On October 13, 2016 patrol units from the Kinnelon Police Department were dispatched to a private residence for a Domestic Dispute. Upon arrival at the home Sergeant Mucci and Patrolman Ferriola were met by a female who reported that her 28 year old boyfriend, whom she was fighting with, had just left the house. The male was angry, intoxicated and left with a large kitchen knife. As the officers were interviewing the female outside the home the boyfriend very quickly pulled into the driveway with his vehicle. The man exited the car with his wrist cut and holding the large kitchen knife. He began aggressively approaching both officers. The male immediately yelled to his girlfriend who was on the porch of the home "You want to see suicide by cop?" Both officer drew their handguns and Sergeant Mucci instructed the male to drop the knife multiple times. Each time the male responded "Nope" and continued at the officers. The girlfriend was also yelling at the male to put down the knife. Both officers retreated behind their patrol cars as the male kept approaching. Patrolman Ferriola transitioned from his handgun to his patrol rifle. It was at this time the male stopped his approach and threw down the knife. The subject was then taken into custody, treated for his wound and transported to the hospital.

Sergeant Mucci and Patrolman Ferriola showed tremendous restraint in dealing with an armed suicidal subject. For their act of outstanding personal bravery, intelligently performed in the line of duty at imminent personal hazard of life under circumstances evincing a disregard of personal circumstances, I respectfully award Sergeant Mucci and Patrolman Ferriola the Kinnelon Medal of Merit.

On November 10, 2017 at 4:05am Kinnelon patrols were dispatched to an unknown disturbance at a home in Kinnelon. Patrolman Matthew Solari arrived first turning onto a very short cul-de-sac with Sergeant Christopher Mucci right behind him. They observed a bloody shirtless male speaking to a woman on the lawn of one of the homes. This male immediately ran at Patrolman Solari's patrol car and smashed the front windshield with an object. Patrolman Solari attempted to reverse and retreat but Sergeant Mucci's car was behind him. At this point Patrolman Solari attempted to drive around the male who jumped in front of Patrolman Solari's car and was run over. The male then got up and ran into his house. The female on the lawn was the male's mother. She was holding several kitchen knives. She stated that she was woken up by her son attempting to kill himself. He had cut his throat and wrists and had stabbed himself several times.

The male then exited the house with a large pair of scissors and ran again at Patrolman Solari who at this point was outside his patrol car. Both Patrolman Solari and Sergeant Mucci had their handguns drawn and were giving the male verbal commands to drop the scissors. Patrolman Douglas Shortway had arrived on scene and had deployed his patrol rifle, taking a clear position in case he was forced to fire. At one point the mother of the male got between Sergeant Mucci and the male and was in the direct line of fire. Patrolman Solari retreated around his patrol car keeping it in between him and the male. The male then threw the scissors at Patrolman Solari then turned and ran directly at Patrolman Shortway who was pointing his patrol rifle at him. It was at this point the Patrolman Solari holstered his weapon, ran and tackled the male before he reached Patrolman Shortway. The male was then taken into custody.

The male had been smoking marijuana and was under the influence of LSD. When he arrived at the hospital for his injuries he was rushed to surgery. The male had cut his own neck through to his trachea. He also had two dislocated ankles from where the patrol car ran him over. The rest of his injuries were superficial. January 17, 2019

Sergeant Mucci, Patrolman Solari and Patrolman Shortway showed tremendous restraint in dealing with an armed suicidal subject. For this act of outstanding personal bravery, intelligently performed in the line of duty at imminent personal hazard of life under circumstances evincing a disregard of personal circumstances, , I am respectfully awarding Patrolman Mathew Solari Kinnelon Medal of Merit. For a creditable act in the line of Duty, showing initiative and accomplishment, I am also respectfully awarding Sergeant Christopher Mucci and Patrolman Douglas Shortway an Honorable Service Bar.

On February 21, 2018 at 8:08am patrols received a 911 call of a subject who fell through the ice and was currently in the water unable to get out. Lieutenant Joseph Napoletano, Patrolwomen Melissa Huizenga and Patrolman Keith Kelly walked into a wooded area off of the Butler Reservoir and found a 59 year old male flailing in the water attempting to get himself back onto the ice. The male was approximately 30 yards off shore and in the water for approximately 15 minutes. Lt. Napoletano crawled out onto the ice and attempted to have the male grab a stick. He was unable to pull himself onto the ice so Lt. Napoletano crawled out further grabbing the man's hand. Lt. Napoletano was able to pull the male onto the ice and crawl back to shore with him. Lt. Napoletano then started to throw a rescue rope to a dog that was also in the water. The dog was in the water for approximately 30 minutes and was having a difficult time staying above water. Lt. Napoletano crawled back onto the ice and was able to grab the dog with a catch all pole. He pulled the dog onto the ice and was able to reunite it with its owner. For this act performed in the line of duty which through disregard of personal safety in saving a life, I respectfully award Lt. Joseph Napoletano the Kinnelon Life Saving Award.

On May 4, 2018 at 7:42pm Patrolman Douglas Shortway was dispatched to a residence on Kinnelon Road to investigate a suspicious vehicle. Upon arrival Ptl. Shortway observed a vehicle with New York license plates parked in the driveway with its hood and driver's side door open. Shortly after Detective Sergeant David Crouthamel arrived to assist. As they were investigating the vehicle the next door neighbor came running over to them yelling that someone was in his house.

DSGT. Crouthamel and Ptl. Shortway entered the home and were met by the female homeowner and her two children running out of the home. They were escorted out of the home to a safe location and DSGT. Crouthamel went back in. They found a 32 year old NY man inside the home. The male refused to follow verbal commands and was taken to the ground and handcuffed by the officers. A search of the male found that he was in possession of Jewelry, check book and other items belonging to the homeowner. The male was charged with Burglary and Theft and transported to the Morris County Jail

For this act performed in the line of duty which displayed an intelligent and valuable police service demonstrating special faithfulness or perseverance resulting in the arrest of a burglary suspect, I respectfully award Detective Sergeant David Crouthamel and Patrolman Douglas Shortway the Kinnelon Exceptional Duty Bar.

Dear Mr. ^{Vince} Russo:

We are pleased to announce that your Alliance is eligible to receive an allocation of **\$10,455.00** for Fiscal Year 2020, based on the funding formula used by the County of Morris. Your award amount is contingent upon receipt of a formal award letter from the Governor's Council on Alcoholism and Drug Abuse (GCADA).

Please see the information below regarding the application process for Fiscal Year 2020.

Fiscal Year 2020 (July 1, 2019 – June 30, 2020):

Fiscal Year 2020 will be a renewal application. ONLY Forms 1A, 1B, 1C, 1D and Form 8 (budget form) need to be submitted. In order to be considered for funding for Fiscal Year 2020 these five forms must be submitted in their entirety, including a Municipal resolution from each of the municipalities that make-up your respective Alliance. If your Alliance is made up of more than one municipality, each participating town must submit a resolution (Form 1B).

Please note that any proposed budget and/or programmatic changes must utilize the program modification request form. The writable version of the required forms can be found on the GCADA website (<http://gcada.nj.gov/alliance/forms/>) and have been e-mailed to you as well. These are the same forms that were used for Fiscal Year 2019, so you may just have to update as appropriate.

Critical Habitat Goals, Policies, and Objectives

Subpart D Critical Habitat (pg. 147 – 157)

GOAL 1F: PROTECTION AND ENHANCEMENT OF CRITICAL WILDLIFE HABITATS, SIGNIFICANT NATURAL AREAS, AND VERNAL POOLS.

Policy 1F1: Critical Habitat shall be:

1. Critical Wildlife Habitat, defined as those areas within the NJDEP's Landscape Project Version 3 that are Landscape Rank 3 through 5 and Landscape Rank 2 with Highlands Conservation Rank of Critically Significant or Significant.
 - a. Landscape Rank 5 – Habitat supporting a federally listed threatened or endangered species;
 - b. Landscape Rank 4 – Habitat supporting a species designated as State Endangered;
 - c. Landscape Rank 3 – Habitat supporting a species designated as State Threatened; and

- d. Landscape Rank 2 – Habitat supporting a species designated as Special Concern. The Highlands Conservation Rank index for each species occurrence based upon how critical the Highlands Region is to the continued existence of the species within New Jersey. Following are the Highlands Conservation Ranks that were used:
 - i. Critically Significant (Rank 3) – If habitats in the Highlands Region were lost, that species would not exist in the State;
 - ii. Significant (Rank 2) – Highlands Region habitats play a significant role for that species' existence in the State;
2. Significant Natural Areas, defined as the 95 NJDEP Natural Heritage Priority Sites, including habitat for documented threatened and endangered plant species, and lands that include unique or regionally significant ecological communities and other significant natural sites or features; and
3. Vernal pools, defined as NJDEP-certified vernal pools plus a 1,000 foot protection buffer.

Policy 1F2: To prohibit through Plan Conformance, local development review and Highlands Project Review the direct impact of new human development or expansion or increased intensity of existing development within Critical Habitat.

Policy 1F3: To assign land within Critical Habitat a high priority for fee simple and/or easement acquisition with periodic monitoring of easement restrictions protecting Critical Habitat, species, and ecological communities from any changes in land use or management practices that would impair these resources.

Policy 1F4: To promote the restoration and enhancement of impaired lands in Critical Habitat.

Policy 1F5: To establish a Habitat Conservation and Management Program, including minimum performance standards and criteria for the protection, enhancement, and restoration of lands within Critical Habitat.

Objective 1F5a: Implement the Habitat Conservation and Management Program through a Critical Habitat Conservation and Management Plan to include performance standards to be required through local development review and Highlands Project Review.

Objective 1F5b: Establish performance standards such that all development shall employ Low Impact Development Best Management Practices to, in this order: 1) avoid the disturbance of Critical Habitat, 2) minimize impacts to Critical Habitat, and 3) mitigate all adverse modification to Critical Habitat so that there is no net loss of habitat value. Habitat value is determined by quantity (e.g., acreage), quality (e.g., core forest vs. edge forest), type (e.g., scrub-shrub), and function (e.g., winter hibernacula for timber rattlesnakes). The mitigation requirement of no net loss of habitat value shall ensure that all four elements are accounted for and included in the mitigation design. Mitigation must meet the habitat and life-cycle requirements of the specific impacted species.

Objective 1F5c: Establish performance standards that include a requirement and criteria for mitigation of disturbed Critical Habitat. Mitigation shall be required for all adverse modification to Critical Habitat so that there is no net loss of habitat value based on the criteria in Objectives 1F5a and 1F5b.

Objective 1F5d: Establish performance standards for the enhancement or restoration of historically disturbed Critical Habitat.

Objective 1F5e: The Critical Habitat Conservation and Management Plan shall include a GIS or map-series Critical Habitat Overlay District for inclusion in municipal master plans to identify Critical Habitat that highlights:

- Habitat in need of protection from fragmentation and other anthropogenic impacts
- Habitat critical to maintaining wildlife and plant populations; and
- Habitat that serves other essential ecosystem functions, including, but not limited to, carbon sequestration and ground water recharge.

Objective 1F5f: The Critical Habitat Conservation and Management Plan shall include guidelines for a municipal habitat stewardship program, including, but not limited to prevention of habitat fragmentation through open space preservation and corporate, non-profit, and community involvement in creating, protecting, and restoring habitat.

Policy 1F6: To require that applications for any local development review and Highlands Project Review for Critical Habitat be subject to minimum standards and criteria outlined in the Habitat Conservation and Management Plan.

Objective 1F6a: Prohibit direct impacts from new development or expansion or increased intensity of existing development that will jeopardize the continued existence of, or result in the likelihood of the destruction or adverse modification of Critical Habitat, except as permitted through the issuance of a waiver under Policy 7G1 or 7G2.

Objective 1F6b: Prohibit indirect impacts from activity that is off-site, adjacent to, or within Critical Habitat that will jeopardize the continued existence of, or result in the likelihood of the destruction or adverse modification of Critical Habitat, except as permitted through the issuance of a waiver under Policy 7G1 or 7G2.

Objective 1F6c: Waiver applications under Policy 7G2 for local development in a municipality with a Council-approved Critical Habitat Conservation and Management Plan shall be subject to the minimum standards and criteria for waiver provisions as set forth in the plan, to the maximum extent practicable.

Objective 1F6d: Waiver applications under Policy 7G2 for development in a municipality without a Council-approved Critical Habitat Conservation and Management Plan shall be subject to the Low Impact Development Best Management Practices required in Objective 1F5b.

Objective 1F6e: A vernal pools protection buffer may be reduced only if an applicant can demonstrate, to the satisfaction of the Highlands Council in coordination with the NJDEP's Endangered and Nongame Species Program, that the reduction is the minimum feasible and that:

- In an undisturbed wetland, documented and field-determined vernal pool-breeding wildlife require a smaller protective buffer, as documented in scientific literature; or
- Existing land uses present a significant, insurmountable and permanent barrier to the migration or viability of vernal pool-breeding wildlife that is infeasible to mitigate.

Requirements for demonstrating the above criteria shall be included in the Critical Habitat Conservation and Management Plan.

Objective 1F6f: A Critical Wildlife Habitat area or Significant Natural Area delineation may be modified if an applicant can demonstrate, to the satisfaction of the Highlands Council in coordination with the NJDEP's Endangered and Nongame Species Program or Natural Heritage Program, that:

- The nature of the site is such that it does not provide habitat for species of concern;

January 17, 2019

- The species of concern are not present on the site during any critical part of their life cycle, do not depend upon the site for food, shelter or breeding, and the habitat on the site is either unsuitable or not critical to species' recovery in the Region; or
- Existing land uses present a human, natural or development barrier to the use of the site by species of concern.

Requirements for demonstrating the above criteria shall be included in the Critical Habitat Conservation and Management Plan.

Policy 1F7: To require through local development review and Highlands Project Review that projects qualifying as major Highlands Developments, affecting or potentially affecting Critical Habitat in the Preservation Area, comply with the NJDEP Preservation Area Rules at N.J.A.C. 7:38-3.11 and with the minimum standards and criteria outlined in the Critical Habitat Conservation and Management Plan. All projects in the Preservation Area that are not major Highlands Developments shall comply with Policies 1F1 through 1F6.

Policy 1F8: To establish standards and procedures, in coordination with the NJDEP's Endangered and Nongame Species Program or Natural Heritage Program, for the identification of lands where it is necessary that Critical Wildlife Habitat, Significant Natural Areas, or vernal pool buffers be expanded in order to protect an individual species or ecological community in the event that it is determined that a larger area is required to protect the functional integrity of the habitat.

Policy 1F9: To establish standards and criteria for the identification of Critical Habitat features in coordination with the NJDEP's Endangered and Nongame Species Program or Natural Heritage Program.

GOAL 1G: INCLUSION OF CRITICAL HABITAT AREA MANAGEMENT PROGRAMS IN THE MASTER PLANS AND DEVELOPMENT REGULATIONS OF CONFORMING MUNICIPALITIES AND COUNTIES.

Policy 1G1: To require that conforming municipalities and counties identify Critical Habitat and management programs in their master plans and development regulations.

Policy 1G2: To require that conforming municipalities and counties include approved Habitat Conservation and Management Plans in master plans and development regulations.
