## Independent Auditors' Report

The Honorable Mayor and Members  
of the Board of Commissioners  
Township of Nutley  
Nutley, New Jersey

We have audited the financial statements of the various funds of the Township of Nutley in the County of Essex (the "Township") as of December 31, 2010 and 2009, and for the years then ended, as listed in the table of contents. These financial statements are the responsibility of the Township's management. Our responsibility is to express opinions on these financial statements based on our audits.

Except as discussed in the fourth paragraph, we conducted our audits in accordance with auditing standards generally accepted in the United States of America, audit requirements prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey (the "Division"), and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinions.

As described in Note 1, these financial statements have been prepared in conformity with accounting principles prescribed by the Division that demonstrate compliance with the modified accrual basis, with certain exceptions, and the budget laws of New Jersey, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. The effects on the financial statements of the variances between the statutory basis of accounting and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

We were unable to obtain sufficient evidence to support the cost of the fixed assets of the general fixed asset account group. As more fully described in Note 1, due to the length of time over which these fixed assets were acquired, it is not practical to determine their actual cost. We are, therefore, unable to express an opinion as to the general fixed assets account group at December 31, 2010 and 2009 stated at \$31,881,399 and \$31,786,885, respectively.

The Honorable Mayor and Members  
of the Board of Commissioners  
Township of Nutley  
Page 2

In our opinion, because the Township prepares its financial statements on the basis of accounting discussed in the third paragraph, the financial statements referred to in the first paragraph, do not present fairly, in conformity with accounting principles generally accepted in the United States of America, the financial position of the Township as of December 31, 2010 and 2009, and the results of its operations for the years then ended.

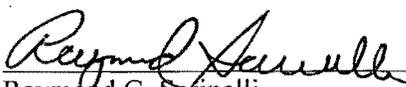

However, in our opinion, except for the effects of such adjustments, if any, as might have been determined to be necessary had the general fixed assets account group been audited, the financial statements referred to above, present fairly, in all material respects, the financial position of the various funds of the Township of Nutley at December 31, 2010 and 2009, and the results of operations and changes in fund balance, where applicable, of such funds, thereof for the years then ended, in conformity with accounting principles prescribed by the Division, as described in Note 1.

In accordance with *Government Auditing Standards*, we have also issued our report dated May 20, 2011, on our consideration of the Township of Nutley's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audits.

Our audits were conducted for the purpose of forming opinions on the financial statements taken as a whole. The information included in the supplementary schedules listed in the table of contents is presented for purposes of additional analysis and is not a required part of the financial statements. The accompanying schedules of expenditures of federal and state awards are also presented for purposes of additional analysis as required by the U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Nonprofit Organizations*, and New Jersey's OMB Circular NJOMB 04-04, *Single Audit Policy for Recipients of Federal Grants, State Grants, and State Aid* and are not a required part of the financial statements. This information has been subjected to the auditing procedures applied in the audits of the financial statements mentioned above and, in our opinion, is fairly stated in all material respects in relation to the financial statements taken as a whole, on the basis of accounting described in Note 1 to the financial statements and Note B to the schedules of expenditures of federal and state awards.

Note 1: Summary of Significant Accounting Policies

A. Reporting Entity

Except as noted below, the financial statements of the Township of Nutley include every board, body, officer or commission supported and maintained wholly or in part by funds appropriated by the Township of Nutley, as required by N.J.S. 40A:5-5. Accordingly, the financial statements of the Township of Nutley do not include the operations of the municipal library.

Governmental Accounting Standards Board ("GASB") Codification Section 2100, "Defining The Financial Reporting Entity" establishes standards to determine whether a governmental component unit should be included in the financial reporting entity. The basic criterion for inclusion or exclusion from the financial reporting entity is the exercise of oversight responsibility over agencies, boards and commissions by the primary government. The exercise of oversight responsibility includes financial interdependency, selection of governing authority, designation of management, ability to significantly influence operations, and accountability for fiscal matters. In addition, certain legally separate, tax-exempt entities that meet specific criteria (i.e., benefit of economic resources, access/entitlement to resources, and significance) should be included in the financial reporting entities. As the financial reporting entity was established in accordance with New Jersey statutes, the requirements of GASB Codification Section 2100 were not followed and, accordingly, the reporting entity could be different from accounting principles generally accepted in the United States of America.

B. Description of Funds

The accounting policies of the Township of Nutley conform to the accounting principles applicable to municipalities which have been prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey (the "Division"). Such principles and practices are designed primarily for determining compliance with legal provisions and budgetary restrictions and as a means of reporting on the stewardship of public officials with respect to public funds. Under this method of accounting, the Township of Nutley accounts for its financial transactions through the following separate funds:

Current Fund - Resources and expenditures for governmental operations of a general nature, including federal and state grant funds.

Trust Funds - Receipt, custodianship and disbursement of funds in accordance with the purpose for which each reserve was created.

General Capital Fund - Receipt and disbursement of funds for the acquisition of general capital facilities, other than those acquired in the Current Fund.

Water Utility Operating and Capital Funds - Account for the operations and acquisition of capital facilities of the municipally owned water utility.

Public Assistance Fund - Receipt and disbursement of funds that provide assistance to certain residents of the municipality pursuant to Title 44 of New Jersey Statutes.

Note 1: Summary of Significant Accounting Policies (Cont'd)

B. Description of Funds (Cont'd)

General Fixed Assets Account Group (Unaudited) - These accounts were established with estimated values of land, buildings and certain fixed assets of the Township as discussed in Note 1E "Other significant accounting policies".

C. Basis of Accounting

Basis of accounting refers to when revenue and expenditures or expenses are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied.

The accounting policies of the Township of Nutley conform to the accounting principles applicable to municipalities which have been prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, which differ in certain respects from accounting principles generally accepted in the United States of America applicable to local governmental units. The following is a summary of the significant policies.

Revenue is recorded when received in cash except for certain amounts which may be due from the State of New Jersey and for the prepayment of future years' revenue. Grant revenue is realized in the operating funds when it is budgeted and in the capital funds when improvements are authorized. The amounts recorded as property taxes and consumer accounts receivable have not been included in revenue. Amounts that are due to the municipality, which are susceptible of accrual, are recorded as receivables with offsetting reserves in the Current Fund.

Expenditures are charged to operations generally based on budgeted amounts. Exceptions to this general rule include:

1. Accumulated unpaid vacation, sick pay and other employee benefit amounts are not accrued.
2. Prepaid expenses, such as insurance premiums applicable to subsequent periods, are not recorded and are charged to current budget appropriations in total.
3. Principal and interest on long-term debt are recognized when due.

Expenditures, if any, in excess of appropriations, appropriation reserves or ordinances become deferred charges which must be raised by future taxes. Outstanding encumbrances at December 31 are reported as a cash liability in the financial statements and constitute part of the statutory appropriation reserve balance. Appropriation reserves covering unexpended appropriation balances are automatically created at December 31 of each year and recorded as liabilities, except for amounts which may be cancelled by the governing body. Appropriation reserves are available, until lapsed at the close of the succeeding year, to meet specific claims, commitments or contracts incurred during the preceding fiscal year. Lapsed appropriation reserves are recorded as income.

NOTES TO FINANCIAL STATEMENTS  
YEAR ENDED DECEMBER 31, 2010

Note 1: Summary of Significant Accounting Policies (Cont'd)

C. Basis of Accounting (Cont'd)

Had the Township's financial statements been prepared under accounting principles generally accepted in the United States of America, encumbrances would not be considered as expenditures; appropriation reserves would not be recorded; revenue susceptible to accrual would have been reflected without offsetting reserves; Federal and State grants and assistance would be recognized when earned, not when received; inventories would not be reflected as expenditures at the time of purchase; and fixed assets purchased by the Water Utility Capital Fund would be depreciated.

The cash basis of accounting is followed in the Trust and Capital Funds.

- D. Deferred Charges to Future Taxation - The Capital Fund balance sheet includes both funded and unfunded deferred charges. Funded means that bonds have been issued and are being paid off on a serial basis. Unfunded means that debt has been authorized but not permanently financed. A municipality can eliminate an unfunded deferred charge by raising it in the budget, by collecting a grant, by selling bonds, by issuing loans or by capital lease purchase agreements.

- E. Other significant accounting policies include:

Management Estimates - The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of revenues and expenditures/expenses during the reporting period. Actual results could differ from those estimates.

Cash and Cash Equivalents - Amounts include petty cash, change funds, amounts on deposit, and short-term investments with original maturities of three months or less.

Investments - Investments are stated at cost or amortized cost, which approximates market.

Grants Receivable - Grants receivable represent total grant awards less amounts collected to date. Because the amount of grants funds to be collected are dependent on the total costs eligible for reimbursement, the actual amount collected may be less than the total amount awarded.

Allowance for Uncollectible Accounts - No allowance for uncollectible accounts has been recorded as all amounts are considered collectible.

Compensated Absences - Expenditures relating to unused vested accumulated vacation and sick pay are not recorded until paid.

Foreclosed Property - Foreclosed property is recorded in the Current Fund at the assessed valuation when such property was acquired, and is fully reserved.

Interfunds - Interfund receivables in the Current Fund are recorded with offsetting reserves which are created by charges to operations. Income is recognized in the year the receivables are liquidated. Interfund receivables in the other funds are not offset by reserves.

NOTES TO FINANCIAL STATEMENTS  
YEAR ENDED DECEMBER 31, 2010  
(Continued)

Note 1: Summary of Significant Accounting Policies (Cont'd)

E. Other significant accounting policies include: (Cont'd)

Inventories of Supplies - The cost of inventories of supplies for all funds are recorded as expenditures at the time individual items are purchased. Except for the Water Utility Operating Fund, where the value of inventory is offset by a reserve, the cost of inventories is not included on the various balance sheets.

General Fixed Assets (Unaudited) - Property and equipment purchased by the Current and Capital Funds are recorded as expenditures at the time of purchase and are not capitalized.

General fixed assets are recorded at cost except for land and buildings, which are recorded at estimated historical cost. Infrastructure assets are not included in general fixed assets, as per state directive. Major renewals and betterments are charged to the asset accounts; maintenance and minor repairs and replacements, which do not improve or extend the lives of the respective assets, are expensed currently. Donated fixed assets are valued at their fair market value on the date donated. No depreciation has been provided on general fixed assets. The total value recorded for general fixed assets is offset by a "Reserve for General Fixed Assets". When properties are retired or otherwise disposed of, the asset and the reserve are adjusted accordingly. Assets recorded in the General Fixed Assets Account Group may also be recorded in the Current, General Capital and Water Utility Funds. The values recorded in the General Fixed Assets Account Group and the Current, General Capital and Water Utility Funds may not always agree due to differences in valuation methods, timing of recognition of assets and the recognition of infrastructures. Capital assets are reviewed for impairment.

Property and equipment purchased by the Water Utility Fund are recorded in the Water Utility Capital account at cost and are not adjusted for dispositions and abandonments. The amounts shown do not purport to represent replacement costs or current value. Contributions in aid of construction are not capitalized. The balances in the Reserve and Deferred Reserve for Amortization accounts in the Water Utility Capital Fund represent charges to operations for the costs of acquisitions of property, equipment and improvements. The Water Utility Fund does not record depreciation on fixed assets.

- F. Budget/Budgetary Control - Annual appropriated budgets are usually prepared in the first quarter for the Current and Water Utility Operating Funds. The budgets are submitted to the governing body and the Division of Local Government Services. Budgets are prepared using the cash basis of accounting. The legal level of budgetary control is established at the line item accounts within each fund. Line item accounts are defined as the lowest (most specific) level of detail as established pursuant to the flexible chart of accounts referenced in N.J.S.A. 40A. All budget amendments/transfers must be approved by the Township during the year.

Note 2: Long-Term Debt

The Local Bond Law governs the issuance of bonds to finance general Township capital expenditures. All bonds are retired in serial installments within the statutory period of usefulness. All bonds issued by the Township are general obligation bonds. The Township's full faith and credit and taxing power has been pledged to the payment of the general obligation debt principal and interest.

NJ Environmental Infrastructure Trust (NJEIT) Loans

In 1997, the Township of Nutley entered into two loan agreements with the State of New Jersey, acting by and through a NJ Department of Environmental Protection Fund (the "Fund"), and the NJ Environmental Infrastructure Trust (the "Trust"), in the revised aggregate amount of \$3,590,000, which represents direct obligations of the Township. The loan agreements were obtained to finance a portion of the costs of the Nutley quarry truck sanitary sewer replacement project.

At December 31, 2010, the Township had borrowed or "drawn down" \$3,247,834 for these projects. The difference or unspent proceeds of the "Fund" have been reduced from future debt service payments. Principal payments to the "Fund" commenced August 1, 1998, and will continue on a semiannual basis over 20 years at zero interest. Principal payments to the "Trust" commenced on August 1, 1998 and will continue on a semiannual basis over 20 years. It is expected that interest will be paid from trust bond proceeds on deposit in the capitalized interest account (as defined in the bond resolution), and earnings thereon on the debt service reserve fund (as defined in the bond resolution) transferred to such capitalized interest account. The Township will nonetheless be responsible for all such interest payments to the extent such trust bond proceeds and interest earnings are not available from the capitalized interest account.

NJ Department of Environmental Protection (NJDEP) Green Acres Loan

This program was developed by the New Jersey Department of Environmental Protection to provide low interest loans to local governments for the acquisition, preservation and improvement of land for recreation. At December 31, 2010, the loan balance was \$501,250. Payments of principal and interest on the loan commence April 2, 2011 and are to continue on a semi-annual basis over a period of 20 years. Interest on the loan is at the rate of 2% annually on the outstanding balance.

The above loan balances as of the end of the year are as follows:

General Capital Fund:

NJ Environmental Infrastructure Trust Loan	\$ 770,000
NJ Environmental Infrastructure Fund Loan	249,518
	\$ 1,019,518
	\$ 501,250

NJ Department of Environmental Protection Green Acres Loan

Note 3: Fund Balances Appropriated

Fund balances at December 31, 2010 which were appropriated and included as anticipated revenue in their own respective funds in the introduced budget for the year ending December 31, 2011 are as follows:

Current Fund	\$ 3,900,000
Water Utility Operating Fund	373,300

Note 4: Deferred Charges to be Raised in Succeeding Years

Certain expenditures are required to be deferred to budgets of the exceeding years. At December 31, 2010, the following deferred charge is shown on the balance sheet of the following fund:

	Balance Dec. 31, 2010	2011 Budget Appropriation	Balance Deferred to Succeeding Years' Budgets
Current Fund:			
Special Emergency Appropriation - (N.J.S.A. 40A:4-53)	\$ 60,000.00	\$ 20,000.00	\$ 40,000.00

The 2011 Budget Appropriation is not less than that required by statute.

Note 5: Local School District Taxes

Regulations provide for the deferral of not more than 50% of the annual levy when school taxes are raised for a school year and have not been requisitioned by the school district.

The Township of Nutley has elected not to defer school taxes.

Note 6: Pension Plans

Township employees are enrolled in one of two cost sharing multiple-employer public employee retirement systems: the Public Employees' Retirement System (PERS) or the Police and Firemen's Retirement System (PFRS) of New Jersey. The State of New Jersey sponsors and administers these two plans which cover substantially all Township employees. As a general rule, all full-time employees are eligible to join one of the two public employee retirement systems. Several retired Township police and firemen are enrolled in the Consolidated Police and Firemen's Pension Fund (CPFPPF) of New Jersey.

Employees who are members of PERS and retire at or after age 55 are entitled to a retirement benefit based upon a formula which takes 1/55th of the average annual compensation for the highest three fiscal year's compensation for each year of membership during years of creditable service. Vesting occurs after 8 to 10 years of service. Enrolled PFRS members may retire at age 55 with a minimum of 10 years of service required for vesting.

The State of New Jersey, Department of the Treasury, Division of Pensions and Benefits, issues publicly available financial reports that include the financial statements and required supplementary information of the above systems. The financial reports may be obtained by writing to the State of New Jersey, Department of the Treasury, Division of Pensions and Benefits, PO Box 295, Trenton, New Jersey 08625-0295.

Note 6: Pension Plans (Cont'd)

The contribution policy is set by New Jersey State Statutes and contributions are required by active members and contributing employers. Plan member and employer contributions may be amended by State of New Jersey legislation. Employee contributions are based on percentages of 5.5% for PERS and 8.5% for PFRS of employees' annual compensation, as defined. There are no active members in the CPFPPF. Employers are required to contribute at an actuarially determined rate in the three Funds. The actuarially determined employer contribution includes funding for cost-of-living adjustments and noncontributory death benefits. In the PERS, the employer contribution includes funding for post-retirement medical premiums.

Township contributions to PFRS amounted to \$2,325,180, \$1,835,614 and \$1,847,860 for 2010, 2009 and 2008, respectively. Township contributions to PERS amounted to \$726,735, \$657,887 and \$582,919 for 2010, 2009 and 2008, respectively. The annual pension cost ("APC") for PERS differed from the net pension obligation ("NPO") due to the enactment of Chapter 114, P.L. 1997 for 2008 as the APC was 728,649 and the NPO was \$582,919.

Note 7: Accrued Sick, Vacation and Compensatory Time Benefits

The Township permits employees to accrue a limited amount of unused vacation, sick and compensatory time pay, which may be taken as time off or paid at a later date at an agreed-upon rate. It is estimated that the current cost of such unpaid compensation would approximate \$2,243,670. This amount is not reported either as an expenditure or a liability. However, it is expected that the cost of such unpaid compensation would be included in the Township's budget operating expenditures in the year in which it is used and/or charged. This amount is partially reserved in the Reserve for Accrued Sick and Vacation Pay of \$53,898 reflected on the Other Trust Funds' balance sheet as of December 31, 2010.

Note 8: Post-Retirement Medical Benefits

In addition to the pension benefits described in Note 6, the Township provides other post-retirement benefits to certain Township employees after retirement, substantially similar in nature to the health benefits provided to employees presently working.

The Township contributes to the State Health Benefits Program (SHBP), a cost-sharing, multiple-employer defined benefit post-employment healthcare plan administered by the State of New Jersey Division of Pensions and Benefits. SHBP was established in 1961 under N.J.S.A. 52:14-17.25 et seq. to provide health benefits to State employees, retirees, and their dependents.

The SHBP was extended to employees, retirees, and dependents of participating local public employers in 1964. Local employers must adopt a resolution to participate in the SHBP.

Note 8: Post Retirement Medical Benefits (Cont'd)

In accordance with the Township's resolution, Township employees are entitled to the following benefits:

Municipal, Police and Fire Employees

Upon retirement, employees with twenty-five (25) years of full-time service with the Township will receive full benefits. The coverage applies to the employee and their dependents. In the event of an employee's death, coverage ceases.

Rules governing the operation and administration of the program are found in Title 17, Chapter 9 of the New Jersey Administrative Code. SHBP provides medical, prescription drugs, mental health/substance abuse, and Medicare Part B reimbursement to retirees and their covered dependents.

The State Health Benefits Commission is the executive body established by statute to be responsible for the operation of the SHBP. The State of New Jersey Division of Pensions and Benefits issues a publicly available financial report that includes financial statements and required supplementary information for the SHBP. That report may be obtained by writing to:

State of New Jersey Division of Pensions and Benefits, P.O. Box 295, Trenton, NJ 08625-0295.

Participating employers are contractually required to contribute based on the amount of premiums attributable to their retirees. Post-retirement medical benefits under the plan have been funded on a pay-as-you-go basis since 1994. Prior to 1994, medical benefits were funded on an actuarial basis.

Contributions to pay for the health premiums of participating retirees in the SHBP are billed to the Township on a monthly basis. The Township's portion of post-retirement benefits is funded on a pay-as-you-go basis from the Current Fund operating budget.

The Township contributions to SHBP for the years ended December 31, 2010, 2009 and 2008, were approximately \$1,555,626, \$1,476,812, and \$1,412,441, respectively, which equaled the required contributions for each year. There were 104 retired participants eligible at December 31, 2010, 2009 and 2008, respectively.

The Township also provides a fully paid family dental plan to retired police and firemen and their dependents until they reach the age of 65.

The Township's portion of post-retirement dental benefits is funded on a pay-as-you-go basis from the Current Fund operating budget. The Township contributions for post-retirement dental benefits the years ended December 31, 2010, 2009 and 2008, were approximately \$44,526, \$30,950 and \$31,288, respectively, which equaled the required contributions for each year. There were 40, 30 and 31 retired participants eligible at December 31, 2010, 2009 and 2008, respectively.

Note 9: Deferred Compensation Plan

The Township offers its employees a choice of two deferred compensation plans (the "plans") created in accordance with Section 457 of the Internal Revenue Code. The plans, which are administered by Nationwide and Citistreet, are available to all Township employees and permit participants to defer a portion of their salary until future years. The deferred compensation is not available to employees until termination, retirement, unforeseeable emergency or upon death to their beneficiaries.

Note 10: Selected Tax Information

Property taxes are levied as of January 1 on property values assessed as of the previous calendar year. The tax levy is divided into two billings. The first billing is an estimate of the current year's levy based on the prior year's taxes. The second billing reflects adjustments to the current year's actual levy. The final tax bill is usually mailed on or before June 14th, along with the first half estimated tax bills for the subsequent year. The first half estimated taxes are divided into two due dates, February 1 and May 1. The final tax bills are also divided into two due dates, August 1 and November 1. A ten-day grace period is usually granted before the taxes are considered delinquent and the imposition of interest charges. A penalty may be assessed for any unpaid taxes in excess of \$10,000 at December 31 of the current year. Unpaid taxes of the prior year may be placed in lien at a tax sale held after April 1 and through December 31. Unpaid taxes of the current year may be placed in lien at a tax sale held after December 10.

Comparison of Tax Levies and Collections Currently

A study of this tabulation could indicate a possible trend in future tax levies. A decrease in the percentage of current collection could be an indication of a probable increase in future tax levies.

<u>Year</u>	<u>Tax Levy</u>	<u>Currently</u>	
		<u>Cash Collections</u>	<u>Percentage of Collection</u>
2010	\$ 104,053,409	\$ 101,872,041	97.90%
2009	98,917,056	96,961,181	98.02%
2008	95,792,063	93,893,662	98.01%

Also, increases in future tax levies can also be warranted if revenue sources outside of those directly generated by the municipality, such as federal or state aid, should decline without corresponding decreases in budgeted expenditures.

Note 11: Cash and Cash Equivalents and Investments

Cash and cash equivalents include petty cash, change funds, amounts in deposits, money market accounts, and short-term investments with original maturities of three months or less.

Investments are stated at cost, which approximates market. The Township classifies certificates of deposit which have original maturity dates of more than three months but less than twelve months from the date of purchase, as investments.

GASB Statement No. 40, *Governmental Accounting Standards Board Deposit and Investment Risk Disclosures*, requires disclosure of the level of custodial credit risk assumed by the Township in its cash, cash equivalents and investments, if those items are uninsured or unregistered. Custodial credit risk is the risk that in the event of a bank failure, the government's deposits may not be returned.

Interest Rate Risk – In accordance with its cash management plan, the Township ensures that any deposit or investment matures within the time period that approximates the prospective need for the funds, deposited or invested, so that there is not a risk to the market value of such deposits or investments.

Credit Risk – The Township limits its investments to those authorized in its cash management plan which are those permitted under state statute as detailed on the following pages.

The market value of the collateral must equal 5% of the average daily balance of public funds on deposit.

In addition to the above collateral requirement, if public funds deposited exceed 75% of the capital funds of the depository, the depository must provide collateral having a market value at least equal to 100% of the amount exceeding 75%.

All collateral must be deposited with the Federal Reserve Bank, the Federal Home Loan Bank Board or a banking institution that is a member of the Federal Reserve System and has capital funds of not less than \$25,000,000.

Investments:

New Jersey statutes permit the Township to purchase the following types of securities:

- (1) Bonds or other obligations of the United States of America or obligations guaranteed by the United States of America;
- (2) Government money market mutual funds;
- (3) Any obligation that a federal agency or a federal instrumentality has issued in accordance with an act of Congress, which security has a maturity date not greater than 397 days from the date of purchase, provided that such obligation bears a fixed rate of interest not dependent on any index or other external factor;
- (4) Bonds or other obligations of the local unit or bonds or other obligations of school districts of which the local unit is a part or within which the school district is located;
- (5) Bonds or other obligations, having a maturity date not more than 397 days from the date of purchase, approved by the Division of Investment of the Department of the Treasury for investment by local units;

New Jersey Unemployment Compensation Insurance

The Township has elected to fund its New Jersey Unemployment Compensation Insurance under the "Benefit Reimbursement Method". Under this plan, the Township is required to reimburse the New Jersey Unemployment Trust Fund for benefits paid to its former employees and charged to its account with the State. The Township is billed quarterly for amounts due to the State.

The following is a summary of Township and employee contributions, interest earnings and reimbursements to the State for benefits paid and the ending balance of the Township's expendable trust fund for the current and previous two years:

<u>Year</u>	<u>Township Contributions</u>	<u>Employee Contributions</u>	<u>Interest Earnings</u>	<u>Amount Reimbursed</u>	<u>Ending Balance</u>

Note 14: Fixed Assets (Unaudited)

The following schedule is a summarization of general fixed assets for the fiscal year ended December 31, 2010:

	<u>Balance Dec. 31, 2009</u>	<u>Additions</u>	<u>Disposals</u>	<u>Balance Dec. 31, 2010</u>

	<u>\$ 31,786,885</u>	<u>\$ 94,514</u>	<u>\$ -0-</u>	<u>\$ 31,881,399</u>

Note 15: Economic Dependency

The Township receives a substantial amount of its support from federal and state governments. A significant reduction in the level of support, if this were to occur, may have an effect on the Township's programs and activities.

TOWNSHIP OF NUTLEY  
NOTES TO FINANCIAL STATEMENTS  
YEAR ENDED DECEMBER 31, 2010  
(Continued)

Note 16: Contingencies

The Township is periodically involved in various lawsuits arising in the normal course of business, including claims for property damage, personal injury, and various contract disputes. The Township vigorously contests these lawsuits and believes the ultimate resolution will not have a material adverse effect on their financial position.

Amounts received or receivable from grantors, principally the federal and state governments are subject to regulatory requirements and adjustments by the agencies. Any disallowed claims, including amounts previously recognized by the Township as revenue would constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantors cannot be determined at this time, although Township officials expect such amounts, if any, to be immaterial.

Various tax appeals on assessed valuations have been filed against the Township and are awaiting tax court decisions. The ultimate outcome and effect of such appeals have not been determined; however, the Township Tax Assessor will aggressively defend the Township's assessments. The Township has established a reserve, which it feels is sufficient, for this contingency in the amount of \$475,000.

Hoffman-LaRoche, Inc. ("HLR") made overpayment to the Township for sewerage charges in the amount of \$750,000. At December 31, 2010, \$450,000 of the overpayment due to HLR remained unfunded and is payable over a period of nine years and is not expected to have a material adverse effect on the Township's financial position.

Note 17: Public Assistance Fund

The Township passed a resolution on March 23, 2010 in which the administration of and the cost of administration of the Public Assistance Trust Fund II assistance program was transferred to the County Welfare Agency effective July 1, 2010.

Independent Auditors' Report on Internal Control Over Financial Reporting and  
 on Compliance and Other Matters Based on an Audit of Financial Statements  
 Performed in Accordance with *Government Auditing Standards*

The Honorable Mayor and Members  
 of the Board of Commissioners  
 Township of Nutley  
 Nutley, New Jersey

We have audited the financial statements of the Township of Nutley, in the County of Essex (the "Township") as of, and for the years ended, December 31, 2010 and 2009 and have issued our report thereon dated May 20, 2011, which indicated that the financial statements have been prepared on an other comprehensive basis of accounting, and was qualified as the scope of our audit did not include the general fixed assets account group. We conducted our audits in accordance with auditing standards generally accepted in the United States of America, audit requirements prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Township's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing our opinion on the effectiveness of the Township's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Township's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Township's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of the internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above. However, we identified a certain deficiency in internal control over financial reporting, described in the accompanying Schedule of Findings and Questioned Costs as Finding 2010-01 that we consider to be a significant deficiency in internal control over financial reporting. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

The Honorable Mayor and Members  
of the Board of Commissioners  
Township of Nutley  
Page 2

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Township's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*. However, we noted certain matters that we reported to management in the "Comments and Recommendations" section of this report.

The Township's response to the finding identified in our audit is described in the accompanying Schedule of Findings and Questioned Costs. We did not audit the Township's response and, accordingly, we express no opinion on it.

This report is intended solely for the information and use of management, the Mayor and Members of the Board of Commissioners, others within the Township and to meet the requirements for filing with the Division of Local Government Services, federal and state awarding agencies and pass-through entities, and is not intended to be, and should not be, used by anyone other than these specified parties.

Independent Auditors' Report on Compliance with Requirements That Could  
 Have a Direct and Material Effect on Each Major Program and on Internal Control  
 Over Compliance in Accordance with OMB Circular A-133

The Honorable Mayor and Members  
 of the Board of Commissioners  
 Township of Nutley  
 Nutley, New Jersey

Compliance

We have audited the compliance of the Township of Nutley in the County of Essex (the "Township") with the types of compliance requirements described in the US Office of Management and Budget (OMB) *Circular A-133 Compliance Supplement* that could have a direct and material effect on its major federal program for the year ended December 31, 2010. The Township's major federal program is identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts, and grants applicable to its major federal program is the responsibility of the Township's management. Our responsibility is to express an opinion on the Township's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; audit requirements prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey (the "Division"); the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States and OMB Circular A-133, *Audits of States, Local Governments and Nonprofit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Township's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on the Township's compliance with those requirements.

In our opinion, the Township complied, in all material respects, with the requirements referred to above that could have a direct and material effect on its major federal program for the year ended December 31, 2010.

The Honorable Mayor and Members  
of the Board of Commissioners  
Township of Nutley

### Internal Control Over Compliance

The management of the Township is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts and grants applicable to federal and state programs. In planning and performing our audit, we considered the Township's internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing our opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Township's internal control over compliance.

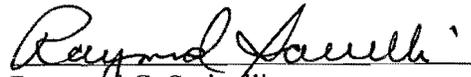

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal or state program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal or state program will not be prevented, or detected and corrected, on a timely basis.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

This report is intended solely for the information and use of management, the Mayor and Members of the Board of Commissioners, and to meet the requirements for filing with the Division of Local Government Services, and other federal and state awarding agencies and pass-through entities, and is not intended to be, and should not be, used by anyone other than these specified parties.

TOWNSHIP OF NUTLEY  
SCHEDULE OF FINDINGS AND QUESTIONED COSTS  
YEAR ENDED DECEMBER 31, 2010  
(Continued)

Findings Relating to the Financial Statements which are required to be Reported in Accordance with Generally Accepted Government Auditing Standards:

- The audit did not disclose any findings required to be reported under Generally Accepted Government Auditing Standards, except as follows:

Finding 2010-1:

Segregation of Duties

The Township does not maintain an adequate segregation of duties with respect to the payroll and general ledger functions. Segregation of duties refers to separating those functions that place too much control over a transaction or class of transactions that would enable a person to perpetuate errors and prevent detection within a reasonable period of time. The preparation of the general ledger for the various funds, the processing of payroll and the preparation of the quarterly payroll reports are performed by the Chief Financial Officer. This is due to the position of Payroll Clerk currently being vacant and sufficient personnel to perform the general ledger functions. Accordingly, management and the Board of Commissioners should be aware of this situation and realize that the concentration of duties and responsibilities in a limited number of individuals is not desirable from a control point of view.

Management's Response:

Due to budgetary constraints, the Township is currently evaluating whether or not the vacancy will be filled or if duties of current personnel will be modified in order to achieve an adequate segregation of duties with regard to the payroll and preparation of the general ledger functions.

Findings and Questioned Costs for Federal Awards:

- The audit did not disclose any findings or questioned costs for federal awards as defined in section 510(a) of Federal OMB Circular A-133.

Findings and Questioned Costs for State Awards:

- Not Applicable since state expenditures were below the single audit threshold.

TOWNSHIP OF NUTLEY

" When the cost or price of any contract awarded by the contracting agent in the aggregate does not exceed in a contract year the total sum of \$17,500, the contract may be awarded by a purchasing agent when so authorized by ordinance or resolution, as appropriate to the contracting unit, of the governing body of the contracting unit without public advertising for bids, except that the governing body of any contracting unit may adopt an ordinance or resolution to set a lower threshold for the receipt of public bids or the solicitation of competitive quotations. If the purchasing agent is qualified pursuant to subsection b. of section 9 of P.L. 1971, C.198 (N.J.S. 40A:11-9), the governing body of the contracting unit may establish that the bid threshold may be up to \$25,000. Such authorization may be granted for each contract or by a general delegation of the power to negotiate and award such contracts pursuant to this section.

b. Any contract made pursuant to this section may be awarded for a period of 24 consecutive months, except that contracts for professional services pursuant to subparagraph (i) of paragraph (a) of subsection (1) of section 5 of P.L. 1971, C.198 (N.J.S. 40A:11-5) may be awarded for a period not exceeding 12 consecutive months. The Division of Local Government Services shall adopt and promulgate rules and regulations concerning the methods of accounting for all contracts that do not coincide with the contracting unit's fiscal year.

c. The Governor, in consultation with the Department of the Treasury, shall, no later than March 1 of every fifth year beginning in the fifth year after the year in which P.L. 1999, C.440 takes effect, adjust the threshold amount and the higher threshold amount which the governing body is permitted to establish, as set forth in subsection a. of this section, or the threshold amount resulting from any adjustment under this subsection, in direct proportion to the rise or fall of the index rate as that term is defined in section 2 of P.L. 1971, C.198 (N.J.S. 40A:11-2), and shall round the adjustment to the nearest \$1,000. The Governor shall, no later than June 1 of every fifth year, notify each governing body of the adjustment. The adjustment shall become effective on July 1 of the year in which it is made."

N.J.S. 40A:11-4 states: "Every contract awarded by the contracting agent for the provision or performance of any goods or services, the cost of which in the aggregate exceeds the bid threshold, shall be awarded only by resolution of the governing body of the contracting unit to the lowest responsible bidder after public advertising for bids and bidding therefore, except as is provided otherwise in this act or specifically by any other law. The governing body of a contracting unit may, by resolution approved by a majority of the governing body and subject to subsections b. and c. of this section, disqualify a bidder who would otherwise be determined to be the lowest responsible bidder, if the governing body finds that it has had prior negative experience with the bidder."

Effective July 1, 2005 and thereafter, the bid threshold in accordance with N.J.S. 40A:11-3 and 40A:11-4 (as amended) is \$21,000 and with a qualified purchasing agent the bid threshold may be up to \$29,000.

Effective July 1, 2010 and thereafter, the bid threshold in accordance with N.J.S. 40A:11-3 and 40A:11-4 (as amended) is \$26,000 and with a qualified purchasing agent the bid threshold may be up to \$36,000.

The governing body of the Township of Nutley has the responsibility of determining whether the expenditures in any category will exceed the bid threshold within the fiscal year and where question arises as to whether any contract or agreement might result in violation of the statute, the Township Attorney's opinion should be sought before a commitment is made.

Contracts and Agreements Required to be Advertised for N.J.S.A. 40A:11-4 (Cont'd)

The minutes indicated that bids were requested by public advertising per N.J.S. 40A:11-4. The minutes also indicated that resolutions were adopted and advertised authorizing the awarding of contracts or agreements for "Professional Services" or "Extraordinary Unspecifiable Services" in accordance with N.J.S. 40A:11-5.

Inasmuch as the system of records did not provide for an accumulation of payments for categories for the performance of any work or the furnishing or hiring of any materials or supplies, the results of such an accumulation could not reasonably be ascertained. Disbursements were reviewed, however, to determine whether any clear-cut violations existed. None were noted.

Collection of Interest on Delinquent Taxes and Assessments

The statute provides the method for authorizing interest and the maximum rates to be charged for the nonpayment of taxes or water rents on or before the date when they would become delinquent.

On January 7, 2010, the governing body adopted a resolution authorizing interest to be charged on delinquent taxes and water rents at the rate of 8% per annum. An additional penalty of 6% will be imposed on delinquencies in excess of \$10,000.

It appears from an examination of the Collector's records that interest was collected in accordance with the foregoing resolution.

Delinquent Taxes and Tax Title Liens

The last tax sale was held on December 9, 2010 and was complete with respect to all items eligible for sale.

The following comparison is made of the number of tax title liens receivable on December 31, of the last three years:

<u>Year</u>	<u>Number of Liens</u>
2010	0

Tax Collector

During 2010, tax overpayments from prior years were researched and some were resolved. However, at December 31, 2010, approximately 52% of overpayments were from December 31, 2009 or prior, which also were being actively investigated. While no formal recommendation is required, the tax department should continue to monitor and resolve all tax overpayments.
