

KINNELON BOROUGH RECEIVES SUSTAINABLE JERSEY CERTIFICATION

On October 22, 2013, the Borough of Kinnelon received word from Sustainable Jersey that our application for bronze certification had been approved. This marked the end of almost three years of work by the Kinnelon Sustainable Jersey Advisory Committee and the Kinnelon Municipal Green Team.

Our application is now open for public reading and can be found on the Sustainable Jersey website under Participating Communities. Click on the balloon that says Kinnelon Boro and you will be able to read about each action and the steps taken to fulfill the requirements.

All residents can be very proud of our town as we are one of 139 New Jersey communities out of 566 to have achieved the bronze status. Now we will be able to apply for sustainability grants for further projects. If any Kinnelon resident is interested in helping our community to continue on the road to sustainability, please contact Gary Moleta or Carol Vreeland at 973-838-5401. A community effort is the ultimate goal.
