**Open to children  
in Grades 3-6**  
(Group size limited to 8 kids)

**Location:**  
**Grace N. Rogers School**

**Dates:**  
**Nov. 18 & 25,**  
**Dec. 2 & 9**

Games are a great way to connect with children. The best games for kids are those that build on the child's interests while encouraging active participation & communication.

In our club we play many different interactive games to promote perspective taking, and to support problem solving, cooperation, turn taking and dealing with a variety of emotions.

Games are a terrific way to facilitate social thinking and develop social skills, while having fun learning with new friends.
