefits. The coverage applies to the employee and their dependents. In the event of an employee’s death, coverage ceases.

Rules governing the operation and administration of the program are found in Title 17, Chapter 9 of the New Jersey Administrative Code. SHBP provides medical, prescription drugs, mental health/substance abuse, and Medicare Part B reimbursement to retirees and their covered dependents.

The State Health Benefits Commission is the executive body established by statute to be responsible for the operation of the SHBP. The State of New Jersey Division of Pensions and Benefits issues a publicly available financial report that includes financial statements and required supplementary information for the SHBP. That report may be obtained by writing to: State of New Jersey Division of Pensions and Benefits, P.O. Box 295, Trenton, NJ 08625-0295.

Participating employers are contractually required to contribute based on the amount of premiums attributable to their retirees. Post-retirement medical benefits under the plan have been funded on a pay-as-you-go basis since 1994. Prior to 1994, medical benefits were funded on an actuarial basis.

Contributions to pay for the health premiums of participating retirees in the SHBP are billed to the Township on a monthly basis. The Township’s portion of post-retirement benefits is funded on a pay-as-you-go basis from the Current Fund operating budget.

The Township contributions to SHBP for retirees for the years ended December 31, 2012, 2011 and 2010, were approximately $1,926,135, $1,774,141 and $1,555,626, respectively, which equaled the required contributions for each year. There were 123, 122 and 104 retired participants eligible at December 31, 2012, 2011 and 2010, respectively.

The Township also provides a fully paid family dental plan to retired police and firemen and their dependents until they reach the age of 65.

The Township’s portion of post-retirement dental benefits is funded on a pay-as-you-go basis from the Current Fund operating budget. The Township contributions for post-retirement dental benefits the years ended December 31, 2012, 2011 and 2010, were approximately $47,826, $41,094 and $44,526, respectively, which equaled the required contributions for each year. There were 43, 38 and 40 retired participants eligible at December 31, 2012, 2011 and 2010, respectively.
Note 9: Deferred Compensation Plan

The Township offers its employees a choice of two deferred compensation plans (the “plans”) created in accordance with Section 457 of the Internal Revenue Code. The plans, which are administered by Nationwide and Citistreet, are available to all Township employees and permit participants to defer a portion of their salary until future years. The deferred compensation is not available to employees until termination, retirement, unforeseeable emergency or upon death to their beneficiaries.

Note 10: Selected Tax Information

Property taxes are levied as of January 1 on property values assessed as of the previous calendar year. The tax levy is divided into two billings. The first billing is an estimate of the current year's levy based on the prior year's taxes. The second billing reflects adjustments to the current year's actual levy. The final tax bill is usually mailed on or before June 14th, along with the first half estimated tax bills for the subsequent year. The first half estimated taxes are divided into two due dates, February 1 and May 1. The final tax bills are also divided into two due dates, August 1 and November 1. A ten-day grace period is usually granted before the taxes are considered delinquent and the imposition of interest charges. A penalty may be assessed for any unpaid taxes in excess of $10,000 at December 31 of the current year. Unpaid taxes of the prior year may be placed in lien at a tax sale held after April 1 and through December 31. Unpaid taxes of the current year may be placed in lien at a tax sale held after December 10.

</tbody>
</table>
Note 10: Selected Tax Information (Cont’d)

Comparison of Tax Levies and Collections Currently (Cont’d)

Also, increases in future tax levies can also be warranted if revenue sources outside of those directly generated by the municipality, such as federal or state aid, should decline without corresponding decreases in budgeted expenditures.

Note 11: Cash and Cash Equivalents and Investments

Cash and cash equivalents include petty cash, change funds, amounts in deposits, money market accounts, and short-term investments with original maturities of three months or less.

Investments are stated at cost, which approximates market. The Township classifies certificates of deposit which have original maturity dates of more than three months but less than twelve months from the date of purchase, as investments.

GASB Statement No. 40, Governmental Accounting Standards Board Deposit and Investment Risk Disclosures, requires disclosure of the level of custodial credit risk assumed by the Township in its cash, cash equivalents and investments, if those items are uninsured or unregistered. Custodial credit risk is the risk that in the event of a bank failure, the government's deposits may not be returned.

Interest Rate Risk – In accordance with its cash management plan, the Township ensures that any deposit or investment matures within the time period that approximates the prospective need for the funds, deposited or invested, so that there is not a risk to the market value of such deposits or investments.

Credit Risk – The Township limits its investments to those authorized in its cash management plan which are those permitted under state statute as detailed on the following page.

Deposits:

New Jersey statutes permit the deposit of public funds in institutions located in New Jersey, which are insured by the Federal Deposit Insurance Corporation (FDIC) or by any other agencies of the United States that insure deposits or the State of New Jersey Cash Management Fund.

New Jersey statutes require public depositories to maintain collateral for deposits of public funds that exceed insurance limits as follows:

The market value of the collateral must equal 5% of the average daily balance of public funds on deposit.

In addition to the above collateral requirement, if public funds deposited exceed 75% of the capital funds of the depository, the depository must provide collateral having a market value at least equal to 100% of the amount exceeding 75%.

All collateral must be deposited with the Federal Reserve Bank, the Federal Home Loan Bank Board or a banking institution that is a member of the Federal Reserve System and has capital funds of not less than $25,000,000.
Note 11: Cash and Cash Equivalents and Investments (Cont’d)

Investments:

New Jersey statutes permit the Township to purchase the following types of securities:

(1) Bonds or other obligations of the United States of America or obligations guaranteed by the United States of America;

(2) Government money market mutual funds;

(3) Any obligation that a federal agency or a federal instrumentality has issued in accordance with an act of Congress, which security has a maturity date not greater than 397 days from the date of purchase, provided that such obligation bears a fixed rate of interest not dependent on any index or other external factor;

(4) Bonds or other obligations of the local unit or bonds or other obligations of school districts of which the local unit is a part or within which the school district is located;

(5) Bonds or other obligations, having a maturity date not more than 397 days from the date of purchase, approved by the Division of Investment of the Department of the Treasury for investment by local units;

(6) Local government investment pools;

(7) Deposits with the State of New Jersey Cash Management Fund; or

(8) Agreements for the repurchase of fully collateralized securities if:
   (a) the underlying securities are permitted investments pursuant to paragraphs (1) and (3) above;
   (b) the custody of collateral is transferred to a third party;
   (c) the maturity of the agreement is not more than 30 days;
   (d) the underlying securities are purchased through a public depository as defined in statute; and
   (e) a master repurchase agreement providing for the custody and security of collateral is executed.
Note 11: Cash and Cash Equivalents and Investments (Cont’d)

As of December 31, 2012, cash and cash equivalents of the Township of Nutley consisted of the following:

|                          | $300         | $5,751,858        | $10,460,086           | $541,426                | $16,753,670 |

During the period ended December 31, 2012, the Township did not hold any investments other than certificates of deposit. The carrying amount of the Township’s cash and cash equivalents at December 31, 2012, was $16,753,670 and the bank balance was $16,990,126. The carrying amount of the Township’s cash and cash equivalents at December 31, 2011, was $17,776,954 and the bank balance was $17,573,802.

Note 12: Interfund Receivables and Payables

The following interfund balances remain on the balance sheet at December 31, 2012:

<table>
<thead>
<tr>
<th>Fund</th>
<th>Interfund Receivable</th>
<th>Interfund Payable</th>
</tr>
</thead>
<tbody>
<tr>
<td>Current Fund</td>
<td>$8,270</td>

</tbody>
</table>

|                          | $1,866,603           | $1,866,603        |

The Current Fund interfund receivable of $8,270 is a result of statutory excess due from the Animal Control Fund and the disbursement of funds on the Water Utility Capital Fund’s behalf. The Current Fund interfund payable represents $1,592,427 due to the Other Trust Funds as a result of receiving and disbursing funds on the Other Trust Funds’ behalf, including the balance of the prior year interfund, and unexpended 2011 appropriation reserve balances for accumulated sick and vacation pay of $300,000 and snow removal of $130,000; the remaining $175,842 is due to the General Capital Fund as a result of receiving and disbursing funds on the General Capital Fund’s behalf. The $89,984 Water Utility Operating Fund interfund payable to the Water Utility Capital Fund is a result of receiving and disbursing funds on the Water Utility Capital Fund’s behalf.
Note 13: Risk Management

The Township is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. Health benefits are provided to employees through the State of New Jersey Health Benefits Plan.

Property and Liability

The Township of Nutley is a member of the Suburban Essex Municipal Joint Insurance Fund (the “Fund”). The Fund is both an insured and self-administered group of municipalities established for the purpose of providing certain low-cost insurance coverage for member municipalities in order to keep local property taxes at a minimum.

The following coverages are offered by the Fund to its members:

a.) Workers' Compensation and Employers' Liability
b.) Liability Other Than Motor Vehicles
c.) Property Damage Other Than Motor Vehicles
d.) Motor Vehicle
e.) Public Officials' Liability
f.) Environmental

As a member of the Fund, the Township could be subject to supplemental assessments in the event of deficiencies. If the assets of the Fund were to be exhausted, members would become responsible for their respective shares of the Fund’s liabilities.

The Fund can declare and distribute dividends to members upon approval of the State of New Jersey Department of Banking and Insurance. These distributions are divided amongst the members in the same ratio as their individual assessment relates to the total assessment of the membership body. In accordance with Statement No. 10 of the Governmental Accounting Standards Board, these distributions are used to reduce the amount recorded for membership expense in the year in which the distribution was declared.

The December 31, 2012 audit report for the Fund was not available as of the date of this report. Selected financial information for the Fund as of December 31, 2011 is as follows:

<table>

(201) 881-7632

**New Jersey Unemployment Compensation Insurance**

The Township has elected to fund its New Jersey Unemployment Compensation Insurance under the "Benefit Reimbursement Method". Under this plan, the Township is required to reimburse the New Jersey Unemployment Trust Fund for benefits paid to its former employees and charged to its account with the State. The Township is billed quarterly for amounts due to the State.

The following is a summary of Township and employee contributions, interest earnings and reimbursements to the State for benefits paid and the ending balance of the Township's expendable trust fund for the current and previous two years:

Note 14: **Economic Dependency**

The Township receives a substantial amount of its support from federal and state governments. A significant reduction in the level of support, if this were to occur, may have an effect on the Township's programs and activities.
Note 15: Contingencies

The Township is periodically involved in various lawsuits arising in the normal course of business, including claims for property damage, personal injury, and various contract disputes. The Township vigorously contests these lawsuits and believes the ultimate resolution will not have a material adverse effect on their financial position.

Amounts received or receivable from grantors, principally the federal and state governments are subject to regulatory requirements and adjustments by the agencies. Any disallowed claims, including amounts previously recognized by the Township as revenue would constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantors cannot be determined at this time, although Township officials expect such amounts, if any, to be immaterial.

Various tax appeals on assessed valuations have been filed against the Township and are awaiting tax court decisions. The ultimate outcome and effect of such appeals have not been determined; however, the Township Tax Assessor will aggressively defend the Township's assessments. The Township has established a reserve, which it feels is sufficient, for this contingency in the amount of $1,105,000.

SEE ACCOMPANYING NOTES TO SCHEDULES OF EXPENDITURES OF FEDERAL AND STATE AWARDS
A. GENERAL

The accompanying Schedules of Expenditures of Federal and State Awards present the activity of all federal and state awards of the Township of Nutley. The Township of Nutley is defined in Note 1 to the Township’s financial statements. All federal and state awards received directly from federal and state agencies, as well as federal and state awards passed through other government agencies are included on the schedules of expenditures of federal and state awards.

B. BASIS OF ACCOUNTING

The accompanying Schedules of Expenditures of Federal and State Awards are presented using the modified accrual basis of accounting. The information in these schedules is presented in accordance with the requirements of federal OMB Circular A-133, Audits of States, Local Governments and Non-Profit Organizations. Therefore, some amounts presented in these schedules may differ from amounts presented in, or used in the preparation of, the financial statements.

C. RELATIONSHIP TO FEDERAL AND STATE FINANCIAL REPORTS

Amounts reported in the accompanying schedules agree with the amounts reported in the related federal and state financial reports.

D. THRESHOLD FOR FEDERAL AND STATE AWARDS

The threshold for distinguishing federal and state Type A and B programs was $300,000. The Township did not qualify as a “low-risk” auditee under the provisions of section 530 of the federal Circular for state programs but did qualify as a “low-risk” auditee for federal programs.

E. STATE LOANS OUTSTANDING

The Township of Nutley has the following loans outstanding as of December 31, 2012:

<table>
<thead>
<tr>
<th>General Capital Fund:</th>
<th></th>
</tr>
</thead>
<tbody>
<tr>
<td>NJ Environmental Infrastructure Trust Loan</td>
<td>$ 535,000</td>
</tr>
<tr>
<td>NJ Environmental Infrastructure Fund Loan</td>
<td>51,422</td>
</tr>
<tr>
<td></td>
<td>$ 586,422</td>
</tr>
<tr>
<td>NJ Department of Environmental Protection Green Acres Loan</td>
<td>$ 501,250</td>
</tr>
</tbody>
</table>

Currently, the Township is in the process of repaying the loan balances. There were no loan receipts or expenditures in the current year. The projects which relate to the NJ Environmental Infrastructure loans are complete.
F. **NJ ENVIRONMENTAL INFRASTRUCTURE ("NJEIT") LOANS PAYABLE**

At December 31, 2012, the Township has the following NJEIT loans outstanding:

<table>
<thead>
<tr>
<th>Fund</th>
<th>Amount</th>
</tr>
</thead>
<tbody>
<tr>
<td>Water Utility Capital Fund:</td>
<td></td>
</tr>
<tr>
<td>NJ Environmental Infrastructure Trust</td>
<td>$ 460,000</td>
</tr>
<tr>
<td>NJ Environmental Infrastructure Fund</td>
<td>1,436,736</td>
</tr>
<tr>
<td>Loan</td>
<td></td>
</tr>
<tr>
<td>-------------------------------------------</td>
<td>---------</td>
</tr>
<tr>
<td><strong>Total</strong></td>
<td><strong>$ 1,896,736</strong></td>
</tr>
</tbody>
</table>

Currently, the Township is in the process of repaying the loan balances. At December 31, 2012, the Township has received and expended $1,127,599 of the $1,896,736 Loan funds for the Township-wide replacement of water meters and retrofit of meter heads. The project which relates to the loans is scheduled to be completed in 2013.
Report on Internal Control Over Financial Reporting and
on Compliance and Other Matters Based on an Audit of Financial Statements
Performed in Accordance with Government Auditing Standards

Independent Auditors' Report

The Honorable Mayor and Members
of the Board of Commissioners
Township of Nutley
Nutley, New Jersey

We have audited, in accordance with auditing standards generally accepted in the United States of America, audit requirements prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey (the “Division”), and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States, the financial statements - regulatory basis - of the various funds of the Township of Nutley, in the County of Essex (the “Township”) as of and for the years ended December 31, 2012 and 2011, and the related notes to the financial statements and have issued our report thereon dated May 3, 2013. These financial statements have been prepared in conformity with accounting principles prescribed by the Division, which is a basis of accounting other than accounting principles generally accepted in the United States of America. That qualified report also indicated that we did not audit the general fixed assets account group.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Township’s internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Township’s internal control. Accordingly, we do not express an opinion on the effectiveness of the Township’s internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the Township’s financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of the internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified. We did identify a certain deficiency in internal control, described in the accompanying Schedule of Findings and Questioned Costs as Finding 2012-1, that we consider to be a significant deficiency.
Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Township’s financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards. However, we noted certain matters that we reported to management in the comments and recommendations section of this report.

The Township’s Response to the Finding

The Township’s response to the finding identified in our audit is described in the accompanying Schedule of Findings and Questioned Costs. The Township’s response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the result of that testing, and not to provide an opinion on the effectiveness of the Township’s internal control or on compliance. This report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the Township’s internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Report on Compliance for Each Major Federal and State Program:
Report on Internal Control Over Compliance Required by OMB Circular A-133
and New Jersey OMB’s Circular 04-04

Independent Auditors’ Report

The Honorable Mayor and Members
of the Board of Commissioners
Township of Nutley
Nutley, New Jersey

Report on Compliance for Each Major Federal and State Program

We have audited the Township of Nutley’s (the "Township’s") compliance with the types of compliance requirements described in the OMB Circular A-133 Compliance Supplement and the New Jersey State Aid/Grant Compliance Supplement that that could have a direct and material effect on each of the Township’s major federal and state programs for the year ended December 31, 2012. The Township’s major federal and state programs are identified in the summary of auditors’ results section of the accompanying schedule of findings and questioned costs.

Management’s Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal and state programs.

Auditors’ Responsibility

Our responsibility is to express an opinion on compliance for each of the Township’s major federal and state programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; OMB Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations and New Jersey OMB’s Circular 04-04, Single Audit Policy for Recipients of Federal Grants, State Grants, and State Aid. Those standards, OMB Circular A-133 and New Jersey OMB’s Circular 04-04 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal or state program occurred. An audit includes examining, on a test basis, evidence about the Township’s compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal and state program. However, our audit does not provide a legal determination of the Township’s compliance.
Opinion on Each Major Federal and State Program

In our opinion, the Township complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal and state programs for the year ended December 31, 2012.

Report on Internal Control Over Compliance

Management of the Township is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the Township’s internal control over compliance with the types of requirements that could have a direct and material effect on each major federal and state program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal and state program and to test and report on internal control over compliance in accordance with OMB Circular A-133 and NJOMB 04-04, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Township’s internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal or state program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal or state program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal or state program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results that the testing based on the requirements of OMB Circular A-133 or NJOMB 04-04. Accordingly, this report is not suitable for any other purpose.

TOWNSHIP OF NUTLEY
SCHEDULE OF FINDINGS AND QUESTIONED COSTS
YEAR ENDED DECEMBER 31, 2012

Summary of Auditors' Results:
- A qualified report was issued on the Township's financial statements, prepared in conformity with accounting principles prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, as the general fixed assets account group was not audited.
- The audit did not disclose any material weaknesses in the internal controls of the Township.
- The audit did not disclose any noncompliance that is material in relation to the financial statements of the Township.
- The audit did not disclose any material weaknesses or significant deficiencies in the internal controls of the Township's major federal and state programs.
- An unqualified report was issued on the Township's compliance for its major federal and state programs.
- The audit did not disclose any audit findings which are required to be reported in accordance with Federal OMB Circular A-133 and New Jersey OMB's Circular 04-04.
- The Township's major federal and state programs for the year ended December 31, 2012 consisted of the following awards:

<table>
<thead>
<tr>
<th>Federal Program:</th>
<th>CFDA #/ State Acct #</th>
<th>Award</th>
<th>Expenditures</th>
</tr>

- The threshold for distinguishing Type A and Type B federal and state programs was $300,000.
- The single audit thresholds identified in Federal OMB Circular A-133 and New Jersey OMB's Circular 04-04 was $500,000.
- The Township qualified as a "low-risk" auditee under the provisions of section 530 of the federal Circular for federal programs.
- The Township did not qualify as a "low-risk" auditee under the provisions of section 530 of the federal Circular for state programs.
Findings Relating to the Financial Statements which are required to be Reported in Accordance with Generally Accepted Government Auditing Standards:

- The audit did not disclose any findings required to be reported under Generally Accepted Government Auditing Standards, except as follows:

**Finding 2012-1:**

**Segregation of Duties**

The Township does not maintain an adequate segregation of duties with respect to the payroll and general ledger functions. Segregation of duties refers to separating those functions that place too much control over a transaction or class of transactions that would enable a person to perpetuate errors and prevent detection within a reasonable period of time. The preparation of the general ledger for the various funds, the processing of payroll and the preparation of the quarterly payroll reports are performed by the Chief Financial Officer. This is due to the position of Payroll Clerk currently being vacant and a lack of sufficient personnel to perform the general ledger functions. Accordingly, management and the Board of Commissioners should be aware of this situation and realize that the concentration of duties and responsibilities in a limited number of individuals is not desirable from a control point of view.

**Management's Response:**

Due to budgetary constraints, the Township is currently evaluating whether or not the vacancy will be filled. In the meantime, the Township is making every effort to assign additional staff to achieve an adequate segregation of duties with regard to the payroll and preparation of the general ledger functions.

**Findings and Questioned Costs for Federal Awards:**

- The audit did not disclose any findings or questioned costs for federal awards as defined in section 510(a) of Federal OMB Circular A-133.

**Findings and Questioned Costs for State Awards:**

- The audit did not disclose any findings or questioned costs for state awards as defined in New Jersey OMB's Circular 04-04 or Federal OMB Circular A-133.
TOWNSHIP OF NUTLEY
SUMMARY SCHEDULE OF PRIOR AUDIT FINDINGS
FOR THE YEAR ENDED DECEMBER 31, 2012

The Township’s prior year finding was not resolved in 2012 and is included in the audit for the year ended December 31, 2012.
TOWNSHIP OF NUTLEY

PART III

COMMENTS AND RECOMMENDATIONS

YEAR ENDED DECEMBER 31, 2012
Contracts and Agreements Required to be Advertised for N.J.S. 40A:11-4

N.J.S. 40A:11-3 states:

a. "When the cost or price of any contract awarded by the contracting agent in the aggregate does not exceed in a contract year the total sum of $17,500, the contract may be awarded by a purchasing agent when so authorized by ordinance or resolution, as appropriate to the contracting unit, of the governing body of the contracting unit without public advertising for bids, except that the governing body of any contracting unit may adopt an ordinance or resolution to set a lower threshold for the receipt of public bids or the solicitation of competitive quotations. If the purchasing agent is qualified pursuant to subsection b. of section 9 of P.L. 1971, C.198 (N.J.S. 40A:11-9), the governing body of the contracting unit may establish that the bid threshold may be up to $25,000. Such authorization may be granted for each contract or by a general delegation of the power to negotiate and award such contracts pursuant to this section.

b. Any contract made pursuant to this section may be awarded for a period of 24 consecutive months, except that contracts for professional services pursuant to subparagraph (i) of paragraph (a) of subsection (1) of section 5 of P.L. 1971, C.198 (N.J.S. 40A:11-5) may be awarded for a period not exceeding 12 consecutive months. The Division of Local Government Services shall adopt and promulgate rules and regulations concerning the methods of accounting for all contracts that do not coincide with the contracting unit’s fiscal year.

c. The Governor, in consultation with the Department of the Treasury, shall, no later than March 1 of every fifth year beginning in the fifth year after the year in which P.L. 1999, C.440 takes effect, adjust the threshold amount and the higher threshold amount which the governing body is permitted to establish, as set forth in subsection a. of this section, or the threshold amount resulting from any adjustment under this subsection, in direct proportion to the rise or fall of the index rate as that term is defined in section 2 of P.L. 1971, C.198 (N.J.S. 40A:11-2), and shall round the adjustment to the nearest $1,000. The Governor shall, no later than June 1 of every fifth year, notify each governing body of the adjustment. The adjustment shall become effective on July 1 of the year in which it is made."

N.J.S. 40A:11-4 states: “Every contract awarded by the contracting agent for the provision or performance of any goods or services, the cost of which in the aggregate exceeds the bid threshold, shall be awarded only by resolution of the governing body of the contracting unit to the lowest responsible bidder after public advertising for bids and bidding therefore, except as is provided otherwise in this act or specifically by any other law. The governing body of a contracting unit may, by resolution approved by a majority of the governing body and subject to subsections b. and c. of this section, disqualify a bidder who would otherwise be determined to be the lowest responsible bidder, if the governing body finds that it has had prior negative experience with the bidder.”

Effective January 1, 2011 and thereafter, the bid threshold in accordance with N.J.S. 40A:11-3 and 40A:11-4 (as amended) is $17,500 and with a qualified purchasing agent the bid threshold may be up to $36,000.

The governing body of the Township of Nutley has the responsibility of determining whether the expenditures in any category will exceed the bid threshold within the fiscal year and where question arises as to whether any contract or agreement might result in violation of the statute, the Township Attorney's opinion should be sought before a commitment is made.
TOWNSHIP OF NUTLEY
COMMENTS AND RECOMMENDATIONS
(Continued)

Contracts and Agreements Required to be Advertised for N.J.S.A. 40A:11-4 (Cont’d)

The minutes indicated that bids were requested by public advertising per N.J.S. 40A:11-4. The minutes also indicated that resolutions were adopted and advertised authorizing the awarding of contracts or agreements for "Professional Services" or "Extraordinary Unspecifiable Services" in accordance with N.J.S. 40A:11-5.

Inasmuch as the system of records did not provide for an accumulation of payments for categories for the performance of any work or the furnishing or hiring of any materials or supplies, the results of such an accumulation could not reasonably be ascertained. Disbursements were reviewed, however, to determine whether any clear-cut violations existed. None were noted.

Collection of Interest on Delinquent Taxes and Assessments

The statute provides the method for authorizing interest and the maximum rates to be charged for the nonpayment of taxes or water rents on or before the date when they would become delinquent.

On January 17, 2012, the governing body adopted a resolution authorizing interest to be charged on delinquent taxes and water rents at the rate of 8% per annum. An additional penalty of 6% will be imposed on delinquencies in excess of $10,000.

It appears from an examination of the Collector's records that interest was collected in accordance with the foregoing resolution.

Delinquent Taxes and Tax Title Liens

The last tax sale was held on October 25, 2012 and was complete with respect to all items eligible for sale.

The following comparison is made of the number of tax title liens receivable on December 31, of the last three years:

<table>

Tax Collector

During 2012, tax overpayments from prior years continued to be researched and many were resolved. At December 31, 2012, approximately 34% of overpayments were from December 31, 2011 or prior that are being actively investigated. While no formal recommendation is required, the tax department should continue to monitor and resolve all tax overpayments.
Municipal Court

The report of the Municipal Court has been forwarded to the Division of Local Government Services and the Township’s Magistrate under separate cover. Reflecting below is a summary of receipts and disbursements for the year ended December 31, 2012.

Our review of the tickets and special complaints assigned but not issued reports at December 31, 2012 revealed that there are a number of tickets and special complaints listed on these reports which were assigned over six months ago which the Court Administrator is currently in the process of addressing.

It is recommended that the process of reviewing all assigned but not issued tickets and special complaints over six months old be continued so that they are collected from the respective officers and voided.

Management’s Response

The Court Administrator will continue the process of reviewing all assigned but not issued tickets and special complaints over six months old so that they are collected from the respective officers and voided.

The Municipal Court regular and bail account bank reconciliations include checks outstanding in excess of one year. The Municipal Court regular account bank reconciliation also includes bank fees from the current and prior years.

It is recommended that the Municipal Court regular and bail account checks outstanding in excess of one year and the Municipal Court regular account bank fees from the current and prior years be reviewed for proper disposition.

Management’s Response

The Municipal Court will review all checks outstanding in excess of one year and bank fees from the current and prior years for proper disposition during 2013.
As a detailed analysis of the activity in the payroll agency account is not maintained, an analysis of the balance in the payroll agency account was not available at December 31, 2012.

It is recommended that a detailed analysis of the activity in the payroll agency account be prepared on a monthly basis.

Management’s Response

The Township will modify the analysis it currently maintains in order to provide a detailed analysis of the activity in the payroll agency account on a monthly basis.

General and Water Utility Capital Funds

Various older improvement authorizations have unexpended balances.

It is recommended that all older improvement authorization balances be reviewed for possible cancellation.

Management’s Response

A complete review of improvement authorizations will be made in order to cancel any unspent balances which are no longer needed.

Water Rents

During our review of the water rents accounts receivable records we noted that, other than for refunds and cancellations of water rents approved by resolution of the governing body, billing adjustments were not always approved by an employee or official independent of the water rents billing and adjustment process. A Water Utility Collector has not been appointed to be responsible for Water Utility billing and collections.

It is recommended that a Water Utility Collector be appointed and all water billing adjustments be approved by an employee or official independent of the water rents billing and adjustment process.

Management’s Response

The Township will review the feasibility of appointing a Water Utility Collector charged with the responsibility of approving all water billing adjustments.

Other Trust Funds – Police Outside Special Duty

The billings and collections activity for police salaries for special outside duties is in the process of being fully implemented. Therefore, no formal recommendation is required.
Other Trust Funds – Recreation

The collections activity for recreation is recorded in a general ledger account titled “reserve for recreation expenditures” rather than being allocated to the specific general ledger recreation activity accounts for which the collection is related.

It is recommended that the collections activity for recreation be allocated to the specific general ledger recreation activity accounts for which the collection is related.

Management’s Response:

The Township will allocate collections activity for recreation to the specific general ledger recreation activity accounts the collections relate to.

Technical Accounting Directives

The Division of Local Government Services has established three (3) technical accounting directives which are prescribed by the revision of 1987 draft “Requirements of Audit and Accounting”. They are as follows:

1. Maintenance of an encumbrance accounting system.
2. Fixed asset accounting and reporting system.
3. General ledger accounting system.

The Township is currently in compliance with the technical accounting directives.

Corrective Action Plan

The Township has initiated a corrective action plan to resolve comments and recommendations from the 2011 audit report. Recommendation 3b and 6a were resolved. Recommendations 1a, 2a, 2b, 3a, 4a, 5a, and 6b are included in the current year recommendations and are in the process of being implemented.
It is recommended that:

1. Segregation of Duties:
   a. Consideration be given to providing for a more adequate segregation of duties with respect to the payroll and general ledger functions.

2. Municipal Court:
   a. The process of reviewing all assigned but not issued tickets and special complaints over six months old be continued so that they are collected from the respective officers and voided.
   b. The Municipal Court regular and bail account checks outstanding in excess of one year and the Municipal Court regular account bank fees from the current and prior years be reviewed for proper disposition.

3. Payroll Account:
   a. A detailed analysis of the activity in the payroll agency account be prepared on a monthly basis.

4. General and Water Utility Capital Funds:
   a. All unexpended improvement authorizations be reviewed for possible cancellation.

5. Water Rents:
   a. A Water Utility Collector be appointed and all water billing adjustments be approved by an employee or official independent of the water rents billing and adjustment process.

6. Other Trust Funds:
   a. The collections activity for recreation be allocated to the specific general ledger recreation activity accounts for which the collection is related.
